# Calendar for 1977-1978

## Fall Semester 1977
- **August 15**: Soccer Camp begins
- **August 18-19**: Faculty Fall Conference
- **August 22**: Transfer and freshman students arrive
- **August 23-25**: Placement examinations (8:00 a.m.)
- **August 23**: Reception for new students and their parents (afternoon)
- **August 28**: Opening Convocation
- **August 22**: Transfer and freshman students arrive
- **August 23-25**: Academic counseling and orientation
- **August 25**: All-school outing
- **August 26**: First day of classes
- **August 27**: All-school outing
- **September 9**: Last day to add a course or to change to or from Pass/Fail
- **September 30**: Homecoming
- **October 4**: Grub Day
- **October 13-17**: Final examinations
- **October 18**: Classes resume
- **October 28**: Last day to drop a course or change to audit
- **November 9**: Day of Prayer
- **November 24**: Thanksgiving Recess
- **December 10**: Thursday classes to meet on this Saturday
- **December 12**: Last day of classes
- **December 13-16**: Final examinations

## Spring Semester 1978
- **January 4**: Registration
- **January 5**: First day of classes
- **January 18**: Last day to add a course or to change to or from Pass/Fail
- **February 22**: Day of Prayer
- **February 24**: Mid-semester marks due
- **March 4-13**: Spring recess
- **March 17**: Last day to drop a course or change to audit
- **March 25**: Undergraduate Program exams for seniors
- **April 6**: Grub Day
- **April 28**: Last day of classes
- **May 1-5**: Final examinations
- **May 6**: Commencement
Statement of Purpose

Covenant College is a Christian institution of higher education, emphasizing liberal arts, operated by a board of trustees elected by the General Synod of the Reformed Presbyterian Church, Evangelical Synod.

The college is committed to the Bible as the Word of God written, and accepts as its most adequate and comprehensive interpretation the summary contained in the Westminster Confession of Faith and Catechisms. We acknowledge Christ pre-eminent as the creator of all things, as the redeemer of men fallen into sin, as the touchstone of all truth and as the sovereign ruler over all areas of life.

The purpose of Covenant College is stated in its motto—"That in all things Christ might have the pre-eminence." (Colossians 1:18) To serve this end we seek to appropriate the mind of Christ so that we might characterize and respond to reality in accordance with Biblical teachings. In attempting to make a Biblically grounded frame of reference explicit and operative, we are dedicated to excellence in academic inquiry, and we desire to define this understanding and purpose.

With these commitments in mind we seek to work together as a college community, responsibly striving, corporately and personally, to accomplish these general aims in every area of life:

(1) to see creation as the handiwork of God and to study it with wonder and respect;
(2) to acknowledge the fallen nature of ourselves and of the rest of creation and to respond, in view of the renewal which begins with Christ’s redemption, by seeking to bring every thought and act into obedience to Him;
(3) to reclaim the creation for God and redirect it to the service of God and man, receiving the many valuable insights into the structure of reality provided by the good hand of God through men of learning in every age, and seeking to interpret and re-form such insights according to the Scriptures;
(4) to think as Christians about culture and endeavor to make it reflect our commitment to Christ in order to glorify God and promote the true advancement of men.

As an educational institution Covenant College specifically directs its efforts toward the students who enroll. This is done in the following ways:

A. Students in on-campus programs are expected to become active participants in the general tasks outlined above. It is the college’s purpose to help these students make significant progress toward maturity in the following areas:

(1) Identity in Christ. A Christian student is a person who is united with Christ and committed to Him. This union and commitment should lead to an understanding both of one’s sin and of one’s significance as a person redeemed by Christ, resulting in a growing awareness of purpose.

(2) Christian frame of reference. A Christian student should be acquiring the ability to orient his whole life by a perspective based on Biblical revelation. For realization of this goal the following are important:

(a) Scriptural knowledge. A Christian student should be acquiring a working knowledge of the Scriptures, rejoicing in their promises and allowing them to direct his thoughts and actions in every area of his life.

(b) Academic inquiry. A Christian student should be acquiring a broad appreciation of the various aspects of creation, becoming familiar with valid methods of inquiry into each area of study. He should be acquiring some depth in one or two academic disciplines.

(c) Analytical skills. A Christian student should be acquiring the capacity for incisive, critical and logical thinking.

(d) Communication skills. A Christian student should be acquiring the ability to communicate ideas clearly in both speaking and writing.

