STATEMENT OF PURPOSE

Covenant College is a Christian institution of higher education, emphasizing liberal arts, operated by a board of trustees elected by the General Synod of the Reformed Presbyterian Church, Evangelical Synod.

The college is committed to the Bible as the Word of God written, and accepts as its most adequate and comprehensive interpretation the summary contained in the Westminster Confession of Faith and Catechisms. We acknowledge Christ preeminent as the creator of all things, as the redeemer of men fallen into sin, as the touchstone of all truth, and as the sovereign ruler over all areas of life.

The purpose of Covenant College is stated in its motto—"That in all things Christ might have the preeminence." (Colossians 1:18) To serve this end we seek to appropriate the mind of Christ so that we might characterize and respond to reality in accordance with Biblical teachings. In attempting to make a Biblically grounded frame of reference explicit and operative, we are dedicated to excellence in academic inquiry, and we desire to define all areas of the college’s structure and program according to this understanding and purpose.

With these commitments in mind we seek to work together as a college community, responsibly striving, corporately and personally, to accomplish these general aims in every area of life:

1. to see creation as the handiwork of God and to study it with wonder and respect;
2. to acknowledge the fallen nature of ourselves and of the rest of creation and to respond, in view of the renewal which begins with Christ’s redemption, by seeking to bring every thought and act into obedience to Him;
3. to reclaim the creation for God and redirect it to the service of God and man, receiving the many valuable insights into the structure of reality provided by the good hand of God through men of learning in every age, and seeking to interpret and re-form such insights according to the Scriptures;
4. to think as Christians about culture and endeavor to make it reflect our commitment to Christ in order to glorify God and promote the true advancement of men.

As an educational institution Covenant College specifically directs its efforts toward the students who enroll. Students are expected to become active participants in the general tasks outlined above. It is the college’s purpose, during the time of a student’s enrollment, to help the students make significant progress toward maturity in the following areas:

1. Identity in Christ. A Christian student is a person who is united with Christ and committed to Him. This union and commitment should lead to an understanding both of one’s sin and of one’s significance as a person redeemed by Christ, resulting in a growing awareness of purpose.
2. Christian frame of reference. A Christian student should be acquiring the ability to orient his
whole life by a perspective based on Biblical revelation. For realization of this goal the following are im-
portant:

(a) Scriptural knowledge. A Christian student should be acquiring a working knowledge of the
Scriptures, rejoicing in its promises and allowing it to direct his thoughts and actions in every area of
his life.

(b) Academic inquiry. A Christian student should be acquiring a broad appreciation of the various
aspects of creation, becoming familiar with valid methods of inquiry into each area of study. He
should be acquiring some depth in one or two academic disciplines.

(c) Analytical skills. A Christian student should be acquiring the capacity for incisive critical and
logical thinking.

(d) Communication skills. A Christian student should be acquiring the ability to communicate
ideas clearly in both speaking and writing.

(3) Service which is Christian.

(a) A Christian student should be assuming his responsibilities within a local congregation as well
as in the community of all believers. This implies that he should demonstrate a positive influence on
others while at the same time accepting their loving concern for him.

(b) A Christian student should be assuming responsibilities in society as a servant of God. This in-
volves his total life-calling to fulfill his covenantal responsibilities as succinctly summarized in Genesis
1:28 and Matthew 28:18-20, including not only his specific vocation, but all other activities as
well.

Covenant College is a Christian, liberal arts college affiliated with the Reformed Presbyterian Church, Evangelical Synod, and committed to Jesus Christ and His Kingdom. Covenant seeks to help its students understand more fully the Scriptural implications of Christ’s pre-eminence as they study the natural creation, cultivate the arts and produce sound societal relationships in business, home, school, and state. To accomplish these ends, Covenant bases its academic program on the Bible, the written Word of God.

Covenant College is in compliance with Title VI of the Civil Rights Act of 1964 and does not discriminate in admissions, financial aid or employment on the basis of race, color, or national origin.

ACCREDITATION

Covenant College is accredited by the Southern Association of Colleges and Schools.

ACADEMIC PROGRAM

The college, which has a two semester academic year and a summer program, awards Bachelor of Arts and Bachelor of Music degrees with 13 liberal arts majors and several pre-professional programs.

Off-campus Study

Covenant students have the opportunity to get part of their education in interesting off-campus study projects. They can receive credit for study at L’Abri Fellowship, archeological field work in the Holy Land with the American Institute of Holy Land Studies, or for summer overseas mission work with World Presbyterian Missions.

CAMPUS

The college was founded in 1955 and established in 1964 on Lookout Mountain in the northwest corner of Georgia, overlooking the city of Chattanooga, Tennessee.

Library

The library collection, including approximately 77,000 items, is housed in the Anna E. Kresge Library near the center of the campus. The building features a language laboratory, a center for curricular materials, an audio-visual center, and individualized study carrels throughout the stack areas. Included in the library are the beginnings of the large Stanley S. and Dorothy McVittie Kresge Collection for Christian Learning, a gathering of books and other resources chosen specifically for their ability to help students integrate their own courses of study with their Christian commitment. Also included is the T. Stanley Soltau collection of books in Bible and missions.

Residence Halls

Covenant students live in Carter Hall, the college’s main building, and a new men’s residence hall nearby. Carter Hall also contains many of the college’s classrooms, dining hall, book store, administrative offices and “The Blink,” Covenant’s unique snack bar.
**Other Facilities**

The modern physical education center contains the college gymnasium, classrooms, recreation rooms, and a weight room. Tennis courts are located at the center and near Carter Hall. The college's large athletic field for soccer and baseball is near the campus, and the swimming pool is adjacent to Carter Hall. Other campus buildings include Covenant's art workshop and the music building. Construction of a new college chapel is expected to begin this year.

Covenant manages the nearby Lookout Mountain recreation center, and the facilities there are available for student use. The chalet-style, natural stone building contains a snack bar, pool tables, electronic games, shuffleboard areas, study areas, conference rooms, and a TV room with a large fireplace.

The college conducts workshops, film festivals, special courses, and other activities at the center.

**COSTS**

It is the desire of Covenant College, within the limits of its available funds, to offer its Christian educational opportunities to all who qualify for admission, regardless of individual economic circumstances.

The cost of an education at Covenant is only partly covered by tuition charges; the balance is paid from contributions made by friends and alumni of the college. Because of increasing costs, the Board of Trustees reserves the right to make changes at any time in the tuition charges and other general and special fees.

The college requires that each student have sufficient funds at registration to cover the expenses of the semester. Students may obtain the funds from their own sources or they may participate in the Student Billing Program administered by the Master Charge Department of the American National Bank and Trust Company of Chattanooga, TN. Please write the Business Office in advance of registration for details on the operations of the program.

The Registrar's Office will not issue transcripts of academic credit for students with unpaid college accounts. The Registrar's Office will also not admit students with unpaid accounts for a new semester.

BOARD AND ROOM

All junior, sophomore, and freshman students, unless twenty-one years of age or older, must live in the residence halls unless specifically excused by the Dean of Students.

Meals are served beginning on registration day through final examinations, with the exception of the fall and spring recesses.

Rooms may be occupied without charge by returning students on the day before registration and by new students on the day before the orientation and testing programs begin.

Students engaged in Education 422/424: Teaching Practicum follow the calendar of the school to which they are assigned for their student teaching and therefore, if they reside in the dormitories, are permitted to remain during the college recesses for no extra room charges. They will provide their own meals.

Linen service, including two single bed sheets, a pillowcase and two towels, will be provided for students on a weekly basis.
which they seek enrollment and the regular fees
(no additional fee for students registered for a
full-time credit load): (2) obtain the consent of
the instructor; and (3) audit only courses for
which there are adequate classroom and laboratory
facilities. Graduates of Covenant College may
audit courses in the regular fall and spring semester
without tuition charge. All permissions and regis¬
trations for auditing courses shall be filed in the
Registrar’s Office.

PAYMENT OF COLLEGE CHARGES

Inasmuch as a student’s account cannot be esti¬
mated exactly in advance of registration day,
it is required that the amount of Tuition, Room,
Board, and College Program Support Fee, be
paid at registration. This amount is approximately
$1400.00.

If the student is not able to pay the full amount
at registration time, he must plan to participate
in the Student Billing Program administered by
the Master Charge Department of the American
National Bank and Trust Company of Chatta¬
nooga. Under this program he has 25 days in
which to pay this bill without incurring a carrying
charge. After that, interest charges are determined
at the rate of 1½% per month on the unpaid bal¬
ance. The billing will be on the basis of three equal
payments.

Students with outstanding accounts at the end
of the semester will not receive grades or trans¬
cripts for their academic work and will not be
allowed to register for additional studies.

BUDGET ESTIMATE FOR A COLLEGE YEAR

It is suggested that each student prepare in ad¬
vance an estimate of his expenses for a college
year (two semesters). In addition to the charges
itemized under Fees and Expenses, the student
should include in such an estimate his travel ex¬
penses, clothing, laundry, cleaning and incidental
personal expenses. Books and supplies will nor¬
mally cost $80.00 to $100.00 a semester. Stu¬
dents provide their own blankets (for single beds)
although other linens are supplied as described un¬
der Board and Room. It is customary for room¬
mates to consult each other after arrival about the
color scheme for bed spreads and any other room
accessories they desire.

FINANCIAL AID

Inquiries concerning financial aid should be ad¬
dressed to Mrs. Collyn F. Schmidt, Financial Aid
Coordinator. Application for financial assistance
must include a Covenant College Application for
Student Aid and an A.C.T. Family Financial
Statement. The latter is filed with the American
College Testing Program, Box 1000, Iowa City,
Iowa 52240. The Covenant College code number
for the A.C.T. form is 3951. All forms may be
obtained from the Financial Aid Coordinator at
Covenant College.

Inasmuch as information for the forms is based
on family income of the preceding calendar year,
the required forms should not be filed until after
January 1. Applications received by March 31 will
be given first consideration.

Covenant College participates in the following
financial aid programs:

I. Aid Directly Administered by Covenant College from
   Non-government Sources.
   A. Academic Scholarships
      These awards are based on academic achieve¬
         ment and are renewable if the student main¬
         tains the prescribed grade point average.
B. Athletic Grants-in-aid
These awards are based on athletic ability in the intercollegiate sports in which Covenant participates. Mr. Walter S. Bowman, Director of Athletics, should be contacted by students interested in these grants.

C. Music Scholarships
These scholarships are given to students majoring in music upon recommendation of the Music Department. Interested students should contact the Chairman of the Music Department. If the student is not able to come to the campus for an audition, a tape will be requested.

D. Reformed Presbyterian Leadership Scholarships
These awards, in the amount of $500.00 are made to entering freshmen who are members of a local Reformed Presbyterian Church and show promise of future leadership in the Church. A written testimony by the applicant and a recommendation by the Session of the student’s church are required.

E. Reformed Presbyterian Ministerial Grants
Grants in the amount of one-fourth tuition are awarded to dependent children of ordained Reformed Presbyterian ministers engaged in the full-time pastorate, Christian service, board appointed mission work, or retired from the same.

F. The Jim Luikart Art Scholarship has been established by Mr. and Mrs. Max Luikart for a student in the art program with demonstrated financial need.

G. The Barrows Endowment Fund, established by Mr. and Mrs. Fred C. Barrows of Lookout Mountain, provides tuition assistance for a freshman student from Georgia, Alabama, or Tennessee. Those who are eligible must file applications.

H. The Donald Andrew Mouritzen Memorial Athletic Award has been established by the family of Donald Andrew Mouritzen, a Covenant student in 1964-65 who entered the armed services of the United States and was killed in action in Viet Nam in 1967. The annual $25.00 prize is awarded to an upper classman who has made a significant contribution to the athletic program of the college.

I. The Annie Irvine Scott Loan Scholarship Fund (a memorial to the late Annie Irvine Scott of Gainesville, Texas) has been established at Covenant College and is available to students who are preparing for full-time Christian service and who are unable otherwise to obtain funds for their education.

J. The Clara Belle Dinkle Memorial, established by Captain and Mrs. Martinus Uding in memory of Mrs. Uding’s aunt, is designated for the assistance of students seeking a nursing education. If such students are not available, this loan fund is to be used for assistance to children of missionaries.

K. Mutual Food Service Grant
The college food service awards a grant in the form of tuition assistance to a student recommended by the Student Aid Committee.

L. Editors of Bagpipe and Tartan and Student Council President
Partial tuition grants are awarded students having these responsibilities.
II. Federally Funded Programs
   A. National Direct Student Loans (NDSL)
      These are low interest loans repayable after the student leaves college.
   B. Supplemental Educational Opportunity Grants (SEOG)
      These are direct grants which need not be repaid, designed for students in families with low incomes.
   C. Basic Educational Opportunity Grants
      Application for these non-repayable grants are made directly to the government. They are available only to students entering college for the first time after April 1, 1973. Application forms are available from high school counselors. For these grants, the A.C.T. Family Financial Statement is not necessary.
   D. College Work Study Program
      This program provides work opportunities for deserving students. Students who meet the financial requirements will be assigned work in one of the departments of the college at a standard hourly rate of pay for a given number of hours per week tailored to need and availability. A monthly check will be issued to the student after work hours are completed.

III. Financial Aid Available from Other Sources Outside Covenant College.
   A. Federally Insured Loans and United Student Aid Fund Loans
      These are educational loans secured from the applicant's local bank. If the adjusted family income is less than $15,000 and if the loan does not exceed $2,000, an A.C.T. Family Financial Statement is not necessary.
   B. State Loans, Grants, Scholarships
      For information concerning these loans, grants, and scholarships the student should contact the Office of Higher Education at his state capitol.
   C. Tuition Assistance Programs
      Some states have programs of providing aid directly to students at accredited private colleges. Georgia, the state in which Covenant College is located, has such a program. Again, the student should check with the Office of Higher Education at the state capitol for information.

REFUNDS

Compulsory Withdrawal
When a student is requested to withdraw because of unsatisfactory academic work, failure to comply with regulations of the college, or personal conduct considered to be injurious to the maintenance of wholesome campus life, no tuition fees will be refunded or remitted. Board will be refunded on a pro rata basis.

Schedule
Refunds are granted only upon written application to the Business Office of the College, when a student has withdrawn formally through the office of the Dean of Students. The college will normally adjust accounts on tuition and fees. The following policy will prevail:

If the student leaves during the first two weeks, a refund on tuition and fees of 80%; during the third week, 60%; during the fourth week, 40%; during the fifth and sixth week, 20%; after the sixth week, no refunds.

Board refund will be prorated on days remaining in the semester. No refund is allowed on a late
registration fee. Due to the nature of commitments concerning dormitory room availability, room charges are not refundable.

Veterans

The refund policy of Covenant College shall be in accordance with the regulations of the Veterans Administration, Section 254, Public Law 550, that is, it shall maintain “a policy for the refund of the unused portion of tuition, fees, and other charges in the event a veteran fails to enter the course or withdraws or is discontinued therefore at any time prior to completion and such policy provides that the amount charged to the veteran for tuition, fees, and other charges for a portion of the course does not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course bears to its total length.”

PART-TIME EMPLOYMENT

Part-time employment is available to many students in the nearby communities. Some students earn only a few dollars under the part-time work program, while other students earn a substantial part of their college expenses. The college cannot guarantee employment to any of its students, but offers assistance in obtaining part-time jobs. A student who needs to earn part or all of his college expenses must have his work plans approved in advance and arrange his academic load in special conference with his adviser.

INSURANCE

Students desiring to bring cars to campus must provide a Certificate of Binder from their insurance companies.

All students not completing an insurance waiver card will be required to participate in the student medical insurance program sponsored by the college. Details on coverage and cost are available upon request from the Business Office.

All students desiring to participate in the college’s intercollegiate athletic program must participate in the student medical insurance program.

REGISTRATION

ORIENTATION

During the first week of the fall term, new students arrive on campus, ahead of upperclassmen, for a special program of orientation. In this period, they take placement tests, attend lectures on student life and traditions, become acquainted with campus facilities, receive pre-registration counseling, participate in social gatherings, and complete their registration.

As a continuing part of the new student’s orientation to college life, permission for off-campus weekends or overnight visits will not be granted until the fifth weekend after registration.

REGISTRATION RULES

All students will be expected to register during the regular registration periods at the beginning of each semester. Late registration will entail a fee of $15.00.

A student is not considered fully registered until he has paid the entire amount of his semester’s charges.

The tenth day of classes in each semester is the last day it is possible to register for full credit in any course. All work missed must be made up.

COURSE LOAD

Regularly enrolled students will be expected to carry 15 credit units per semester. Students will not be allowed to register for more than 19 units
without special permission. Those students whose class work is below standard, or who find it necessary to be employed for more than 20 hours of work each week, may be required to reduce their programs of study.

DROPPING OR CHANGING COURSES
A student who wishes to withdraw from an individual course, or to change his enrollment from one course to another, must have the express permission of the registrar. Students withdrawing from a course after the last day to drop a course (following distribution of mid-semester grade reports) will receive the mark WP if at the time of withdrawal their average mark in the course is passing, or the mark WF if their average mark is failing. No student will be allowed to change courses after the tenth day of classes in any semester. A fee will be charged for all class changes unless the circumstances requiring the change are beyond the control of the student.

WITHDRAWAL FROM THE COLLEGE
Students desiring to withdraw from school before the end of a semester must notify the Dean of Students and process an official Withdrawal Clearance Form available in his office. For refunds see page 14.
ACADEMIC PROGRAM

GRADUATION REQUIREMENTS

The Bachelor of Arts Degree. Upon recommendation of the faculty and approval by the Board of Trustees, the degree of Bachelor of Arts is conferred upon students who have met the following requirements for graduation:

1. A minimum of 126 credit units.
2. A grade point average of 2.0.
3. The fulfillment of all basic requirements.
4. At least 35 units in upper-division courses.
5. Compliance with all requirements in the major field, or major and minor fields.
6. No grades below C in the major and the minor.
7. A residence of one year and the completion of the last 30 units at Covenant College, with the exception that students in residence for more than one year may complete 9 of the 30 units at other approved colleges.
8. Completion of Undergraduate Program or other comprehensive examinations in the major.
9. The payment of all bills and the return of all equipment and library books.

The Bachelor of Music Degree. Upon recommendation of the faculty and approval of the Board of Trustees, a student may receive the degree of Bachelor of Music by meeting the following requirements for graduation:

1. A minimum of 126 credit units.
2. A grade-point average of 2.0.
3. Compliance with the requirements established by the department.
4. No grades below C in the major field.
5. A residence of one year and the completion of the last 30 units at Covenant College, with the exception that students in residence for more than one year may complete 9 of the 30 units at other approved colleges.
6. Completion of Undergraduate Program or other comprehensive examinations in the major.
7. The payment of all bills and the return of all equipment and library books.

CORE CURRICULUM

Because the faculty believes that a liberal-arts education should be broad and inclusive, introducing the student to ideas and values of continuing concern and providing him with historical and spiritual perspectives on the complex problems of our society, the college has set a number of basic requirements for graduation, most of which are comprised in the core curriculum.

All students, except those in certain special programs, are required to take courses, or demonstrate competency, in each of the following areas:

Interdisciplinary Studies

Che 121-122. General Chemistry
Phy 131-132. General Physics
Nat Sci 103-104. Elements of Geology and Astronomy: Evolution and Biological Adaptations
(Students are encouraged to take these courses during the freshman or sophomore year. Beginning in fall, 1976, students will meet this requirement by taking NS 105. Problems of Physical Science, and either NS 106. Problems of Biological Science or NS 108. Problems of Geological Science)
Social Science
ID 33. Perspectives on the Social Sciences 4
(Students are encouraged to meet this requirement by the end of the junior year. Students wishing to meet this requirement before fall, 1976 may do so by taking one course of at least 3 units in psychology, sociology, or history)
Arts
ID 34. Man's Creative Expression 4
(Students are encouraged to meet this requirement by the end of the junior year)
Language
This requirement may be met by taking certain combinations of courses in three categories:
1. Elementary Foreign Language, Intermediate Foreign Language
2. Eng 205. Introduction to Linguistics, Phil 310. Philosophy and Language
3. Eng 210. The Classics in English Translation, Eng 211. European Literature in English Translation
The following combinations are allowed:
a. A single foreign language through the intermediate level (14 units)
b. Three semesters of foreign language plus one course from categories 2 or 3 (14 units)
c. Elementary foreign language plus two courses from categories 2 and 3. (14 units)
d. Two semesters each of two elementary foreign languages (16 units)
e. One or two courses from category 2, plus two or three courses from category 3, for a total of four courses. One course from category 3 will usually be in the Classics (12 units)
NOTE: Certain major programs may specify language requirements, and, therefore, restrict the choice of combinations above. (Students who score well on a language test administered during registration week in the fall may be allowed to by-pass up to four semesters of foreign language)
Physical Education
PE 51-52. Health and Physical Education 2
PE 55. First Aid and Personal Safety 1
(51-52 normally taken freshman year, 55 taken sophomore year. 51-52 is not required for married students, military veterans, or those excused for medical reasons)
Courses in the major or minor used for core requirements may also be used for credit in the major or minor unless otherwise specified by the appropriate department.

MAJORS AND MINORS
Covenant College seeks to provide a liberal-arts education that includes not only the broad and inclusive core curriculum but areas of greater specialization as well. This is the reason that every student pursuing a degree must meet the requirements of a major-minor program or of a single major.

Major-Minor Program. This program involves a major of at least 24 hours and a minor of at least 12 hours, for a total of at least 36 hours of courses approved by the departments named as the major and minor subjects. A student must take at least 12 units of his major at Covenant College and at least 6 units of his minor. As an option, a student can concentrate entirely in a single major without any minor, but this major shall then include at least 36 hours. Variations in the requirements for the different major programs, in addition to the possibility of by-passing certain parts of the core, make the number of units available for free electives range from 0 up to 52.

Majors in natural sciences and in the music programs, as well as the programs in education and in nursing, call for careful planning as early as the freshman year in order to assure fulfillment of all requirements and prerequisites. Be sure to see the specific requirements under the appropriate departments.

- Pre-Law (consult with the Registrar)
- Pre-Medicine (consult with Dr. Lothers)
- Pre-Ministerial
- Teacher Education
SUMMER SESSION

Certain core courses and some other courses are ordinarily offered during a summer session of six weeks' duration. Undergraduate students from Covenant College or from other institutions will be welcomed for a limited number of courses which are offered on the basis of demand. This not only provides opportunity for students currently enrolled in the college to make up deficiencies, earn extra credit, or take required units in order to lighten their loads during the regular semesters; it also offers an opportunity for students enrolled in secular colleges and universities to obtain distinctively Christian instruction.

The summer school also meets the needs of high school graduates who are deficient in requirements for college admission and of Covenant College students on academic probation. A maximum of six hours' credit may be earned during the summer session.

OFF-CAMPUS STUDIES

Special arrangements have been made to enable Covenant College students to earn credit while studying off-campus in connection with l'Abri Fellowship in Switzerland, the American Institute of Holy Land Studies on Mount Zion, Jerusalem, Israel, and at Covenant House in Berkeley, California. Up to 12 semester hours may be earned in connection with work at L'Abri or at Covenant House, and up to 16 semester hours (24 quarter hours) in the Holy Land. Ordinarily only juniors or second semester sophomores may apply, and certain qualifications must be met. Students may also receive up to three units of credit for work done in connection with a variety of summer-service programs sponsored by Christian Training, Inc., and World Presbyterian Missions. Details of each program, which vary, may be obtained from the Registrar. Application should be made well in advance of the term to be spent off campus.

INDEPENDENT STUDY

When possible, independent study will be arranged for students with a cumulative grade point average of 3.00 or above who are approved for such study by their department chairman. Ordinarily such study will be in a student's major field and will involve a subject not otherwise offered at Covenant College. The student is expected to submit to the supervising faculty member an outline and a bibliography for the program he wishes to study. Further details may be obtained from the Registrar.

PRIVATE STUDY

Required courses, either core or major, not offered in a given semester, may be arranged on a private basis. Such an arrangement must be authorized by the dean of the faculty and the registrar, and this authorization will only be granted when a student needs a course that will not be offered again before his expected date of graduation. Such situations may arise when (a) a student received a grade of F in a required course, (b) a student changed majors late in his college career, or (c) a student transfers to Covenant College.

CREDIT AWARDED BY EXAMINATION

A maximum of thirty units of credit may be earned by students in the College Level Examination Program (CLEP) sponsored by the College Entrance Examination Board in Subject Examinations for which parallel courses are offered at Covenant College. Further information about CLEP examinations approved for credit and minimum scores required may be obtained from the Office of Admissions and Records.
ACADEMIC STANDARDS

One of the criteria for the granting of the Bachelor of Arts and the Bachelor of Music degrees is the satisfactory completion of required courses with a grade point average of 2.0 in all subjects.

THE CREDIT AND GRADING SYSTEM

A unit is the amount of credit given for attendance in class for a period of 50 minutes once a week throughout the semester.

A grade point is a measure of quality assigned to or withheld from units of credit according to the system of grades in force in the college.

Grades are assigned as follows:

A means SUPERIOR and carries 4 grade points per unit of credit.
B means GOOD and carries 3 grade points per unit of credit.
C means AVERAGE and carries 2 grade points per unit of credit.
D means PASSING but inferior, and carries 1 grade point per unit of credit.
F means FAILING and carries no grade point.
R means REPEAT and removes the effect of the previous mark in the course.
WP means WITHDRAWN PASSING and indicates a satisfactory average at the time a course was dropped.
WF means WITHDRAWN FAILING and indicates an unsatisfactory average at the time a course was dropped.
INC means INCOMPLETE and indicates that part of the required work for the semester has not been completed. An incomplete is given only in cases of medical or other emergencies certified by the Registrar. Any course work not completed within the semester for reasons other than certified medical or other emergencies will be considered as F and included by the instructor in the computation of the final mark.

For Independent Study courses the grades assigned are H (four grade points), P (two grade points), or F (no grade point).

Pass-Fail Option. Students with junior or senior standing and a cumulative grade point average of 2.70 or higher may take a total of twelve units toward graduation on a pass-fail basis in non-core courses and courses outside the departments of the student’s major and minor. Students may not change from pass-fail to regular credit or from regular credit to pass-fail after the tenth day of classes in any semester. Units so earned carry credit for graduation but are not considered in computing the student’s grade point average. The objective of the pass-fail option is to encourage students to take some courses they might not otherwise take.

For Education 422/424: Teaching Practicum the following marking system is used: S—Satisfactory, U—Unsatisfactory (no credit and no repeating), I—Incomplete (to be removed upon successful completion of an additional period of student teaching).

The academic standing of all students is reported to the Dean of Students at the middle of each semester.

PROFICIENCY IN ENGLISH

Instructors in all departments of Covenant College expect the written work of students to be in clear and correct English and to show competence in the organization and development of ideas. Therefore any student earning an F in English composition will retake the course, and any student turning in to any faculty member, in any course, material that is unsatisfactory in its writing will be referred to the chairman of the English department for corrective work.

PROBATION AND SUSPENSION

Students with cumulative grade point averages below the following averages will be placed on academic probation, a warning that the student is not making satisfactory progress toward a degree:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshmen</td>
<td>1.50</td>
</tr>
<tr>
<td>Sophomore</td>
<td>1.80</td>
</tr>
<tr>
<td>Junior</td>
<td>2.00</td>
</tr>
<tr>
<td>Senior</td>
<td>2.00</td>
</tr>
</tbody>
</table>

The exception will be the student who earns a 2.00 current grade point average or higher for two
consecutive semesters. He will be released from his probationary status even though his cumulative grade point average may still be below the required minimum for his class. The "two semesters" refers to the fall and spring semesters and does not include summer sessions. A student with "F's" in two academic courses the same semester is placed on academic probation.

Students on academic probation may be asked to follow a program of seminars. This program is designed to assist the student to get the maximum benefit from his studies. The student must report to his Faculty Advisor at least once a month. He will follow a no-cut policy in all his courses, and his case will be reviewed on an individual basis by the faculty member involved in the particular course after consultation with the Student Development Office.

Students with cumulative grade point averages below the following averages will be placed on academic suspension:

- First semester freshman: 1.00
- Second semester freshman: 1.30
- First semester sophomore: 1.40
- Second semester sophomore: 1.50
- First semester junior: 1.60
- Second semester junior: 1.70
- First semester senior: 1.80
- Second semester senior: 1.90

ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

Students on academic or disciplinary probation may be restricted in their participation in extracurricular activities, including work. The student on probation has the responsibility for making an appointment with one of the members of the Student Development Office for the purpose of reviewing participation in extracurricular activities for that semester. This review must be accomplished within the first two weeks of the semester.