(3) Service which is Christian.

(a) A Christian student should be assuming his responsibilities within a local congregation as well as in the community of all believers. This implies that he should demonstrate a positive influence on others while at the same time accepting their loving concern for him.

(b) A Christian student should be assuming responsibilities in society as a servant of God. This involves his total life-calling to fulfill his covenantal responsibilities as succinctly summarized in Genesis 1:28 and Matthew 28:18-20, including not only his specific vocation, but all other activities as well.

B. Covenant College considers that it has a responsibility to contribute to the intellectual, moral and spiritual development of persons who may not be able to become involved in on-campus degree programs. Furthermore, the college has a responsibility to provide certain educational services to the surrounding geographical community. It may, therefore, engage in certain continuing education and extension programs. Faculty in such programs are expected to teach on the basis of the college’s commitment even though students may not be able to participate fully in the general tasks outlined in an earlier part of this statement.
Covenant College is a Christian, liberal arts college affiliated with the Reformed Presbyterian Church, Evangelical Synod, and committed to Jesus Christ and His Kingdom. Covenant seeks to help its students understand more fully the Scriptural implications of Christ's pre-eminence as they study the natural creation, cultivate the arts and produce sound societal relationships in business, home, school and state. To accomplish these ends, Covenant bases its academic program on the Bible, the written Word of God.

Covenant College is in compliance with Title VI of the Civil Rights Act of 1964. It does not discriminate in admissions, financial aid, athletics or employment on the basis of race, color, national origin or sex.

Academic Program

The college, which has a two semester academic year and a summer program, awards Associate of Arts, Bachelor of Arts and Bachelor of Music degrees with 16 liberal arts majors and several pre-professional programs.

Off-campus Study

Covenant students have the opportunity to get part of their education in interesting off-campus study projects. They can receive credit for study at L'Abri Fellowship, archeological field work in the Holy Land with the American Institute of Holy Land Studies or for summer overseas mission work with World Presbyterian Missions.

Campus

The college was founded in 1955 and established in 1964 on Lookout Mountain in the northwest corner of Georgia, overlooking the city of Chattanooga, Tennessee.

Library

The library collection, including approximately 88,000 items, is housed in the Anna E. Kresge Library near the center of the campus. The building features a language laboratory, a center for curricular materials, an audio-visual center and individualized study carrels throughout the stack areas. Included in the library are the beginnings of the large Stanley S. and Dorothy McVittie Kresge Collection for Christian Learning, a gathering of books and other resources chosen specifically for their ability to help students integrate their own courses of study with their Christian commitment. Also included is the T. Stanley Soltau collection of books in Bible and missions.

Residence Halls

Covenant students live in Carter Hall, the college’s main building, and a new men’s residence hall nearby. Carter Hall also contains many of the college’s classrooms, dining hall, book store, administrative offices and “The Blink,” Covenant’s unique snack bar.

Other Facilities

The modern physical education center contains the college gymnasium, classrooms, recreation rooms and a weight room. Tennis courts are available on campus. The college’s large athletic field for soccer and baseball is near the campus, and the swimming pool is adjacent to Carter Hall. Other campus buildings include Covenant’s art workshop and the music building. A new college chapel/fine arts building will be completed in 1978.

Covenant manages the nearby Lookout Mountain recreation center, and the facilities there are available for student use. The chalet-style, natural stone building contains a snack bar, pool tables, electronic games, shuffleboard areas, study areas, conference rooms and a TV room with a large fireplace.

Costs

It is the desire of Covenant College, within the limits of its available funds, to offer its Christian educational opportunities to all who qualify for admission, regardless of individual economic circumstances.

The cost of an education at Covenant is only partly covered by tuition charges; the balance is paid from contributions made by friends and alumni of the college. Because of increasing costs, the Board of Trustees reserves the right to make changes at any time in the tuition charges and other general and special fees.

The college requires that each student have sufficient funds at registration to cover the expenses of the semester. Students may obtain the funds from their own sources or they may participate in the Student Billing Program administered by the Master Charge Department of the American National Bank and Trust Company of Chattanooga, TN.

The Registrar’s Office will not issue transcripts of academic credit for students with unpaid college accounts. The Registrar’s Office will also not admit students with unpaid accounts for a new semester.