CLASS ABSENCE AND TARDINESS

Each instructor is free and responsible to determine and enforce whatever policy he wishes concerning excessive absences in his course and will inform his students of such policy at the beginning of each semester. This policy will include provision for making up missed work. It is the student's responsibility to contact the instructor about such work, and the faculty member will exercise his right of judgment as to whether or not a penalty will be assessed and whether or not the work may be made up at all.

The Student Development Office will provide written statements for emergency absences and the nurse will write statements for cases of illness when requested by the student or the teacher. These statements are not excuses but are given to faculty members for their information.

Students should inform their instructors in advance of any school trips which will necessitate absence from class.

CLASSIFICATION OF STUDENTS

Students who have at least 15 acceptable units of entrance credit are classified as FRESHMEN.

- SOPHOMORES must have at least 26 semester units with a grade-point average of 1.5.
- JUNIORS must have at least 58 semester units with a grade-point average of 1.8.
- SENIORS must have at least 90 semester units with a grade-point average of 2.0.

SCHOLASTIC HONORS

The Dean's List, which is announced at the close of each semester, contains the names of all students who have taken 12 or more hours with a grade-point average for the semester of 3.30, with no courses incomplete, and with no mark below C in any academic course.
Seniors who have been on the Dean’s List each semester continuously since their freshman year or whose cumulative grade-point average is 3.50 will be excused from second semester final examinations.

Students who maintain a grade-point average of 3.50 throughout their Covenant College course will be graduated *cum laude*. Those who maintain an average of 3.75 will be graduated *magna cum laude*. Those who maintain an average of 3.90 will be graduated *summa cum laude*. Students must be in residence for a minimum of sixty units (not including Pass/Fail or other non-letter graded courses) to qualify for graduation honors.

**Departmental Course Descriptions**

**NUMBERING OF COURSES**

The first digit of a course number indicates the class level of students to whom it is open, with the exception of core courses, which are designated by two-digit numbers.

Courses numbered in the 100s are open to freshmen, those in the 200s are open to sophomores, and so forth. Permission to take sophomore courses may be granted to freshmen provided they have met the prerequisites.

Junior and senior courses (numbered in the 300s and 400s) are upper-division courses and, in general, are open only to those who have attained junior standing. In some instances sophomores, if they have the prerequisites, may be granted permission to take an upper-division course.

The college reserves the right to withdraw any course.

Many courses listed in the catalog are offered in alternate years. The schedule of classes in any given semester will be issued prior to registration. Brackets [ ] enclosing a course title indicate a course not being offered during the current year.

It is not possible to announce at the publication date of this catalog all the courses (and their professors) which may be offered in the current year. Where possible, this information has been given.

405. ROMANS

A study of the doctrinal, spiritual, and ethical values in Romans, designed to give the student an understanding of the divine plan of salvation and a method of presenting that plan to others. Three units. Mr. Krabbendam.

[406. HEBREWS]

An analysis of the book as a whole, and a consideration of its theological teaching in relation to the fulfillment of Old Testament types. Three units. Mr. Anderson. (Not offered 1975-76)

[407. SEMINAR ON CALVIN’S INSTITUTES]

A study of the theology of John Calvin as presented in his Institutes of the Christian Religion. Three units. Mr. Clark. (Not offered 1975-76)

[408. II CORINTHIANS]

A comprehensive study of II Corinthians with special emphasis upon the principles of spiritual leadership set forth in this epistle. Three units. Mr. Krabbendam. (Not offered 1975-76)

411-412. BIBLE SEMINAR

A course designed to review, supplement, and integrate the major program. Background readings in Bible history, archeology, criticism, contemporary interpretation, and theology assigned for seminar discussion. Required for Biblical studies and Missions majors. Four units.

NOTE: For missions courses see page 58.

*If the core requirement in laboratory science is met by an 8-unit sequence in a science other than biology this may be reduced to 8 units.

REQUIREMENTS FOR GEORGIA SECONDARY SCHOOL CERTIFICATION

Biology majors may be granted a Georgia T-4 Associate Professional (secondary) certificate if they follow the 23-unit sequence for a teaching minor in education specified under Teacher Education Program (page 82), and take Math 251. Elementary Statistical Methods. In order to fit in all of the requirements a student may, with permission of the chairman of the biology department, omit Organic Chemistry and/or Pre-Calculus Mathematics.

COURSES IN BIOLOGY

NOTE: On-demand courses can be offered when five or more students desire them.

104. EVOLUTION AND BIOLOGICAL ADAPTATIONS

See Natural Science 104.

111-112. GENERAL BIOLOGY

Basic principles of biology at molecular, cellular, organ system, organismic, and community levels. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Eight units. Staff.

216. HUMAN ANATOMY

The structure of the human body. Prerequisite: Biology 111. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Wenger.

217. HUMAN PHYSIOLOGY

The functioning of the major systems of the body will be studied along with a sufficient background of anatomical concepts. Prerequisite: Biology 111. Three hours lecture. Four hours laboratory. Laboratory fee: $10.00. Four units. Mr. Wenger.

[218. ECOLOGY]

Relations of organisms to the physical and biological conditions under which they live. Two hours lecture. Four hours laboratory. Prerequisite: Biology 111-112 or equivalent. Laboratory fee: $10.00. Four units. Mr. Wenger. (Not offered 1975-76)

302. BACTERIOLOGY

Life histories, morphology, physiology, identification, culture techniques, and immunity. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Lothers.
[311. COMPARATIVE ANATOMY]

Classification and comparison of typical chordate animals with emphasis on the vertebrates. Prerequisite: Biology 111-112 or equivalent. Two hours lecture. Six hours laboratory. Laboratory fee: $15.00. Five units. (Offered on demand)

312. COMPARATIVE ANIMAL PHYSIOLOGY

A comparative study of functions of animal organ systems. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Wenger.

[313. GENETICS]

A study of the principles that govern heredity. The course includes a consideration of the principles of Mendelian inheritance and an analysis of the underlying mechanics of heredity. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Two hours laboratory. Laboratory fee: $10.00. Mr. Lothers. (Not offered 1975-76.)

314. EMBRYOLOGY

Development of vertebrate animals. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $10.00. Four units. Mr. Lothers.

[316. PLANT PHYSIOLOGY]

Functions associated with plant maintenance, growth, and reproduction. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $10.00. Four units. Mr. Wenger. (Offered on demand).

[317. ANIMAL HISTOLOGY AND MICROTECHNIQUE]

Tissues and organs of vertebrates. Training in the preparation and interpretation of animal tissues for microscopical study. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $10.00. Four units. Mr. Lothers. (Offered on demand 1975-76)

318. BIOLOGY OF INVERTEBRATES

The study of invertebrate animals with emphasis on their structural, functional, ecological and behavioral adaptations. Phylogenetic theories are also discussed. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Wenger.

[411. CURRENT CONCEPTS IN BIOLOGY]

Historic development of current concepts with emphasis on the theory of evolution. Reports and discussions of the current literature. Coverage of areas in which the students may be weak, such as various biochemical topics and experimental design. Prerequisite: Eight hours of 200 or 300 courses, preferably including Genetics. Three hours lecture. Three units. Mr. Lothers. (Offered alternate years)

414 (214). MACROEVOLUTION AND MICROEVOLUTION

Same topics as Natural Science 104 plus additional topics suited to the class. Discussion groups consisting of students from Natural Science 104 may be led at least once during the semester. Those electing 414 will give one oral report. Students desiring to fulfill the science distribution requirements with a more challenging course than 104 may take 214 plus lab from 104. Three units (four units with lab). Mr. Lothers.
416. DIRECTED STUDIES IN BIOLOGY

Methods in biological research, familiarity with the biological literature, experience in choosing and carrying out an experiment. Prerequisite: Eight hours of 200 or 300 courses. Up to three units credit, but no more than two units in one semester. Mr. Wenger, Mr. I . Others. (Offered when needed.)

BUSINESS ADMINISTRATION

The objectives of this Department are to develop and maintain a progressive and innovative Christian undergraduate program in business administration. Specifically, it aims

(1) to prepare students who are interested in business and business management as a career,
(2) to develop in students an appreciation of what is involved in business, and a sense of the excitement that business offers,
(3) to draw attention to the interrelationships between business and other disciplines, including Biblical studies, law, sociology, psychology, economics, statistics, finance, accounting, and management,
(4) to help students become keenly aware of, and sensitive to, both the great influence of business on society and the serious responsibility that business has to society.

REQUIREMENTS FOR MAJOR IN BUSINESS ADMINISTRATION

NOTE: No student may graduate from Covenant with this major prior to May, 1977.

A study of the fundamental principles of business, organization, finance, banking, credit management, salesmanship and advertising. Required of all business majors and prerequisite to all business courses. Three units. Mr. Moak.

**203-204. PRINCIPLES OF ACCOUNTING**

A study of the fundamental principles of accounting as they apply to modern business practices, including the theory of debit and credit, accounting records of various kinds, simple balance sheets and income statements. Six units. Mr. Thorne.

**301. PRINCIPLES OF MARKETING**

The study of consumer and industrial markets and the formulation of marketing policies and strategies relating to product, price, channels of distribution, and promotion are stressed. The course seeks to explore fashion and life cycles, consumer behavior, and legal and institutional environment of marketing. Three units. Mr. Moak.

**302. BUSINESS FINANCE**

A survey of the general field of finance, including various types of business organization, capitalization, methods of obtaining capital; stock, bonds, mortgages, consolidation mergers, business failures and reorganization, and various types of promotions. Three units. Mr. Moak.

**[303. BUSINESS STATISTICS]**

Statistical methods applied to the collection, organization, analysis and interpretation of business and economic data, in order to produce an appropriate business decision. Three units. (Not offered 1975-76)
[304. BUSINESS LAW]

An introductory course in the applied principles of business law, based on a case study of contracts, negotiable instruments, agency, sales, bailments, and the transfer of real and personal property by individuals, partnerships, and corporations. Three units. (Not offered 1975-76.)

[306. PRINCIPLES OF MANAGEMENT]

Contemporary concepts of management with an examination of the various presuppositions underlying the various theories. An analysis of the tasks of the business executive and his productive functions, scientific management, basic features of business administration. Three units. (Not offered 1975-76)

[400. BUSINESS POLICY (Senior Seminar)]

A seminar designed to probe the relationships of various disciplines in the solution of business and organizational problems. Attention will also be given to business structures, governmental policies, and international forces affecting the business organization and its practices. Three units. (Not offered 1975-76)

COURSES IN ECONOMICS

201-202. PRINCIPLES OF ECONOMICS

A general course designed to explain the economic system, the institutions that make up the system and their functions, the relationships of these institutions to man, business, and government. Economic concepts, scope, methods to the solution of economic problems and an examination of the goals of the economy are examined. The central problems of the production, distribution and consumption of economic goods and services, and the impact of monetary and fiscal policies upon economic life are examined. Six units. Mr. Moak.

300. MONEY AND BANKING

Development and analysis of the American monetary system, the relation of business to the banking system, commercial and non-commercial banking and the development of the Federal Reserve System. International banking is also included. Three units. Mr. Moak.

DUAL DEGREE PROGRAM WITH GEORGIA INSTITUTE OF TECHNOLOGY

This five-year program leads to a B.A. from Covenant and a B.S. in Chemistry from Georgia Tech, the latter degree approved by the American Chemical Society. The chairman of the chemistry department should be consulted for detailed requirements.

REQUIREMENTS FOR GEORGIA SECONDARY SCHOOL CERTIFICATION

Chemistry majors may be granted a Georgia T-4 Associate Professional (secondary) certificate if they follow the 23-unit sequence for a teaching minor in education specified under Teacher Education Program (page 82), and take Bio 111-112. General Biology.
COURSES IN CHEMISTRY

121-122. GENERAL CHEMISTRY

An introduction to the science of chemistry with special emphasis on fundamental chemical principles and their applications. Basic organic chemistry is covered during the second semester. Qualitative analytical procedures are included in the laboratory second semester. Two hours lecture. One hour recitation. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. Mr. Dameron.

323-324. ORGANIC CHEMISTRY

A study of the chemistry of carbon compounds. Methods of preparation and the characteristic properties and reactions of the important classes of organic compounds are considered. Reaction mechanisms and modern spectroscopic techniques are stressed. Prerequisite: Chemistry 121-122. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. Mr. Donaldson.

325-326. ANALYTICAL CHEMISTRY

Coverage of the principles and applications of various analytical methods. Traditional volumetric and gravimetric techniques are treated first, followed by a study of modern instrumental techniques. Prerequisite: Chemistry 121-122. Two hours lecture. Six hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. (offered alternate years)

422. ADVANCED ORGANIC CHEMISTRY

An intensive study of selected topics in organic chemistry. Laboratory work consists of purification and systematic identification of organic compounds. Prerequisite: Chemistry 323-324. Two hours lecture. Six hours laboratory. Laboratory fee: $15.00. Refundable breakage deposit: $10.00. Four units. Mr. Donaldson. (Offered on demand)

423. BIOCHEMISTRY

The study of the chemistry of living organisms and life processes, including the chemistry of fats, carbohydrates, proteins, vitamins, and hormones. Prerequisite: Chemistry 323-324. Three hours lecture. Three hours laboratory in alternate weeks. Laboratory fee: $15.00. Refundable breakage deposit: $10.00. Four units. (Offered on demand)

425-426. PHYSICAL CHEMISTRY

A study of the gaseous, liquid, and solid states, solutions, elementary thermo-dynamics, chemical equilibria, electrochemistry, chemical kinetics and quantum mechanics. Prerequisite: Chemistry 325-326, Physics 131-132, Mathematics 145-146, or consent of instructor. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. (Not offered 1975-76)

COURSES IN EDUCATION

21(E). TEACHING AND THE FUNDAMENTALS OF MATHEMATICS

See Mathematics 21(E). Required for elementary certification.

221. PRINCIPLES OF TEACHING AND LEARNING

After an initial acquaintance with the current scene in education, scriptural principles are studied to provide a basis for decision-making in education. These principles guide the study of the organization and curriculum of the school, the roles of teachers and students, professional relationships, and the control of the school. This course also provides content and experiences related to philosophical and sociological foundations of education. Pre-practicum experiences include tutoring individual students or small groups, observing classes, working with a classroom teacher, and/or visiting various kinds of schools. The course provides foundational knowledge for those who know they want to teach. Its content and experiences prove helpful to those just exploring the possibility of a career in education. Three units. Mr. Coughlin.