Graduation fee (includes Undergraduate Examination Program fee) .................. 25.00
Transportation to and from terminals ... to be announced
Chorale fee, per year .................................. 3.00
Auditing fee, per unit .................................. 20.00
Laboratory fees in science, physical education, and art (see course descriptions in the catalog)

Music
Fees for private instruction per semester
  For full-time students:
    One half-hour lesson weekly .................. 50.00
    Two half-hour lessons weekly ................. 100.00
  (Additional charge may be necessary for instruction taken off campus.)

Board and Room
All junior, sophomore, and freshman students, unless twenty-one years of age or older, must live in the residence halls unless specifically excused by the Dean of Students. Seniors and students 21 years of age and older are eligible to live off campus dependent on the full capacity of the college residence halls.

Meals are served beginning on registration day through final examinations, with the exception of the fall and spring recesses.

Rooms may be occupied without charge by returning students on the day before registration and by new students on the day before the orientation and testing programs begin.

Students engaged in Education 422/424: Teaching Practicum follow the calendar of the school to which they are assigned for their student teaching and therefore, if they reside in the dormitories, are permitted to remain during the college recesses for no extra room charges. They will provide their own meals.

Linen service, including two single bed sheets, a pillowcase and two towels, will be provided for students on a weekly basis.

Admissions

A student is admitted to Covenant College by certificate from his secondary school, by transfer, or by examination in special cases. The admissions committee seeks to attract students who give evidence of those qualities of mind and purpose which an education in a Christian liberal arts college requires and whose personal qualifications give assurance that they will be responsible and contributing members of the college community. Applicants are asked to offer a credible profession of faith in Jesus Christ as Savior and Lord. Those who have not themselves made a profession of faith in Christ but who are children of a believing parent or parents will also be considered for admission.

Covenant College is accredited by the Southern Association of Colleges and Schools. The college was approved for nonimmigrant students on September 23, 1956, by the District Director of the Immigration and Naturalization Service. Covenant is also approved for the training of ex-service personnel under public laws, and the college meets the criteria established by the United States Office of Education for listing in its higher education directory. The teacher education programs of Covenant College are approved by the State of Georgia Department of Education.

Application for Admission

To apply, students should obtain an application from the Admissions Counseling office and return the completed application form with a $15 application fee. An official transcript from the student's high school and any post-secondary school should be sent to: Admissions Counseling, Covenant College, Lookout Mountain, Tennessee 37350.

Scores from either the Scholastic Aptitude Test (SAT) or the American College Test (ACT) should also be sent. Covenant's code number is 6124 for the SAT and 3951 for the ACT.

Once all necessary information has been received, the application will be acted upon. To confirm acceptance to the college, the student should send a non-refundable deposit of $65 to be applied toward tuition and room for the first semester at Covenant.

Each student must also submit a physician's certificate on forms furnished by the college.

Admission from a Secondary School

A candidate for admission should be a graduate of an approved secondary school. The student should have at least 15 units, each unit representing one year of satisfactory work in a subject. It is recommended that the units be distributed as follows:

- English ................................................. 3 or 4
- Mathematics (algebra, trigonometry, geometry) .... 2
- One foreign language .................................. 2
- History and social studies .................................. 2
- Natural science ........................................... 2
- Electives ................................................. 3 or 4

Candidates for admission should present marks of A, B or C in secondary school subjects and a combined score of 800 or higher in the SAT examinations.

Since the primary concern is evidence that a student is prepared to carry on college work, the Admissions Committee is willing to consider the applications of students whose preparation may vary from the usual pattern. For instance, students may be admitted if they have equivalent education representing a normal four-year course of study, provided they present above average marks and national test scores.

Applicants who attain a satisfactory score on the General Education Development Tests may also be admitted.
Advanced Placement
Testing Program — During the orientation period in the fall, all entering freshmen who wish to bypass core courses in English, mathematics, Bible or foreign language must take Covenant's placement tests.

Educational Testing Service — Students enrolled in the Educational Testing Service's college-level Advanced Placement Program courses in secondary schools will be given credit for courses in which they earn scores of 4 or 5 on the Advanced Placement Examinations, and may bypass courses in which they earn a score of 3.

College Level Examination Program — A maximum of 30 units of credit may be earned in the College Level Examination Program (CLEP) sponsored by the College Entrance Examination Board. Credit will be given for general examinations on which a score of 500 is earned, and courses may be bypassed with scores of 3. Credit may be earned in CLEP's Subject Examinations for which parallel courses are offered at Covenant College. Qualifying scores range from 45 to 51 depending on the particular examination. Credit in the same area of study will not be given for both the general and the subject examinations.