222. EDUCATIONAL PSYCHOLOGY

A biblical view of the child is offered in three areas: his development, his behavior, and his learning processes. Contemporary theories based on behaviorism and humanism are evaluated against the norm of Scripture. Each student works with a child or young person one hour per week during which theory can become practice as an in-depth case study is developed. A paper stating a personal view of the child based on one's personal philosophy is a required product that becomes a foundational statement for other courses in education. Those planning to teach should take Education 221 as a prerequisite. Three units. Miss Davis.

235. PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL

See Physical Education 235. Required for elementary certification.

312. PHILOSOPHY OF JOHN DEWEY

See Philosophy 312.
321. STRUCTURE OF KNOWLEDGE (CURRICULUM THEORY)

An introduction to epistemology in preparation for an analysis of each academic discipline to determine what is known, the manner of inquiry, and the relationship to every other discipline. A Christian world-and-life view is key to the content. Students selecting either elementary or secondary levels profit by sharing this content. They develop an understanding of the conceptual structure of the discipline and the contributions other disciplines offer to theirs. The aim is to view reality as an integrated whole rather than a collection of parts. Prerequisite: either 221 or 222. Three units. Mr. Coughlin.

326. FUNDAMENTALS OF READING

See English 326. Required for elementary certification.

352. MUSIC IN THE ELEMENTARY SCHOOL

See Music 352. Required for elementary certification.

366. LITERATURE FOR CHILDREN AND ADOLESCENTS

See English 366. Required for elementary certification.

394. ART FOR CHILDREN AND ADOLESCENTS

See Art 394. Required for elementary certification.

411. PREPARATION AND UTILIZATION OF CURRICULUM MATERIALS

Biblical criteria with which to evaluate commercially-produced curriculum materials and competencies to produce Christian curriculum materials are developed. Students also become involved with multi-media hardware and software as it pertains to their teaching area. A multi-media product to be used with a teaching unit is developed. Prerequisite: 221, 222, and 321. Three units. Miss Davis.

412/414. DESIGNING TEACHING / LEARNING MODELS

Personal teaching approaches, techniques, and styles that reflect a Christian philosophy and view of the child are developed. Special emphasis is also placed upon the exploration of biblical interpersonal relations within the educational setting. The pre-practicum experience includes observations of and involvement with the cooperating classroom teacher with whom the student will practice teach during the final half of the semester. The content is shared by all the students regardless of interest, elementary (412) or secondary (414) levels. Students register by number for certification purposes. Prerequisite: 221, 222, and 321. Three units. Mr. Coughlin.

422/424. TEACHING PRACTICUM

The final half of the professional semester is spent in an actual teaching experience on a full-day basis. No other college course work is allowed during this period. Seminars are conducted with the college supervisor. Prerequisite: 411 and 412 or 414. Eight units. Mr. Coughlin and Miss Davis.
ENGINEERING

In conjunction with Georgia Institute of Technology, Covenant College offers a dual degree program in engineering. The program includes three years at Covenant College and two years at Georgia Institute of Technology. Candidates who follow the program outlined below are eligible to seek any of the following degrees from the Engineering College of Georgia Institute of Technology:

- Bachelor of Aerospace Engineering
- Bachelor of Ceramic Engineering
- Bachelor of Chemical Engineering
- Bachelor of Civil Engineering
- Bachelor of Electrical Engineering
- Bachelor of Engineering Economic Systems
- Bachelor of Engineering Science
- Bachelor of Industrial Engineering
- Bachelor of Mechanical Engineering
- Bachelor of Nuclear Engineering
- Bachelor of Science in Textile Chemistry
- Bachelor of Science in Textiles
- Bachelor of Textile Engineering
- Bachelor of Science (Health Systems)

In the case of highly qualified students the Georgia Institute of Technology degree may be at the master's level.

ENGLISH

The Department of English offers students courses exploring aspects of human language: language as an art form (literature), language as a medium of communication (composition, oral rhetoric), and language as part of the God-given structure of reality (linguistics). In its courses the department seeks to develop a Christian awareness of the issues and problems in each area of language use and to work toward Christian answers.

Students major in English to prepare themselves for teaching English and language arts in elementary and secondary schools, for entering jobs where the ability to use language well is necessary (journalism, advertising, editing, public relations), for undertaking graduate study in literature and related fields, or for entering professional schools such as seminaries or law schools, or simply to enrich their own lives. Students planning to go on to graduate school should consider taking the 36-hour major; those planning to enter professional schools should choose minors carefully.

3. A teaching minor in education (see Teacher Education Program).
4. A minimum of three units of mathematics.

COURSES IN ENGLISH

Courses in Writing, Speech and Drama

11. ENGLISH COMPOSITION

The student's goal in this course is to learn to write effective expository prose. There will be experiences for increasing language awareness, for building a fund of ideas, for organizing thought, for writing and re-writing, for re-
search, for analyzing and evaluating, and for sharing writing. Fall semester. Three units. Mr. Boonstra, Mr. Hekman, Mr. Hesselink.

218. DRAMA WORKSHOP

A course for students who want to work out a Christian perspective on drama as performance and communication. Participants will study some drama history and some of the technical skills of drama production. They will read, discuss, do exercises and improvisations, rehearse and perform plays. Open to all students with the permission of the instructor. Spring semester. Three units. Mr. Hekman.

222. PRINCIPLES OF PUBLIC SPEAKING

An introduction to the study and practice of basic techniques of effective public speaking, including voice production and clear articulation, prepared and extemporaneous speaking, and discussion procedures. Spring semester. Three units. Mr. Hekman.

302. ADVANCED WRITING

A course in various forms of non-expository composition. Prerequisites: Exemption from English Composition, or English Composition with a grade of B or higher, and special permission of the instructor. Three units. (Not offered 1975-76)

Courses in Language and Literature

[102. THE ENJOYMENT OF POETRY]

A study aimed to discover and demonstrate what happens in poetry to make reading it a pleasure. Three units. (Not offered 1975-76).

[112. LITERATURE AND CONTEMPORARY PROBLEMS]

A study of a body of literature and its relationships to a current problem (for example, literature by and about black Americans and other minorities; the novels of C. P. Snow and modern academic life; Charles Williams, C. S. Lewis, and J. R. R. Tolkien and the possibilities of modern Christian fiction). Three units. (Not offered 1975-76).

Courses in Reading

100. SPEED READING

A highly concentrated course designed to increase speed and comprehension in reading. Open to all students. Ten weeks. Special course fee. (Offered upon sufficient demand.)

326. FUNDAMENTALS OF READING

This course includes a general survey of approaches to reading and a study of some critical analyses of these approaches. Students will be involved in local schools in pre-practicum experiences. Required for elementary certification. May be taken for credit in either English or education, but may not be counted as part of a 12-hour minor in English. Three units. Miss Davis.
201. SURVEY OF ENGLISH LITERATURE I

A chronological study of English literature from the beginnings to 1800, with an emphasis on the genres of poetry and drama. Students will also learn ways of studying and writing about literature. Fall semester. Three units. Mr. Heslink.

202. SURVEY OF ENGLISH LITERATURE II

A chronological study of English literature from 1800 to the present, with an emphasis on poetry and prose fiction. Students will continue to study ways of approaching and writing about literature. Prerequisite: English 201 or permission of the instructor. Spring semester. Three units. Mr. Boonstra.

205. INTRODUCTION TO LINGUISTICS

An introduction to modern linguistics, especially structural and transformational-generative grammar. The course will also acquaint the student with geographic and social varieties of language, as well as the relation of language to other fields, such as education and sociology. A language-option course. Fall semester. Three units. Mr. Boonstra.

210. THE CLASSICS IN ENGLISH TRANSLATION

A study of selected literary classics from the period of Greek and Roman antiquity. The selection may emphasize a particular genre, such as drama or the epic. A language-option course. Spring semester. Three units. Mr. Barker.

[211. EUROPEAN LITERATURE IN ENGLISH TRANSLATION]

The study of works from European literature since the classical era. The emphasis may be on a single major author (e.g., Dante, Cervantes, Goethe), on a national literature (French, Russian, etc.), on a particular form of literature (drama, novel, romance, etc.), or on a particular idea (the image of man, concepts of society, etc.) A language-option course. Three units. (Not offered 1975-76).

[215. ENGLISH AND AMERICAN DRAMA]

A chronological study of English and American drama, exclusive of Shakespeare, with special attention to changes in the structure and the conventions of the theatre. Three units. (Not offered 1975-76).

260. THE ENGLISH NOVEL

Critical studies of a limited number of works by the major writers of English fiction. Spring semester. Three units. Mr. Boonstra.

306. AMERICAN POETRY

A survey of the principle themes and writers in American poetry from the Puritans until the present. Prerequisite: English 201 or 202, or permission of the instructor. Fall semester. Three units. Mr. Hekman.

[307. THE AMERICAN NOVEL]

Critical reading of representative American novels from Hawthorne to the present. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)
[310. THE MEDIEVAL LITERATURE OF ENGLAND]
A study, mainly in modern English translations, of the medieval literature of England, exclusive of Chaucer. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)

[317. SPENSTER AND THE SIXTEENTH CENTURY]
A study of the works of several important writers of the period, including Spenser. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)

[322. THE SEVENTEENTH CENTURY]
A study of two or more of the important writers or works of the period, exclusive of Milton (for example, Donne, Jonson, Herbert, Herrick, and Dryden; or The Anatomy of Melancholy, Religio Medici, and The Rule and Exercises of Holy Dying). Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)

[333. THE EIGHTEENTH CENTURY]
A study of several of the important writers or works of the period (for example, Swift, Pope, and Johnson; or Boswell's Life of Johnson and Sterne's Tristam Shandy). Prerequisite: English 201 or 202, or permission of the instructor. Spring semester. Three units. Mr. Hesselink.

[334. THE ROMANTIC MOVEMENT]
A study of the English Romantic writers from Blake to Keats. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)

[341. THE VICTORIAN ERA]
A study of major English writers from 1830 to the end of the century. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)

[352. TWENTIETH CENTURY LITERATURE]
A study of representative works of poetry, drama, and short fiction in English and American literature from 1900 to the present. Prerequisite: English 201 or 202, or permission of the instructor. Fall semester. Three units. Mr. Hesselink.

[366. LITERATURE FOR CHILDREN AND ADOLESCENTS]
A course designed to explore the vast resources in children's literature and to show appropriate ways of making literature a delight at any age. May be taken for credit in either English or education. Spring semester. Three units. Mr. Hekman.

[367. APPLIED ENGLISH WORKSHOP]
This course is designed for teachers of English in grades 7-12. Participants will be active in workshop sessions in these areas: literature, language, composition, the mass media. May be taken for credit in either English or education. Prerequisite: Permission of the instructor. Fall semester. Three units. Mr. Hekman.

[399. INDEPENDENT STUDY]
A course designed for the student who has demonstrated potential ability for independent study. It allows him
to choose and to explore, under the guidance of an instructor, an area of literature or language not fully covered in available courses. Credit to be determined in each case; maximum credit, three units per semester.

406. CHAUCER
A study of Chaucer’s art, with some attention to the social and literary backgrounds of his work. Prerequisite: English 201 or 202, or permission of the instructor. Spring semester. Three units. Mr. Hesselink.

418. SHAKESPEARE
A study of Shakespeare’s dramatic art. Prerequisite: English 201 or 202, or permission of the instructor. Fall semester. Three units. Mr. Barker.

[423. MILTON]
A study of Milton’s English poetry, with some attention to his prose works. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1975-76.)

FOREIGN LANGUAGE
See French, German, Greek.

FRENCH
CORE REQUIREMENT IN LANGUAGE
The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 17. The language requirements for specific major programs should be checked with the department involved.

All students who have already begun French in high school and who wish to fulfill the foreign language requirement in French will be placed by an examination given at the beginning of the semester.

COURSES IN FRENCH
61-62. ELEMENTARY FRENCH
Pronunciation, fundamentals of grammar, readings, conversation and composition. Eight units. By special arrangements with the instructor, up to four units may be taken via a programmed approach. Miss Boese.
63-64. INTERMEDIATE FRENCH

Review of grammar and basic skills; selected readings in French. Six units. Miss Boese.

399. INDEPENDENT STUDY

A course designed for the student who has demonstrated potential ability for independent study. The content of the course includes the reading, in the original language, of literature and other forms of writing. Credit to be determined in each case. Maximum credit, three units per semester.

GERMAN

CORE REQUIREMENT IN LANGUAGE

The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 17. The language requirements for specific major programs should be checked with the department involved.

All students who have already begun German in high school and who wish to fulfill the foreign language requirement in German will be placed by an examination given at the beginning of the semester.

COURSES IN GERMAN

71-72. ELEMENTARY GERMAN

Grammar, pronunciation, reading, and conversation. Eight units.

73-74. INTERMEDIATE GERMAN

399. INDEPENDENT STUDY

A course designed for the student who has demonstrated potential ability for independent study. The content of the course includes the reading, in the original language, of literature and other forms of writing. Credit to be determined in each case. Maximum credit, three units per semester.

GREEK

CORE REQUIREMENT IN LANGUAGE

The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 17. The language requirements for specific major programs should be checked with the department involved.
COURSES IN GREEK

75-76. ELEMENTARY GREEK
    An introduction to the grammar and vocabulary of the Koine Greek. Eight units. Mr. Mawhinney.

77-78. INTERMEDIATE GREEK
    Advanced grammatical analysis of New Testament Greek. Readings in Johannine literature in the fall semester and Synoptic readings in the spring semester. Six units. Mr. Mawhinney.

REQUIREMENTS FOR GEORGIA SECONDARY SCHOOL CERTIFICATION

1. Normal requirements for a history major including work in the following areas: (a) ancient, (b) medieval, (c) modern, (d) United States, (e) historiography.
2. In addition, a minimum of three units in two of the following areas: (a) economics, (b) geography, (c) political science, (d) behavioral science—anthropology, psychology, or sociology.
3. A course in history of the state of Georgia.
4. A teaching minor in education (see Teacher Education Program).
5. A minimum of three units of mathematics.

COURSES IN HISTORY

102. TRANS-ATLANTIC CIVILIZATION
   A thematic study of the history of Europe and the United States since the American and French Revolutions. A comparative study, this course will focus on common themes within the similar yet distinct cultural contexts of Europe and America. During the course methodological questions of historical fact and interpretation in their relationship to the Christian faith will also be considered. Four units. Mr. Austin and Mr. Voskuil.

202. EUROPE SINCE THE RENAISSANCE
   An overview study focusing on the various cultural patterns and ideals which arose in western Europe since the Renaissance. The emphasis will fall on Italian Civic Humanism, the various streams of the Protestant and Catholic reform movements, European absolutism, Democracy, Socialism, and Fascism, and the structural forms of these movements. Open to freshmen. Three units. Mr. Voskuil.