Further information about CLEP examinations approved for credit and minimum scores required may be obtained from the Office of Admissions and Records. Such credits are placed on the student's Covenant College record after he has successfully completed 12 units of credit at the college. Credit by examination will not be given for courses for which the student has already earned college credit.

Admission of Transfer Students
Students with satisfactory records from other colleges or educational institutions of approved standing will, provided they have had equivalent general subject matter. No more than nine units of credit will be granted for courses which parallel courses are offered at Covenant College.

Transfer students may, with the consent of department heads, be excused from certain required courses for which they have had equivalent general subject matter. No more than nine units of credit will be granted for courses taken by correspondence.

No student admitted from another institution will be eligible for graduation from Covenant College until he has completed a minimum of 30 academic units in this institution.

Special Students
The college will on a limited basis admit as special students mature persons who do not wish to work for a degree because of personal objectives or because of irregularities in qualifications. The Admissions Committee may also admit as special students for a single semester, persons who have appealed their academic suspension status and desire one more opportunity to demonstrate their ability to do college work. Special students will not receive college credit unless their status is changed to regular standing. They will be required to pay the regular tuition fees.

Auditors
Persons who do not wish to register for credit or as special students may be permitted to register as auditors under the following conditions: that they (1) pay the tuition charges for the courses in which they seek enrollment and the regular fees (no additional fee for students registered for a full-time credit load); (2) obtain the consent of the instructor; and (3) audit only courses for which there are adequate classroom and laboratory facilities. Graduates of Covenant College may audit courses in the regular fall and spring semesters without tuition charge. All permissions and registrations for auditing courses shall be filed in the Registrar's Office.

Payment of College Charges
Inasmuch as a student's account cannot be estimated exactly in advance of registration day, it is required that the amount of Tuition, Room and Board be paid at registration. This amount is approximately $1935.00.

If the student is not able to pay the full amount at registration time, he must plan to participate in the Student Billing Program administered by the Master Charge Department of the American National Bank and Trust Company of Chattanooga. Under this program he has 25 days in which to pay this bill without incurring a carrying charge. After that, interest charges are determined at the rate of 1 1/2% per month on the unpaid balance. The billing will be on the basis of three equal payments.

Students with outstanding accounts at the end of the semester will not receive grades or transcripts for their academic work and will not be allowed to register for additional studies.

Budget Estimate for a College Year
It is suggested that each student prepare in advance an estimate of his expenses for a college year (two semesters). In addition to the charges itemized under Fees and Expenses, the student should include in such an estimate his travel expenses, clothing, laundry, cleaning and incidental personal expenses. Books and supplies will normally cost $80.00 to $100.00 a semester. Students provide their own blankets (for single beds) although other linens are supplied as described under Board and Room. It is customary for roommates to consult each other after arrival about the color scheme for bed spreads and any other room accessories they desire.

Financial Aid
Inquiries concerning financial aid should be addressed to the Student Financial Aid Coordinator. Application for financial assistance must include a Covenant College Application for Student Financial Aid and a Financial Aid Form (FAF). The FAF is filed with the College Scholarship Service, Box 176, Princeton, NJ 08540. The Covenant College code number is 6124. All forms may be obtained from the Financial Aid Coordinator at Covenant College.

Inasmuch as information for the forms is based on family income of the preceding calendar year, the required forms should not be filed until after January 1. Applications received by March 31 will be given first consideration.
Covenant College participates in the following financial aid programs:

I. Aid Directly Administered by Covenant College from Non-government Sources.

1. Academic Scholarships
   These awards are based on academic achievement and are renewable if the student maintains the prescribed grade point average.

2. Athletic Grants-in-aid
   These are awarded on athletic ability in the intercollegiate sports in which Covenant participates. The Director of Athletics should be contacted by students interested in these grants.

3. Music Scholarships
   These scholarships are given to students majoring in music upon recommendation of the Music Department. Interested students should contact the Chairman of the Music Department. If the student is not able to come to the campus for an audition, a tape will be requested.

4. Reformed Presbyterian Leadership Scholarships
   These awards are made to entering freshmen who are members of a local Reformed Presbyterian Church and show promise of future leadership in the Church. A written testimony by the applicant and a recommendation by the session of the student's church are required.