[204. AMERICAN GOVERNMENT]
   A study of the organization, functions, and services of the national government, with special consideration of its constitutional basis and current issues. Three units. (Not offered 1975-76.)

211, 212. HISTORY OF THE UNITED STATES
   A synthesis of the political, social, cultural, and religious phases of American life. First semester to 1865; second semester since 1865. Open to freshmen. Three units each semester. Mr. Austin.

213. HISTORY OF GEORGIA
   A brief survey of Georgia history. Designed to meet Georgia teacher certification requirements. One unit. Mr. Austin.

300, 301. HISTORIOGRAPHY AND RESEARCH
   A course designed for history majors in their junior year. The student is exposed to the problems of historiography with special attention given to the Christian approach to and interpretation of history. The course includes familiarization with the tools and techniques of historical research and requires their application in the form of a written presentation. Required of history majors and interdisciplinary majors who select additional hours in history. Three units first semester; two units second semester. Mr. Austin and Mr. Voskuil.
[302. ENGLAND SINCE 1485]
A study of the formation of Anglicanism in its Tudor form, the struggle between the Stuarts and Parliament and the gradual secularization of Anglicanism in the eighteenth century. Victorian England is studied as a transition period to the twentieth century social democracy. The stress falls on constitutional, ecclesiastical, social and intellectual developments. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil. (Not offered 1975-76)

303. ANCIENT GREECE AND ROME
A study of Bronze Age Greece, the rise and formation of the Greek city-state, the impact of Alexander the Great, and the institutions of the Hellenistic world. Attention will then shift to Rome, to the rise and development of the Republic, the transition to Empire and its eventual disintegration. An attempt will be made to understand the character of classical humanism as it came to be expressed in the early Roman empire. Three units. Mr. Voskuil.

[304. MEDIEVAL CIVILIZATION]
The medieval world is studied as a civilization in its own right, having its own particular values and institutional structure. The course begins with the Germanic invasions of the western Roman empire and ends with the decline of the church in the fourteenth century. Attention will focus on the development of the concept of a united Christian society and the accompanying cultural differentiation. Three units. Mr. Voskuil (Not offered 1975-76)

[305. THE HISTORY OF POLITICAL THEORY]
A one semester study of the major political theorists of the West, for example, Plato, Aristotle, Cicero, Augustine, Aquinas, Machiavelli, Bodin, Locke, Rousseau, J. S. Mill, Burke, Marx. Representative figures will be studied rather than the entire tradition of western theory. Considerable attention will be devoted to the natural law tradition. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Voskuil. (Not offered 1975-76)

306. EUROPE, 1400-1789
A topical study of European history. The emphasis will fall on trans-national developments such as secular humanism, church reform, state absolutism, the rise of science, Enlightenment rationalism, and the like. Prerequisite: History 202 or the permission of the instructor. Three units. Mr. Voskuil.

[307. EUROPE, 1789 TO THE PRESENT]
A continuation of the type of study outlined in History 306. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil. (Not offered, 1975-76)

[308. MODERN RUSSIA]
A study of Russia since Peter the Great. Emphasis will be on the structural character and the ideals of Tsarist Russia, the growing revolutionary movement and the development of Marxist society. Conducted largely as a reading tutorial. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil. (Not offered 1975-76.)

309. MODERN GERMANY
A study of the major themes of German history since the Protestant Reformation. The study will focus largely on those aspects of German history which will help the student to understand Germany's role in the twentieth century. Conducted largely as a reading tutorial. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil.
311. HISTORY OF CHRISTIANITY

A one semester historical survey of the life and thought of the Christian Church in its political and social environment. Attention will be focused on critical periods of the church's development such as its early formation within the Roman Empire, its role in medieval civilization, the sixteenth-century reform, modern revivals, and the like. Course work will stress source reading and short reports. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Voskuil.

[313. COLONIAL AMERICA]

A study of early American history with emphasis on the European settlement of North America, the social and cultural development of the American community, and the establishment of political independence at the time of the American Revolution. Prerequisite: History 211 or permission of the instructor. Three units. Mr. Austin. (Not offered 1975-76)

314. U.S. DIPLOMATIC HISTORY

A survey of America's rise to world power with special emphasis upon the development of foreign policy. Particular attention is devoted to U.S. foreign affairs in the twentieth century. Prerequisite: History 212 or permission of the instructor. Three units. Mr. Austin.

[315. RECENT AMERICAN HISTORY]

An in-depth study of twentieth century U.S. history with stress upon domestic problems and programs. Prerequisite: History 212 or permission of the instructor. Three units. Mr. Austin. (Not offered 1975-76.)

316. U.S. CONSTITUTIONAL HISTORY

A study of the origins of the political theory expressed in the constitution with special attention given to the constitutional convention and an examination of significant supreme court decisions which interpret the constitution. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Austin.

317. POLITICAL PHILOSOPHY

See Philosophy 317.

[319. THE HISTORY OF AMERICAN DEMOCRATIC THEORY]

This course traces the development of the American democratic ideal throughout the history of the United States with emphasis placed upon significant redefinitions and reformulations of that ideal. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Austin. (Not offered 1975-76)

321. HISTORY OF AMERICAN PRESBYTERIANISM

An historical analysis of the origins and development of American Presbyterianism with special attention paid to the events which led to the formation of such Reformed bodies as the Reformed Presbyterian Church, Evangelical Synod and the Orthodox Presbyterian Church. Three units. Mr. Austin.

350. SUMMER READING SEMINAR

Guided readings in historical topics. Three units.
400. INDEPENDENT STUDY

Independent study in history may be pursued by qualified students in accordance with established guidelines. See this catalog, page 20.

401. STUDIES IN U.S. HISTORY

Advanced studies in selected topics (e.g. the Federalist Era, Civil War, New Deal, etc.) in American history. This course is conducted as a seminar with a limited enrollment and consists of extensive reading accompanied by written and oral presentations by the student. The topic varies each year and the course may be taken more than once. Prerequisites: appropriate lower level courses in American history and permission of the instructor. May be taken for either three or four units. Mr. Austin.

409. SEMINAR IN MODERN EUROPE

Seminar on topics in European history, the emphasis of which will fall on the period since World War I. Prerequisite: History 202 and six hours of upper level history study. May be taken for either three or four units. Mr. Voskuil.

411, 412. AMERICAN SOCIAL AND INTELLECTUAL HISTORY

These courses trace the development of American thought in religion, philosophy, education, social reform, political theory, and related fields with consideration given to social values and conduct. Prerequisite: History 211 and 212 or permission of the instructor. Three units each semester. Mr. Austin.

INTERDISCIPLINARY STUDIES

ACCEPTANCE INTO THE INTERDISCIPLINARY MAJOR

Each student seeking a major in interdisciplinary studies, except those seeking certification in elementary education, must make written application to the interdisciplinary committee. This application will include a clear statement of the student’s goals and an explanation of how those goals will best be fulfilled by an interdisciplinary major. Those seeking certification should follow the application procedures outlined on page 71, under Teacher Education Program.

The student should understand both what an academic discipline is and what the advantages and disadvantages of pursuing an interdisciplinary major are.

An academic discipline is a theoretical study that seeks to analyze a specific aspect of God’s creation or of man’s cultural response. It goes beyond merely introductory studies and is separate from those studies that are solely vocational in emphasis and from those that are simply tools to be used for analytical study.

For the student wishing to explore more disciplines than would normally be provided by selecting a major and a minor field, the interdisciplinary major gives the option of broader coverage. This may give him a better basis for such careers as advertising, business, elementary education, law, or the ministry. At the same time, the interdisciplinary major should not be viewed as an escape from choosing a major in a single academic discipline. The student should realize that, though the interdisciplinary major seeks to provide some depth in each of three academic disciplines, it will not give him the same in-depth grasp of a discipline that choice of a major in a single field would.

The major in interdisciplinary studies emphasizes studies in the humanities and social sciences, so does not at the present time include any sciences. The disciplines from which a choice can be made are:

COURSES IN INTERDISCIPLINARY STUDIES

31. FOUNDATIONS OF MODERN CULTURE

A survey of Christian principles which provide a perspective for evaluating modes of thought from which modern values and cultures have developed. Following an introduction to the Biblical foundations of this perspective there will be an analysis of great ideas from the fields of philosophy and science. The course will include an overview of the ways in which Christians have understood the relation between their faith and ethics and the values of a secularized society. Four units. Mr. Young and Mr. Hurley.

33. PERSPECTIVES ON THE SOCIAL SCIENCES

An introduction to the disciplines of sociology, psychology, and anthropology, showing their relation to one another. Special emphasis will be given to contemporary problems dealt with by these disciplines, and methods of study they employ. Issues from the three disciplines will be examined from a Christian perspective. Four units. (Not offered 1975-76.)

34. MAN'S CREATIVE EXPRESSION

An introduction to general aesthetic questions and the literary, musical, and plastic arts. Students will learn how to study and criticize already existing works of art, and they will learn something of the creative process by creating their own works of art. Christian perspectives on man's artistic expressions will be emphasized. Four units.

91-92. PHILOSOPHY OF THE CHRISTIAN FAITH

A survey of the system of doctrine taught in the scripture with a view toward seeking solutions for the problem of the relationship between Christ and culture. The first semester will include lectures and student forums. During the second semester students will be expected either to prepare a written thesis or project, which will provide an opportunity to explore and analyze a problem from the student's major field, in the light of Christian philosophy, or to engage in discussions on topics derived from a select list of readings in the history of thought significant for Christianity. Three units first semester; two units second semester. Mr. Anderson and Mr. Hurley.

271. HISTORY AND CULTURE OF BLACK AMERICANS

The black man in America, his history, his cultural accomplishments, and the social problems that have accompanied him. Enrollment open to freshmen with permission. Three units (Not offered 1975-76.)
[281. (381.) ENVIRONMENTAL STUDIES]

The Biblical principles upon which environmental problems are to be evaluated. Current misuse of environment: air, water. Population growth. Methods of conservation. Federal, state, and local control and abatement activities. May be taken for upper-division credit. Three units. Mr. Wenger. (Not offered 1975-76.)

[291. THE SPIRIT AND SUBSTANCE OF ART]

A discussion of the aesthetic aspect of creation, the motives which make for artistic creativity, the criteria by which aesthetic judgments are made. Selections from major thinkers will be read and discussed. Art objects will be examined and evaluated. Three units. (Not offered 1975-76.)

391. OLD TESTAMENT VIEW OF LIFE

An examination of the main themes of Job, certain Psalms, Proverbs, Ecclesiastes, and Lamentations. Permission of instructor required. Three units. Mr. Sanderson.

DUAL DEGREE PROGRAM WITH GEORGIA INSTITUTE OF TECHNOLOGY

This five-year program leads to a B.A. from Covenant and a B.S. in Information and Computer Science or a B.S. in Applied Mathematics from Georgia Tech. The chairman of the mathematics department should be consulted for detailed requirements.

COURSES IN MATHEMATICS

21. FUNDAMENTALS OF MATHEMATICS

Elementary set theory, the logical nature of mathematics, the real number system, topics of algebra, algebraic functions. This course serves to fulfill the college core requirements in mathematics. Three units.

21(E). TEACHING AND THE FUNDAMENTALS OF MATHEMATICS

A special section of Math 21: Fundamentals of Mathematics, which includes approaches used and materials available in the teaching of mathematics within the elementary school. Required for elementary certification. Four units.

141-142. PRE-CALCULUS MATHEMATICS

Algebraic, exponential, and logarithmic functions, analytic trigonometry, complex numbers, theory of equations, matrices and determinants, sequences and series, mathematical induction. Designed for freshmen who are not prepared to begin calculus. The first semester can fulfill the core requirement in mathematics. Six units. Mr. Keister.
145-146. CALCULUS WITH ANALYTIC GEOMETRY I, II

Analytic geometry, functions and limits, the derivative and its applications, transcendental functions, the definite integral and its application, methods of integration. These courses are prerequisite to all mathematics courses numbered above 200. Prerequisite: Mathematics 142 or equivalent for 145. Mathematics 145 for 146. Eight units. Mr. Keister.

247. CALCULUS WITH ANALYTIC GEOMETRY III

A continuation of Mathematics 145-146. Vectors, and parametric equations, solid analytic geometry and vectors, partial differentiation, multiple integration, infinite series. Prerequisite: Mathematics 146. Four units. Mr. Keister.

251. ELEMENTARY STATISTICAL METHODS

See Psychology 251.

[341-342. MODERN ALGEBRA]

A first course in abstract and linear algebra. Sets, mappings, equivalence relations, and introduction to the theory of groups, rings, and fields, linear equations, vector spaces, and linear transformations, matrices and determinants, characteristic values and vectors, similarity of matrices. Prerequisite: Mathematics 247 or consent of the instructor. Six units. (Not offered 1975-76.)

[343. MODERN GEOMETRY]

The nature of this course is expected to vary with the needs and interests of the students. Selected topics from advanced Euclidean geometry, projective geometry, and non-Euclidean geometries. Prerequisite: Mathematics 247 or consent of the instructor. Three units. (Not offered 1975-76.)

[345-346. MATHEMATICAL PROBABILITY AND STATISTICS]

Introduction to probability, finite sample spaces, conditional probability and independence, random variables and their characterization, special discrete and continuous distributions, the moment-generating function, sums of random variables, sampling distributions, estimation of parameters, testing hypotheses. Prerequisite: Mathematics 247 or consent of the instructor. Six units. (Not offered 1975-76.)

347-348. ELEMENTARY DIFFERENTIAL EQUATIONS AND BOUNDARY-VALUE PROBLEMS

First order differential equations, second and higher order linear equations, series solutions, the Laplace transform, numerical methods, systems of first order equations, linear second order boundary value problems. Fourier series, partial differential equations. Prerequisite: Mathematics 247 for 347 and 347 for 348. Eight units. Mr. Keister. (Offered on demand.)

[441-442. APPLIED MATHEMATICS]

Topics in advanced calculus, vector calculus; calculus of variations, Fourier series, Laplace transforms, Fourier transforms; topics in complex variables. Prerequisite: Mathematics 347. Three units. (Not offered 1975-76.)
The program in medical technology calls for early and extensive counseling of students in order that they be properly informed of the requirements and aims of the program. A student entering this program will ordinarily have to make his decision earlier in his college career than is necessary for some of the other programs offered by the college. The program requires a minimum of 97 units of college work, the last 30 of which must be taken at Covenant, plus 30 units from an approved school of Medical Technology.