5. Reformed Presbyterian Ministerial Grants
   Partial tuition grants are awarded to dependent children of ordained Reformed Presbyterian ministers engaged in the full-time pastorate, Christian service, board appointed mission work or retired from the same.

6. The Jim Luikart Art Scholarship has been established by Mr. and Mrs. Max Luikart for a student in the art program with demonstrated financial need.

7. The Barrows Endowment Fund, established by Mr. and Mrs. Fred C. Barrows of Lookout Mountain, provides tuition assistance for a freshman student from Georgia, Alabama or Tennessee. Those who are eligible must file applications.

8. The Donald Andrew Mouritzen Memorial Athletic Award has been established by the family of Donald Andrew Mouritzen, a Covenant student in 1964-65 who entered the armed services of the United States and was killed in action in Viet Nam in 1967. The annual $25.00 prize is awarded to an upper classman who has made a significant contribution to the athletic program of the college.

9. The Annie Irvine Scott Loan Scholarship Fund (a memorial to the late Annie Irvine Scott of Gainesville, Texas) has been established at Covenant College and is available to students who are preparing for full-time Christian service and who are unable otherwise to obtain funds for their education.

10. The Clara Belle Dinkle Memorial, established by Captain and Mrs. Martinus Uding in memory of Mrs. Uding's aunt, is designated for the assistance of students seeking a nursing education. If such students are not available, this loan fund is to be used for assistance to children of missionaries.

11. The Daniel Ashley Jewell, Jr. Scholarship Fund, established by Mrs. Vera Jewell of Lookout Mountain in honor of her husband who pioneered as a businessman in the textile industry of North Georgia, has been designated to provide scholarship assistance primarily to students majoring in the field of Business Administration and Economics.

12. Editors of Bagpipe and Tartan and Student Senate President are awarded partial tuition grants.

II. Federally Funded Programs administered by Covenant College

1. National Direct Student Loans (NDSL)
   These are low interest loans repayable after the student leaves college.

2. Supplemental Educational Opportunity Grants (SEOG)
   These are direct grants which need not be repaid, designed for students in families with low incomes

3. Basic Educational Opportunity Grants (BEOG)
   Application for these non-repayable grants is made directly to the government. Application forms are available from high school counselors or the Financial Aid Coordinator at Covenant College. Students applying for this grant only do not need to file a Financial Aid Form.

4. College Work Study Program
   This program provides work opportunities for deserving students. Students who meet the financial requirements will be assigned work in one of the departments of the college at a standard hourly rate of pay for a given number of hours per week tailored to need and availability. A monthly check will be issued to the student after work hours are completed.

III. Financial Aid Available from Other Sources Outside Covenant College.

1. Federally and State Insured Loans and United Student Aid Fund Loans
   These are educational loans secured from the applicant's local bank. If the adjusted family income is less than $25,000 and if the loan does not exceed $2,500, the Financial Aid Form is not necessary.

2. State Loans, Grants and Scholarships
   For information concerning these loans, grants and scholarships the student should contact the Office of Higher Education at his state capitol.

3. Tuition Assistance Programs
   Some states have programs of providing aid directly to students at accredited private colleges. Georgia, the state in which Covenant College is located, has such a program. Again, the student should check with the Office of Higher Education at the state capitol for information.

Refunds

Compulsory Withdrawal —
When a student is requested to withdraw because of unsatisfactory academic work, failure to comply with regulations of the college or personal conduct considered to be injurious to the maintenance of wholesome campus life, no tuition fees will be refunded or remitted. Board will be refunded on a pro rata basis.

Schedule —
Refunds are granted only upon written application to the Business Office of the College when a student has withdrawn formally through the office of the dean of students. The college will normally adjust accounts on tuition and fees. The following policy will prevail:

If the student leaves during the first two weeks, a refund on tuition and fees of 80%; during the third week,
60%; during the fourth week, 40%; during the fifth and sixth week, 20%; after the sixth week, no refunds.

Board refund will be prorated on days remaining in the semester. No refund is allowed on a late registration fee. Due to the nature of commitments concerning dormitory room availability, room charges are not refundable.

Veterans
The refund policy of Covenant College shall be in accordance with the regulations of the Veterans Administration, Section 254, Public Law 550, that is, it shall maintain “a policy for the refund of the unused portion of tuition, fees, and other charges in the event a veteran fails to enter the course or withdraws or is discontinued therefore at any time prior to completion and such policy provides that the amount charged to the veteran for tuition, fees, and other charges for a portion of the course does not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course bears to its total length.”