### COURSES IN MISSIONS

[201. THE CHURCH'S MISSION TO THE MEDIEVAL FAR EASTERN CIVILIZATION]

A study of the eastward advance of missionaries of the early, Nestorian, and medieval churches will be made, with special attention given to the social, cultural, and historical situations of the Oriental civilizations penetrated. The mo-
tivation, methodology, related doctrines, and results of each effort will be evaluated. Three units. Open to freshmen
text with permission of the instructor. Mr. Young. (Not offered 1975-76.)

202. THEOLOGY OF MISSIONS

A study of Biblical and extra-Biblical covenants will be made to see the importance of the covenant concept to the
revelation of redemption; the basis of missions as lying in a covenant-centered theology of missions; the doctrines of
election, atonement, love of God, common grace, and free offer of the gospel, in relation to missions. Three units.
Mr. Young.

[301. POST-REFORMATION HISTORY OF MISSIONS]

A study of the history of the foreign missionary movement from Reformation times, Calvin, the Puritans, Mennon-
ites, and the modern movement. Three units. Mr. Young. (Not offered 1975-76.)

[302. MISSIONARY METHODS AND PROBLEMS]

Methods of conducting the missionary effort in foreign countries will be studied in relation to such matters as com-
munications, elenetics, identification, unacceptable accommodation, the support and government of the local churches,
the problem of church and state, and various types of missionary endeavor. Three units. Mr. Young. (Not offered 1975-
76.)

[303. WORLD RELIGIONS]

An analytical and critical appraisal of the major non-Christian religious ideologies of animism, Hinduism, Buddhism,
Shintoism, and Islamism, with a consideration of the early influence of Christianity on the latter three, and the world
and life views with which their followers confront the missionary. Three units. Mr. Young. (Not offered 1975-76.)

[304. NEW TESTAMENT MISSIONS]

A study of the missionary activity of the apostles, considering the historical and cultural situations of the times and
the apostolic message, methods, and doctrine of the church. Three units. (Not offered 1975-76.)

[401. MISSIONS SEMINAR]

A study in depth of four mission fields representing different levels of culture and church growth, from advanced
to primitive, to understand the culture and problems, appraise the methods used and seek answers for the future.
Three units. Mr. Young. (Not offered 1975-76.)

[402. MODERN RELIGIOUS CULTS]

A critical study of the religious cults of Christian Science, Jehovah's Witnesses, Mormonism, and Seventh Day
Adventism, with special attention being given to their historical development and doctrinal emphases as these are
derived from their original source material. Three units. (Not offered 1975-76.)
MUSIC

REQUIREMENTS FOR ALL MUSIC MAJORS

Music majors are required to attend student recitals and to participate in a performing organization in their major area of performance. Credit may be earned in one or two performing organizations to which the student may belong simultaneously, but such credit will not fulfill any course requirements, including electives. All must sustain a performance examination at the end of each semester. All music majors are required a Basic Piano Proficiency of Level I, sight reading of simple accompaniments to art songs, instrumental solos, or piano music, and performance of a prepared piano composition or accompaniment. The student is to enroll for private piano instruction with or without credit until this requirement is met.

Applicants for the music programs will follow the standard application procedure for the college, but will be admitted to the music programs only by audition. Auditions may be made by tape and submitted to the music department, preferably in the spring, or personal auditions may be held by special appointment. Scholarships or playing grants are available for those needing financial aid. Requests for applications and information should be submitted to Scholarship Committee, Covenant College.

REQUIREMENTS FOR MAJOR IN MUSIC B. A. DEGREE

The purpose of the curriculum is to provide both a broad, liberal arts education and a concentrated training in applied and academic music. Private lessons are offered in piano, organ, voice, and the orchestral instruments. Completion of this program requires a total of 126 units, including 48 units of music.

Students are allowed to perform either as amateur, or, where quality permits, as professional union musicians, according to the orchestra's musical needs. Financial details may be obtained by writing Dr. Richard Cormier, Musical Director, Chattanooga Symphony Orchestra, Chattanooga, Tennessee.

Courses in Applied Music

Private instruction for credit in piano, voice, and orchestral and band instruments is available to all music majors. Students other than music majors will need special approval from the music department. Private instruction for credit on any instrument for which a resident college teacher is not available may be arranged, for all music majors, with qualified off-campus teachers approved by the music department. The department will assist in scheduling private instruction off campus. For lesson fees, see page 9.

All students studying privately, whether music majors or not, are required to attend all recitals.

Except for 101-102, two units of credit are given each semester for one hour of daily practice and one-half-hour lesson each week. Majors in applied music are required to take two half-hour lessons per week and two hours daily practice for four units of credit each semester. All students taking private instruction for credit are required to sustain a performance examination at the end of each semester.

The level assigned at the beginning of a semester (preferably on the basis of an audition) is subject to being changed in the course of that semester if the student does not prove to work at that level.

Three levels of instruction are offered with the following course number sequence:

| Level I: Elementary | 201 | 202 |
| Level II: Intermediate | 301 | 302 |
| Level III: Advanced | 401 | 402 |

Alternative theories of the development of landforms will be considered. Laboratory will include work with geological specimens. Three hours lecture. Two hours laboratory. Laboratory fee: $10.00. Mr. Wenger (Not offered 1975-76.)
NURSING EDUCATION

REQUIREMENTS FOR PRE-NURSING PROGRAM

Covenant College has arrangements with several of the country's leading collegiate schools of nursing that allow students to enter these schools for completion of the Bachelor of Science in nursing. By satisfactorily completing two years in the pre-nursing curriculum at Covenant College, the student may apply for admission on the junior level to the following schools: The College of Nursing, University of Tennessee at Memphis; The Faculty of Medicine, School of Nursing, Columbia University, New York City; and the School of Nursing, Emory University, Atlanta, Georgia. There are other schools of nursing to which the student can also transfer. Covenant's pre-nursing curriculum is worked out on an individual basis according to prerequisites of the selected school of nursing.

At Emory University and at Columbia University the B.S. in nursing can be earned in two additional years, and in three additional years at the University of Tennessee.

Core Requirements (Details, including alternative courses, are given on page 17)

317. POLITICAL PHILOSOPHY
A study of the authority, the forms, and the functions of government. The theories of Plato, Aristotle, Augustine, Samuel Rutherford, John Locke, Rousseau, Kant, Hegel and Marx. Questions to be considered: By what right do rulers coerce citizens? What forms of government are best for what functions? In addition to the secular theories of Aristotle, Rousseau, and Marx, there will be a discussion of the views of Augustine, Luther, and the Covenanters. Three units. Mr. Clark.

391. OLD TESTAMENT VIEW OF LIFE
See Interdisciplinary 391.

399-400. INDEPENDENT STUDY
With permission of the department, properly qualified philosophy majors may, under the supervision of individual members of the faculty, take a course of directed reading and independent investigation. The preparation of a thesis on the historical background and contemporary status of a major philosophical problem will be required. One, two, or three units.

[401. PHILOSOPHY OF SCIENCE]
A study of the nature, scope, and limitations of scientific method and explanation with some attention being given to scientific concepts such as causality, space, time, etc. Some inquiry will be made into the relationship between science and human values. Three units. (Not offered 1975-76.)

407. PHILOSOPHY SEMINAR
An in-depth inquiry into the work of a given philosopher, a specific problem in philosophy, or a specific area of philosophical concern. Three or four units. Mr. Sanderson.

PHYSICAL EDUCATION

In addition to the Physical Education activity course taken by freshmen, a complete program of intramural games and intercollegiate sports is offered. The intramural program enables students to compete on team and individual bases against members of other classes and the faculty. The winning men’s and women’s teams are presented trophies known as the President’s Cup. The intercollegiate program consists of men’s soccer, JV and Varsity basketball, baseball, tennis, and cross-country.

REQUIREMENTS FOR GEORGIA CERTIFICATION IN PHYSICAL EDUCATION, GRADES 1-12

The college is seeking to develop a program to meet the Georgia certification requirements. Students should check with the education department.
COURSES IN PHYSICAL EDUCATION

51-52. HEALTH AND PHYSICAL EDUCATION
    Fee: $7.50. One unit each semester. Mr. Fitzgerald.

55. FIRST AID AND PERSONAL SAFETY
    Students who satisfactorily complete this course are presented the Standard Red Cross First Aid Certificate. Fee: $7.50. One unit. Mr. Bowman.

130. INTRODUCTION TO PHYSICAL EDUCATION
    A study of the history and philosophy of the movement, men and methods of physical education from the Greco-Roman era to the present day. The contributions of the men and the changing methods will be researched. Each student will be required to do an individual project. Three units. Mr. Bowman.

131. SENIOR LIFESAVING
    One unit.

132. RED CROSS WATER SAFETY INSTRUCTION
    One unit.

133. HORSEBACK RIDING
    A special off-campus course where all the special skills in riding are taught. All students must provide their own transportation. Cost is $25.00 per semester. One unit.

201. PROBLEMS IN PHYSICAL EDUCATION
    To create an awareness into the current problems, trends, and issues in the field of physical education. To identify and utilize varied sources of information and to make aware of new methods and materials. Two units.

205-215. INDIVIDUAL SPORTS
    These courses aim to help the student develop skills in a particular individual activity.
    205. Archery. One unit. Mr. Fitzgerald.
    206. Bowling. Students are responsible for equipment and for game fees. One unit. Mr. Bowman.
    207. Gymnastics. One unit. (Not offered 1975-76.)
    208. Tennis. One unit. Mr. Fitzgerald. (Not offered 1975-76.)
    209. Golf. One unit. Mr. Fitzgerald. (Not offered 1975-76.)
    211. Swimming. One unit. Mr. Fitzgerald.
    212. Handball. One unit.
    213. Racquet Ball. One unit. (Not offered 1975-76.)
    214. Squash. One unit. (Not offered 1975-76.)
    215. Wrestling. One unit. (Not offered 1975-76.)
220-226. TEAM SPORTS

These courses aim to help the student develop skills in a particular team sport.
220. Soccer. One unit. Mr. Bowman. (Not offered 1975-76.)
221. Basketball. One unit. Mr. Fitzgerald. (Not offered 1975-76.)
222. Speedball. One unit. Mr. Bowman.
223. Volleyball. One unit. Mr. Fitzgerald. (Not offered 1975-76.)
224. Football. One unit.
225. Softball. One unit.

[331. PSYCHOLOGY OF COACHING]

The methods and strategy involved in coaching in all sports are stressed in this course with special emphasis on soccer, basketball, and baseball. Three units. Mr. Bowman. (Not offered 1975-76.)

[332. CAMPING AND RECREATION]

Development of the recreational movement in America in respect to leisure time. Community and national programs and laws. The organizational and administrative aspects of camping programs; the basis on which a camping program is developed. Three unit. Mr. Bowman. (Not offered 1975-76.)

335. PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL

The methods and materials for teaching physical education in the elementary school are considered. Curriculum planning, integration and correlation of the academic and the physical activity class, selection of materials, teaching techniques, and the selection of suitable activities for the elementary grades are emphasized. Three units. Mr. Bowman.

[336. PHYSICAL EDUCATION IN THE SECONDARY SCHOOL]

The nature, scope, and potential of physical education in today’s secondary school are considered. The role of Physical Education in the secondary school, curriculum planning, principles of teaching and scheduling, and unit planning are included in the course. Three units. Mr. Bowman. (Not offered 1975-76.)

[337. ADMINISTRATION OF SECONDARY SCHOOL ATHLETICS]

Study and discussion of the various phases of organization and administration. Administrative principles and the development of athletics in the school and community. Three units. Mr. Bowman. (Not offered 1975-76.)

338. KINESIOLOGY

A study of muscles, joint action, and the mechanics of human balance and motion. Prerequisite: Biology 216. Four units. Mr. Bowman.

400. INDEPENDENT STUDY

This is offered to qualified seniors who have a special interest in the area of physical education and recreation. One semester. One or two units. Mr. Bowman.

DUAL DEGREE PROGRAM WITH GEORGIA INSTITUTE OF TECHNOLOGY

This five-year program leads to a B.A. from Covenant and a B.S. in Physics from Georgia Tech. The chairman of the physics department should be consulted for detailed requirements.

COURSES IN PHYSICS

131-132. GENERAL PHYSICS

The essentials of mechanics, heat, sound, electricity, magnetism, and light, and an introduction to modern physics, including nuclear physics and atomic structure. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable laboratory deposit: $5.00. Eight units. Mr. Dameron.

231. MODERN PHYSICS

Modern ideas in physics: quantum theory, relativity, nuclear and atomic structure, fundamental particles. Prerequisites: Physics 131-132, Mathematics 145-146. Three hours lecture. Three units. Mr. Keister.

331. ELECTRICITY AND MAGNETISM

Electrostatics, d.c. circuits, magnetism, induced current, transients, and a.c. networks. Prerequisite: Mathematics 247. Three hours lecture. Three units. Mr. Keister.

[332. ANALYTICAL MECHANICS]

Particle and rigid body mechanics, harmonic oscillators, and an introduction to advanced dynamics. Prerequisite: Mathematics 145-146. Three hours lecture. Three units. (Not offered 1975-76).

[333. PRINCIPLES OF ELECTRONICS]

Fundamental theory of electron ballistics, semi-conductors, and vacuum tubes. Applications to modern scientific instrumentation will be stressed. Prerequisite: Physics 131-132. Two hours lecture. Three hours laboratory. Three units. Mr. Dameron. (Not offered 1975-76.)

[334. QUANTUM MECHANICS]

The origins of quantum theory, uncertainty of relations, formalism of wave mechanics, central potential problem, phase-shift, coulomb interaction, harmonic oscillator, angular momentum, perturbation theory. Prerequisite: Physics 231, 331; Mathematics 348. Three units. Mr. Keister. (Not offered 1975-76.)
337-338. (237-238). EXPERIMENTAL PHYSICS

Advanced laboratory experiments designed to integrate and augment work in lecture courses. Prerequisite: Physics 131-132. Three hours laboratory. Laboratory fee: $10.00 per semester. Two units. Mr. Dameron.

431-432. SPECIAL TOPICS IN PHYSICS

Concentration in selected fields of study. Prerequisite: senior standing. Three units each semester. Mr. Keister. (Offered on demand.)

PRE-MINISTERIAL CURRICULUM

The following course suggestions are proposed to serve as guidelines for pre-ministerial students at Covenant College. A student planning to enter theological seminary should consult the catalogs of the seminaries to which he may apply for their specific admissions requirements.