Part-Time Employment
Part-time employment is available to many students in the nearby communities. Some students earn only a few dollars under the part-time work program, while other students earn a substantial part of their college expenses. The college cannot guarantee off campus employment to any of its students, but offers assistance in obtaining part-time jobs. A student who needs to earn part or all of his college expenses must have his work plans approved in advance and arrange his academic load in special conference with his adviser.

Insurance
Students desiring to bring cars to campus must provide a Certificate of Binder from their insurance companies.

All students not completing an insurance waiver card will be required to participate in the student medical insurance program sponsored by the college. Details on coverage and cost are available upon request from the Business Office.

All students desiring to participate in the college’s intercollegiate athletic program must participate in the student medical insurance program.

Registration
Orientation
During the first week of the fall term, new students arrive on campus, ahead of upperclassmen, for a special program of orientation. In this period, they take placement tests, attend lectures on student life and traditions, become acquainted with campus facilities, receive pre-registration counseling, participate in social gatherings and complete their registration.

As a continuing part of the new student’s orientation to college life, permission for off-campus weekends or overnight visits will not be granted until the fifth weekend after registration.

Registration Rules
All students will be expected to register during the regular registration periods at the beginning of each semester. Late registration will entail a fee of $15.00.

A student is not considered fully registered until he has paid the entire amount of his semester’s charges.

The tenth day of classes in each semester is the last day it is possible to register for full credit in any course. All work missed must be made up.

Course Load
Regularly enrolled students will be expected to carry 15 credit units per semester. Students will not be allowed to register for more than 19 units without special permission. Those students whose class work is below standard, or who find it necessary to be employed for more than 20 hours of work each week, may be required to reduce their programs of study.

Dropping or Changing Courses
A student who wishes to withdraw from an individual course, or to change his enrollment from one course to another, must have the expressed permission of the registrar. Students withdrawing from a course after the last day to drop a course (following distribution of mid-semester grade reports) will receive the mark WP if at the time of withdrawal their average mark in the course is passing, or the mark WF if their average mark is failing. No student will be allowed to change courses after the tenth day of classes in any semester. A fee will be charged for all class changes unless the circumstances requiring the change are beyond the control of the student.

Withdrawal from the College
Students desiring to withdraw from school before the end of a semester must notify the Dean of Students and process an official Withdrawal Clearance Form available in his office. For refunds see page 11.

Student Development
Anyone who becomes a Covenant College student does more than enter college. He joins a community where Christ is pre-eminent. We believe that a college education is more than classroom work, and our student organizations, chapel, practical work, residence hall life, athletics, standards of conduct and counseling programs are designed for the total development of the individual.

Chapel
Since we seek Christ’s pre-eminence in every aspect of our lives, we believe that worship should be an important part of college life. Students, faculty, and administration come together for praise, prayer, and meditation of God’s Word at a daily half-hour chapel program conducted by students, faculty, and guest speakers.

The church is vital in a Christian’s life, and Covenant encourages students to be actively involved in the church of their choice.

Practical Work
Christianity has established the dignity of labor, and the Reformed faith in particular emphasizes the duty of man to
serve God in a variety of callings. At Covenant, every student is engaged in one to three hours of weekly practical work on the campus, and twice a year faculty and students join in a “Grub Day” to maintain, repair and beautify the college buildings and grounds.

Placement

A file of vocational information is maintained in the Career Information Center in the Student Development Office. The center also maintains graduate and theological seminary catalogs. Students are free to browse through this information any time during office hours and those desiring further assistance in vocational selection should use vocational interest tests offered through the Student Development Office.

Assistance in locating off-campus employment is available through the job placement service in the Student Work Office. A bulletin board outside the office is used to notify students of available part-time employment.

Counseling

The Office of Student Development can help students with career planning, as well as with personal concerns, and many faculty members are willing to give assistance to students in all areas of their lives.

Student Organizations

The Student Association—The Student Association is made up of all students who pay the Student Activity Fee. Through its two components, the Student Senate and the Campus Activities Board, students have a significant role in setting policies and planning activities for their benefit.

The Student Senate—The Student Senate is composed of two senators from each class, a non-voting representative from the Campus Activities Board and two advisors, one from the faculty and one from the administration. It has standing committees to deal with the constitution, with research, and with particular matters concerning commuter students. It also selects the representatives to serve on college-wide planning commissions such as the Facilities Development Task Team, the Student Development Task Team, and the Curriculum Committee. The president of the Student Senate sits on the Administrative Council of the College and participates as a member of the Budget and Finance Planning Commission. The Student Senate also supervises the three student publications.