The Christian ministry calls for a broad acquaintance with the thought and life of our contemporary world and of our cultural heritage. It also requires a knowledge of people and an ability to communicate with them. Quite obviously it demands a thorough understanding of the Bible, the source of our message of the Gospel.

Much of the specialized knowledge for the ministry can be gained in theological seminary, but the broad foundation should be laid in college. Covenant's liberal arts curriculum is designed to help the pre-ministerial student achieve such a general background. In the core curriculum Greek, logic, and speech are recommended to fulfill the requirements. The sequence of geology-astronomy and evolution is recommended for fulfillment of the laboratory science requirement.

Any one of several majors is possible for the pre-ministerial student, including Biblical studies and missions, philosophy, history, English, or psychology. The minor may be selected from any of these same fields plus sociology or education. The recommended major, however, is either the major in Biblical studies and missions or the interdisciplinary program with Biblical studies or missions and some combination of the fields named above included.

Certain courses are strongly recommended in the pre-ministerial program: John or Romans, Theology of Missions, at least one philosophy course, History of Christianity, at least one literature course, Introduction to Music, and General Psychology. In addition to these, certain other courses are also recommended: Christian Ethics, Genesis, Bible Seminar, all of the missions courses, Introduction to Philosophy, Plato, Medieval Thought, Modern World History, Renaissance and Reformation, Sociology and Psychology of Religion, Literature and Contemporary Problems, Church Counseling, and Principles of Teaching and Learning.

PSYCHOLOGY

The discipline of psychology is concerned with the critical examination of the individual behavior of humans and other life forms. The major in psychology intends to take the student through the following sequence:

1. a survey of modern psychology
2. the methods used by psychologists in the investigation and analysis of behavior
3. the theories and data of the subfields within psychology
4. opportunity for application of the information of psychology and the integration of psychology with one's personal Christian beliefs.
The courses listed below are consistent with the above sequence, namely: (1) Survey courses, (2) Methods courses, (3) Content courses, and (4) Application courses. The student should be aware that the application of psychological principles necessarily follows an understanding of the data and methods upon which these principles are based.

The student majoring in psychology may take advantage of experimental equipment for individual research projects, calculator and computer facilities for the analysis of research data, and internship opportunities at the Moccasin Bend Psychiatric Hospital, Chattanooga, Tennessee.

The Department of Psychology of Covenant College is committed to an academically responsible concept of the integration process. It provides opportunity for relating the discipline with an evangelical Christian world and life view. Students majoring in psychology examine contemporary viewpoints on integration relative to psychology and work towards a personal statement reflecting their efforts.

For further information about the program in psychology write or contact: Dr. Douglas R. Sizemore, Chairman, Department of Psychology, Covenant College, Lookout Mountain, Tennessee 37350.

REQUIREMENTS FOR GEORGIA SECONDARY SCHOOL CERTIFICATION IN THE BEHAVIORAL SCIENCES

Students majoring in psychology at Covenant College may elect to earn the Georgia temporary certificate for secondary school teaching in the Behavioral Sciences. All requirements listed below must be completed by the student. A student electing this program should consult at the earliest possible date with a departmental advisor and the Teacher Education Program Director. The necessary requirements are:

1. Successful completion of the requirements for a major in psychology
2. Successful completion of nine hours in sociology and/or anthropology.
3. Successful completion of six hours in any of the following areas: (a) economics (b) history, (c) geography, (d) political science.
4. Successful completion of three hours in mathematics. For psychology majors in the education program, Psy 251. Elementary Statistical Methods, fulfills this requirement.

COURSES IN PSYCHOLOGY

Survey Courses

100. GENERAL PSYCHOLOGY
A general survey of the content areas of psychology. This course introduces the student to the critical examination of behavior in human and other life forms. Topics considered include the nature of psychology, biological foundations of behavior, perception, learning and memory, language and thought, motivation and emotion, developmental psychology, altered states of consciousness, personality, social psychology, psychopathology and psychotherapy. Three hours lecture, two hours laboratory-recitation. Offered each semester. Four units.

200. HISTORY AND SYSTEMS OF PSYCHOLOGY
A survey of the systematic and theoretical base of psychology. Topics considered include: the nature of science, the place of psychology in science, systems of psychology: Associationism, Structuralism, Functionalism, Behaviorism, Gestalt Psychology, and Psychoanalysis; and contemporary theories: S-R theory, field theory, personality theory, and quantitative influences in psychology. Prerequisites: Psy 100. Two hours lecture. Two units. Offered Spring.

Methods Courses

251. ELEMENTARY STATISTICAL METHODS
An introductory course in statistical procedures used in scientific research investigations. Topics considered include the nature and importance of statistics, quantification, measurement, probability, elementary research design, the collection and scoring of research results, measures of central tendency and norms, correlational analysis, statistical inference, analysis of variance and the analysis of categories and ranks. Computer applications will be stressed. Prerequisite: high school algebra. Three hours lecture and two hours laboratory. Offered Fall. Four units.

261. INTRODUCTION TO RESEARCH METHODS
This course introduces the student to the process and methods of research in the social sciences. Required of all majors in psychology. Topics considered include science and the scientific approach, problems and hypotheses, variable definition, research designs, types of research and methods of observation and data collection. Using a group project
format, the student formulates a research proposal and carries out the research, reporting the results in a research manu-
script prepared in a form acceptable for publication. Prerequisites: Psy 200, 251. Four hours lecture. Four units. Offered
Spring.

464. ADVANCED STATISTICAL TECHNIQUES

This course supplements the Elementary Statistical Methods course, Psy 251. Topics considered include experimen-
tal design, analysis of variance, multiple linear regression analysis, and factor analysis. Majors in psychology contempla-
ting graduate school are strongly encouraged to take this course at least once. Computer applications will be stressed.
Repeatable. Prerequisites: Psy 100, 200, 251, and 261. One hour lecture and two hours lab. Two units. Offered spring,
1975-76. Lab fee: $20.00.

Content Courses

204. PSYCHOLOGY OF LEARNING AND MEMORY

A critical examination of the principle theories and research in learning and memory. Consideration is given to ma-
jor positions. Rudimentary types of learning in the forms of classical and instrumental conditioning are considered as
well as verbal learning and memory. Topics considered include: learning and behavior, theories of learning, experimen-
tal methods, verbal learning and memory, transfer of learning, and behavior modification. Prerequisite: Psy 100, 200,
251, and 261. Three hours lecture, plus lab. Four units. Offered Fall.

244. SOCIAL PSYCHOLOGY

See Sociology 244.

303. DEVELOPMENTAL PSYCHOLOGY

A comprehensive survey of the development of the human individual from birth to death. Consideration is also
given to the methods of investigation employed. Topics considered include: theories of development, prenatal and birth
development, research methods, infancy, childhood, adolescence, adulthood, aging, death and disturbances in emo-
tional, social, and moral development. Prerequisite: Psy 100, 200, 251, and 261, or permission of instructor. Four
hours lecture. Four units.

331. PSYCHOLOGY OF PERSONALITY

A critical examination of the historical and contemporary theorists in the study of human personality. Theorists
considered include Freud, Jung, Adler, Allport, Cattell, Dollard, and Miller, Rogers, Maslow, Frankl and Ellis, as well
as others. The student, in considering these theorists, is challenged to develop a basic personal view of personality.
The course emphasizes the academically responsible integration of the evangelical and psychological dimensions of the
human personality. Prerequisite: Psy 100, 200, 251, and 261. Four hours lecture. Four units. Offered Fall.

344. ABNORMAL PSYCHOLOGY

This course represents the basic content in human psychological dysfunction. An in-depth examination is made of the
various abnormal mental stages in human individuals. Topics include concepts and definitions, symptoms and classifica-
tion, techniques of observations and interviews, psychoses, alcoholism and drug abuse, and contemporary treatment
procedures and facilities. Prerequisites: Psy 100, 200, 251, and 261. Four hours lecture. Four units. Offered spring,
1975-76.
[373. BIOLOGICAL FOUNDATIONS OF BEHAVIOR]

An overview of the physiological approach to psychology. Topics of consideration include the internal physiological environment, the nervous system, physiological aspects of the senses, reflexes and motor organization, brain dynamics, sleep and arousal, physiological considerations of motivation, emotion and learning, and physiological stress. Prerequisites: Psy 100, 200, 251, and 261. Three hours lecture, plus lab. Four units. (Not offered 1975-76.)

402. SPECIAL TOPICS IN PSYCHOLOGY

This course represents a loosely structured outlet for topics of interest in the discipline. A variety of subjects related to psychology are offered. Topics offered include scaling, behavior modification, multivariate statistics, behavior therapy, perception and sensation, ethics in psychological research, motivation and emotion, and others. The particular topic offered is based upon student interest and demand. Prerequisites: Junior standing, psychology major, or permission of instructor. Repeatable. One to four units.

[443. COUNSELING AND CLINICAL PSYCHOLOGY]

A comprehensive assessment of the procedures and techniques used by clinical and counseling psychologists. Topics include the historical development of clinical psychology, diagnosis and personality assessment, the clinical interview and case study, clinical testing, the psychotherapeutic function, variations in psychotherapy, behavioral therapies, group and play therapy, community psychology and mental health, and professional problems and developments. Prerequisites: Psy 100, 200, 251, and 261. Four hours lecture. Four units. (Not offered 1975-76.)

Application Courses

222. EDUCATIONAL PSYCHOLOGY

See Education 222.

353. PSYCHOLOGICAL TESTING

A comprehensive survey of the construction and use of psychological tests. Topics considered include functions and origins of psychological testing, the nature and use of psychological tests, the interpretation of test scores, reliability and validity, item analysis, the measurement of intelligence, aptitude and achievement tests, vocational and personality tests, attitude and interest inventories, projective techniques, and the social implications of test results. Periodic laboratory experiences will be offered. Prerequisites: Psy 100, 200, 251 and 261, or permission of the instructor. Four hours lecture. Four units. Offered Fall, 1975-76.

[444. PRACTICUM IN PSYCHOLOGY]

Junior and Senior students enroll in this course for practical experience in psychology relative to their area of interest. Students interested in the counseling and clinical aspects of psychology are placed in volunteer positions with the Moccasin Bend Psychiatric Hospital or other agencies. Clinically oriented students will have weekly interaction sessions with the coordinator. Students interested in the experimental and quantitative aspects of psychology take a research internship under the supervision of a department member. An effort is made to make this work of a publishable quality. Four to six units. Offered spring, 1976-77.

491. SENIOR SEMINAR IN PSYCHOLOGY

A required course of all graduating seniors majoring in psychology. This course examines the various contemporary
approaches to the integration of the academic discipline of psychology and evangelical Christian thought. A systematic review of the available literature is considered. Students will develop an understanding of current viewpoints and discuss possible strategies for integration. Prerequisites: graduating senior majoring in psychology. May be taken twice. One two-hour meeting per week. Two units. Offered each semester.

SOCIOLOGY

REQUIREMENTS FOR MINOR IN SOCIOLOGY

One course from each of the following groups:

I. Core Course: Sociology 141: principles of Sociology 3
II. Social Interaction
   Sociology 244: Social Psychology
   Sociology 344: Social Psychology of Groups
III. Social Concerns
   Sociology 241: Social Problems
   Sociology 243: Population and Society
   Sociology 345: Dynamics of Social Change
IV. Social Institutions
   Sociology 341: The Family
   Sociology 342: Sociology and Psychology of Religion
   Sociology 343: Sociology of Health

COURSES IN SOCIOLOGY

141. PRINCIPLES OF SOCIOLOGY

A general introduction to the major features of our society, including treatment of the social order, intergroup relations, and the major social institutions. Three units. Mr. Muller.

241. SOCIAL PROBLEMS

A survey of the pervasive and life-cycle problems that confront contemporary society today. Special emphasis will be given to poverty, racism, and crime and delinquency. A Christian approach toward contemporary social problems will be discussed. Three units.

[243. POPULATION AND SOCIETY]

The study of the basic components of demography will be covered: fertility, mortality, and migration. These basic components will be examined with respect to their impact on other social institutions. Current population problems and trends will also be considered. Three units. (Not offered 1975-76.)

244. SOCIAL PSYCHOLOGY

An analysis of the individual and his relationship to society. Examines development of life style patterns, considers major social psychological theories, and seeks to apply to the Christian life. Three units.
329. CULTURAL ANTHROPOLOGY

A study of man's social behavior from the earliest times to the present. Includes an examination of the historical background as well as an analysis of both the distinctive and universal elements of culture. Three units.

341. THE FAMILY

A sociological analysis of the family, from both a historic and a contemporary perspective. Emphasis upon changes in family structure, functions, and roles with special attention being given to the Biblical conception of the family. Three units. Mr. Muller.

342. SOCIOLOGY AND PSYCHOLOGY OF RELIGION

A study of the nature and development of religions, cults, and sects as they relate to the social structure. Emphasis upon the church as a social institution, and on various patterns of religious behavior. Three units. Mr. Muller.

343. SOCIOLOGY OF HEALTH

A study of the social factors related to physical and mental illness. Attention given to the doctor-patient relationship, community mental health, the delivery of health care services, and a Christian perspective on mental illness. Three units. Mr. Muller. (Not offered 1975-76.)

344. SOCIAL PSYCHOLOGY OF GROUPS

Study of the dynamics of group relations with special emphasis being given to group principles and processes such as decision-making and problem-solving, and theories of collective behavior. Three units. Mr. Muller.

345. DYNAMICS OF SOCIAL CHANGE

An analysis of the major trends and theories in social change. Emphasis is given to the understanding of current areas of social change. Students to share with class in seminar format. Three units. Mr. Muller. (Not offered 1975-76.)

348. READINGS IN MARRIAGE AND FAMILY COUNSELING

A summer reading course building on Sociology 341: The Family. Readings are selected covering various aspects of contemporary married and family living. Prerequisite: Sociology 341 or permission of the instructor. Three units. Mr. Muller.

TEACHER EDUCATION PROGRAM

REQUIREMENTS FOR TEACHING MINOR IN EDUCATION

All prospective teachers must have a major in an academic discipline and a teaching minor in education. The teaching minor in education must include the following professional sequence:

- Edu 221, Principles of Teaching and Learning 3
- Edu 222, Educational Psychology 3
- Edu 321, Structure of Knowledge 3
- Edu 411, Preparation and Utilization of Curriculum Materials 3
A minimum of two of the first three (221, 222, 321) courses must be taken at Covenant or another Christian college. Planning a program leading to certification should begin in the sophomore year since certain required courses may be offered only in alternate years. A person desiring certification in a state other than Georgia should also begin planning early in his program. Information on certification requirements in all states is available in the education office.

REQUIREMENTS FOR ADMISSION TO THE TEACHER EDUCATION PROGRAM

All prospective teachers must gain admission to the Teacher Education Program before they will be allowed to enroll in Education 321. Application forms are available in the education office. The requirements for admission are:

1. Completion of Education 221 with the grade of C or better.
2. A cumulative grade-point average of 2.00 or better.
3. Completion of at least 26 semester units of credit.
4. Completion of at least one semester in residence at Covenant College.
5. A recommendation by an adult who has knowledge of the candidate’s personal qualifications.
6. A recommendation by the Office of Student Affairs.

REQUIREMENTS FOR ELIGIBILITY TO STUDENT TEACH

Persons desiring to student teach must formally apply and be declared eligible before enrolling in Education 422/424. Teaching Practicum. Forms for this purpose are available in the education office.

The requirements for eligibility are:

1. Acceptance into the Teacher Education Program.
2. Completion of Education 222 and 321 with the grade of C or better.
3. A cumulative grade-point average of 2.00 or better.
4. Completion of at least 58 semester units of credit.
5. A recommendation by a professor in major discipline.
6. A recommendation by a professor under whom two or more education courses were taken.

THE PROFESSIONAL SEMESTER

Persons who have been admitted to the Teacher Education Program and have been approved to student teach may participate in a professional semester during their senior year. No course work other than the following will be allowed during this semester:

- 411. Preparation and Utilization of Curriculum Materials 3
- 412/414. Designing Teaching/Learning Models 3
- 422/424. Teaching Practicum 8

REQUIREMENTS FOR ELEMENTARY CERTIFICATION (GRADES 1-8)

Georgia T-4 Associate Professional (elementary) certification will be granted to persons who follow the program out-
lined below. This program meets the requirements for a major in interdisciplinary studies, but it is not mandatory that the student follow this major so long as the courses listed below are included.

REQUIREMENTS FOR SECONDARY CERTIFICATION (GRADES 7-12)

Georgia T-4 Associate Professional (secondary) certification will be granted to persons completing a degree program which includes a major in either biology, chemistry, English, history, or psychology and a teaching minor in education. Specific course requirements are listed under each discipline.

REQUIREMENTS FOR CERTIFICATION IN MUSIC OR PHYSICAL EDUCATION (GRADES 1-12)

Georgia T-4 Associate Professional (music or physical education) certification may be granted to persons completing the requirements for certification listed under the separate departments. As of fall 1975 the program in physical education had not been approved by the Georgia Department of Education.
COURSES IN EDUCATION

21(E). TEACHING AND THE FUNDAMENTALS OF MATHEMATICS
See Mathematics 21(E).

221. PRINCIPLES OF TEACHING AND LEARNING
After an initial acquaintance with the current scene in education, scriptural principles are studied to provide a basis for decision-making in education. These principles guide the study of the organization and curriculum of the school, the roles of teachers and students, professional relationships, and the control of the school. This course also provides content and experiences related to philosophical and sociological foundations of education. Pre-practicum experiences include tutoring individual students or small groups, observing classes, working with a classroom teacher, and/or visiting various kinds of schools. The course provides foundational knowledge for those who know they want to teach. Its content and experiences prove helpful to those just exploring the possibility of a career in education. Three units. Mr. Coughlin.

222. EDUCATION PSYCHOLOGY
A biblical view of the child is offered in three areas, his development, his behavior, and his learning processes. Contemporary theories based on behaviorism and humanism are evaluated against the norm of Scripture. Each student works with a child or young person one hour per week during which theory can become practice as an in-depth case study is developed. A paper stating a personal view of the child based on one’s personal philosophy is a required product that becomes a foundational statement for other courses in education. Those planning to teach should take Education 221 as a prerequisite. Three units. Miss Davis.

235. PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL
(See Physical Education 235.) Required for elementary certification.

321. STRUCTURE OF KNOWLEDGE (CURRICULUM THEORY)
An introduction to epistemology in preparation for an analysis of each academic discipline to determine what is known, the manner of inquiry, and the relationship to every other discipline. A Christian world-and-life view is key to the content. Students selecting either elementary or secondary levels profit by sharing this content. They develop an understanding of the conceptual structure of the discipline and the contributions other disciplines offer to theirs. The aim is to view reality as an integrated whole rather than a collection of parts. Three units. Mr. Coughlin.

326. FUNDAMENTALS OF READING
This course includes a general survey of approaches to reading and a study of some critical analyses of these approaches. Students will be involved in local schools in pre-practicum experiences. Required for elementary certification. Three units. Miss Davis.

352. MUSIC IN THE ELEMENTARY SCHOOL
(See Music 352.) Required for elementary certification.

366. LITERATURE FOR CHILDREN AND ADOLESCENTS
(See English 366.) Required for elementary certification.
394. ART FOR CHILDREN AND ADOLESCENTS

(See Art 394.) Required for elementary certification.

411. PREPARATION AND UTILIZATION OF CURRICULUM MATERIALS

Biblical criteria with which to evaluate commercially-produced curriculum materials and competencies to produce Christian curriculum materials are developed. Students also become involved with multi-media hardware and software as it pertains to their teaching area. A multi-media product to be used with a teaching unit is developed. Prerequisite: Education 221, 222, and 321. Three units. Miss Davis.

412/414. DESIGNING TEACHING/LEARNING MODELS

Personal teaching approaches, techniques, and styles that reflect a Christian philosophy and view of the child are developed. Special emphasis is also placed upon the exploration of biblical interpersonal relations within the educational setting. The pre-practicum experience includes observations of and involvement with the cooperating classroom teacher with whom the student will practice teach during the final half of the semester. The content is shared by all students regardless of interest, elementary (412) or secondary (414) levels. Students register by number for certification purposes. Prerequisite: Education 221, 222, and 321. Three units. Mr. Coughlin.

422/424. TEACHING PRACTICUM

The final eight weeks of the professional semester are spent in an actual teaching experience on a full-day basis. No other college course work is allowed during this period. A weekly seminar is conducted with the college supervisor. Eight units. Mr. Coughlin and Miss Davis.

Anyone who becomes a Covenant College student does more than enter college. He joins a community where Christ is pre-eminent. We believe that a college education is more than classroom work, and our student organizations, chapel, practical work, residence hall life, athletics, standards of conduct and counseling programs are designed for the total development of the individual.

**CHAPEL**

Since we seek Christ's pre-eminence in every aspect of our lives, we believe that worship should be an important part of college life. Students, faculty, and administration come together for praise, prayer, and meditation on God's Word at a daily half-hour chapel program conducted by students, faculty, and guest speakers.

The church is vital in a Christian's life, and Covenant encourages students to be actively involved in the church of their choice.

**PRACTICAL WORK**

Christianity has established the dignity of labor, and the Reformed faith in particular emphasizes the duty of man to serve God in a variety of callings. At Covenant, every student is engaged in three hours of weekly practical work in the campus, and twice a year faculty and students join in a "Grub Day" to maintain, repair and beautify the college buildings and grounds.

**PLACEAMENT**

A file of vocational information is maintained in the Career Information Center in the Student Development Office. The center also maintains undergraduate, graduate, and seminary catalogs. Students are free to browse through this information any time during office hours and those desiring further assistance in vocational selection should use vocational interest tests offered through the Student Development Office.

Assistance in locating off-campus employment is available through the job placement service in the Student Work Office. A bulletin board outside the office is used to notify students of available part-time employment.

**COUNSELING**

The Office of Student Development can help students with personal concerns, as well as career planning, and many faculty members are willing to give assistance to students in all areas of their lives.

**STUDENT ORGANIZATIONS**

*Student Association*—The Student Association is made up of the entire student body, except part-time students who do not pay the regular program support fee. It meets as a body at least once a semester and more often at the call of the Student Senate. Final authority of the organization rests...
with the Student Association as a whole, which retains the right of initiative and referendum.

Student Senate—All organizational and governmental duties of the Student Association as outlined in the constitution and in the bylaws are administered through the Student Senate. Copies of the constitution are available on request.

Student Activities Board—The Student Activities Board has responsibility for the cultural, social, and (non-political) informational activities on campus. Responsibility and authority of the Student Activities Board are also described in the constitution and bylaws.

Christian Service Council—The council supports and presents means and opportunities for Christian service. The chairman of the Christian Service Council is appointed by the Student Senate. Members of the council are nominated by the chairman and approved by the Student Senate.

Cheerleaders—The cheerleaders are under the direction of the Athletic Department. Tryouts are held during the first two weeks of school and are open to all.

Cultural Affairs Committee—The Cultural Affairs Committee functions to provide entertainment and culturally stimulating programs for students and community. The chairman is appointed by the Student Activities Board president; the chairman then appoints a committee.

Drama Club—The Drama Club welcomes all students who seek opportunity for this form of expression in the arts. The club endeavors to give at least two productions during the academic year.

Athletics—The intercollegiate sports program includes soccer, cross-country, basketball, baseball, and tennis for men. Women compete in intercollegiate volleyball, basketball, and tennis. Intramural programs are directed by the Athletic Department. Members of each class are encouraged to participate in at least one sport each semester. Intramural sports include tennis, touch football, basketball, volleyball, pingpon, softball, horseshoes, golf, badminton, and bowling.

Judo Club—The Judo Club, which is open to all students, promotes the sport of judo providing discipline of mind and body within the framework of Christian fellowship and understanding.

Music Club—The Music Club, open for membership to all students, provides opportunity to share enjoyment in various kinds of music.

Music Groups—The College Chorale represents the college locally and appears in one national tour each year. Membership is by audition.

Proto-Ministerial Club—This association of students who plan to enter theological seminary upon graduation from college meets for informative sessions dealing with the opportunities, fields of
service, and challenges available to those interested in the ordained ministry of the church. Men and women interested in other types of ministering are welcome to attend.

Publications—Publications produced by Covenant students include the campus newspaper, the Bagpipe; an annual literary magazine; and the annual, the Tartan.

The Board of Publications, composed of faculty and students, acts in an advisory capacity to all regular student publications. Complaints, criticisms, or suggestions for any of the publications are handled through this board.

Social Committee—The committee is in charge of all-college social functions. The chairman is appointed by the president of the Student Activities Board. Members of the Social Committee are nominated by the committee chairman and are approved by the Student Activities Board.

Student Missions Fellowship—The Student Missions Fellowship seeks to promote interest in national and foreign missions among Covenant students. The fellowship has meetings as well as prayer groups representing different countries. Membership is open to all.

RESIDENCE HALL LIVING

Room assignments are made by the Assistant to the Deans. Linen, keys and room assignments are given to students when they arrive on campus. A $5.00 refundable key deposit is paid at the time the key is issued. There will be a $5.00 charge for the replacement of a lost key.

Requests for room changes must be made through the Resident Assistant living on the floor of the student making the request.

During fall recess, Christmas break, spring recess and summer vacation the residence hall rooms may be used for conferences since the room charge does not include these vacation periods. Students will be notified in every case and a place will be provided for the storage of valuables. Students are required to be out of the residence halls within 18 hours after the closing date of school as published in the catalog.

Freshman Hours—Freshman men and women will be in the residence halls after the following hours unless previous permission has been granted by the Resident Assistant:

Sunday through Thursday 12:00 midnight
Friday and Saturday 1:00 a.m.

Signing Out—All students must sign out if they plan to be out overnight, and all freshmen who plan to be away from the residence halls overnight must obtain a special permission slip from the Student Development Office.

Resident Assistants—Because of their special concern and desire to serve their fellow students, twelve upperclass students have been chosen to be Resident Assistants. R.A.s will be available to be of assistance as needed.

Laundry Facilities—Coin-operated washers and dryers for the use of all students are located in the service area off the science facility.

Linen Service—Linens will be provided as part of the room fee. Every week, two sheets, two bath towels, and a pillow case will be available for each student to pick up. Days and time of linen pick-up will be posted.

OFF-CAMPUS HOUSING

The Student Development Office will assist in locating off-campus housing for married students.
All single students under 21 except seniors are required to live in the residence halls on campus. Students who are seniors or who are 21 years of age or older before the beginning of the semester may live off-campus. Those students living off-campus must agree to abide by the standards of conduct that apply in the residence halls.

HEALTH SERVICE

Students who have paid the Program Support Fee are entitled to routine health and first aid care by the college health staff as well as to the benefits of a supplemental health and accident insurance policy is optional if the student provides proof of other adequate coverage prior to registration.

The college health facilities include a clinic and infirmaries. Emergency and infirmary nursing care is available 24 hours a day. General health problems and consultations are handled by the nurse during daily clinic hours. Medical care is arranged by appointments with private physicians in the Chattanooga area.

INSURANCE

Each student covered by the health and accident insurance policy will receive a brochure which discusses the details of the insurance benefits. Maternity coverage and coverage for dependents of students will be available at additional cost. This policy may be extended through the summer months if an additional premium is paid to the Accounting Office at the time of second semester registration.

STANDARDS OF CONDUCT

When it comes to meeting individual needs while working for the good of the community, all Christians are in a state of tension. For an institution to demand sacrifice of all personal needs for its own good, is tyranny, but when individuals refuse to accept any institutional roles, anarchy reigns.

Of course, neither tyranny nor anarchy can be part of a Christian community like Covenant, so the college searches constantly for Christ’s solution to the tension.

The result of that search is Covenant’s standards of conduct. After careful study of the Scriptures and our community, the college has developed a system of standards intended to meet Christ’s expectations and maintain a balance between individual freedom and the good of the community.

Anything clearly spelled out in the moral law of God is binding on Christians everywhere, so the practices which the Bible says are morally wrong are unacceptable for the Covenant community. Among these activities are drunkenness, stealing, gossip, and slanderous talk, all types of dishonesty and sexual sins. Scripture also condemns certain attitudes such as bitterness, greed, pride, jealousy, and an unforgiving spirit. We all carry a responsibility to encourage, exhort, and when necessary, admonish one another in meekness concerning sins such as these.

The college also has regulations which make the college community function more smoothly and act as a restraint on sin. The use of alcoholic beverages and tobacco, the non-medical use of narcotic or hallucinogenic drugs, gambling and social dancing are prohibited for these reasons.

Students are expected to exercise discretion and wisdom in several other areas such as the choice of television programs, movies, theater, music, literature, and other art forms; the choice of non-college organizations with which they asso-
discipline; intimacy in dating relationships; and modesty and cleanliness in dress and appearance. The dean or disciplinary board will counsel or take disciplinary action when there is irresponsible behavior in these areas.

(For more information on Covenant's standards of conduct, see the Student Handbook.)