The Campus Activities Board—The Campus Activities Board is composed of six students, two administrators and three faculty members. Its chairman, secretary and treasurer are all elected by the Student Association. The chairman of the three committees which function under its direction — the Social Committee, the Cultural Affairs Committee, and the Spiritual Affairs Committee — all serve as members of the Campus Activities Board. Its purpose is to plan, coordinate, promote and encourage a wide variety of activities for the benefit of the entire Covenant College community.

The Social Committee—The Social Committee is in charge of college-wide social functions.

The Cultural Affairs Committee—The Cultural Affairs Committee provides both entertainment and culturally stimulating programs in such media as films, lectures, dramas, and music.

The Spiritual Affairs Committee—The Spiritual Affairs Committee presents and encourages means and opportunities for Christian service through the Christian Service Council, the Student Missions Fellowship and the Proto-Ministerial Club.

The Student Missions Fellowship—The Student Missions Fellowship seeks to promote interest in national and foreign missions among Covenant students. The fellowship has meetings as well as prayer groups representing different countries.

The Proto-Ministerial Club—The Proto-Ministerial Club is an association of students who plan to enter theological seminary upon graduation from college. It meets for informative sessions dealing with opportunities, fields of service, and challenges available to those interested in the ordained ministry of the Church.

In addition to the above named organizations, there are a variety of special interest groups of campus. Organizations currently functioning on campus include the following:

Cheerleaders—The cheerleaders function under the direction of the athletic department. Tryouts are held during the first two weeks of school and are open to all.

Drama Club—The Drama Club welcomes all students who seek opportunity for this form of expression in the arts. The club attempts to give at least two productions during the academic year.

Judo Club—The Judo Club is open to all students and promotes the sport of Judo, providing discipline of mind and body within the framework of Christian fellowship and understanding.

Music Club—The Music Club, open for membership for all students provides opportunities to share enjoyment in various kinds of music.

Publications—Publications produced by Covenant students include the campus newspaper, The Bagpipe; an annual literary magazine, The Thorn; and the annual, The Tartan.

Music Groups—The college chorale represents the college locally and appears in one national tour each year. Membership is by audition.

The Madrigal Singers, whose membership is by audition, represent the college in special programs and take part in two annual programs.

The Oratorio Chorus is open to all members of the student body, faculty, staff, and community. It presents one concert each semester.

The Chamber Orchestra and Stage Band are open to membership by audition.

Small groups, both vocal and instrumental are organized under the direction of the Music Department.

Intercollegiate Athletics—The intercollegiate sports program at Covenant College includes soccer, cross country, basketball, baseball and tennis for men. Women participate in volleyball, basketball and tennis.

Intramural Athletics—Intramural programs and a wide variety of sports are directed by the Student Development Office. All students, faculty, and staff are encouraged to participate in at least one sport each semester. Intramural sports include tennis, flag football, basketball, volleyball,
softball, table tennis, soccer, billiards, racketball and shuffleboard.

Residence Hall Living

Room assignments are made by the Assistant Dean of Students. Linens, keys, and room assignments are given to students when they arrive on campus. A $5.00 refundable key deposit is paid at the time the key is issued. There will be a $5.00 charge for the replacement of a lost key.

Requests for room changes must be made through the resident assistant living on the floor of the student making the request.

During fall recess, Christmas break, spring recess and summer vacation the residence hall rooms may be used for conferences since the room charge does not include these vacation periods. Students will be notified in every case and a place will be provided for the storage of valuables.

Students are required to be out of the residence halls within 18 hours after the closing date of school as published in the catalog.

Freshman Hours—Freshman men and women will be in the residence halls after the following hours unless previous permission has been granted by the Residence Hall Director:

Sunday through Thursday 12:00 midnight
Friday and Saturday 1:00 a.m.

Signing Out—All students must sign out if they plan to be out overnight, and all freshmen who plan to be away from the residence halls overnight must obtain special permission from the Residence Hall Director.

Resident Assistants—Because of their special concern and desire to serve their fellow students, 12 students have been chosen to be Resident Assistants. R.A.s will be available to be of assistance as needed to accommodate and supervise student development and control in the residence halls.

Laundry Facilities—Coin-operated washers and dryers for the use of all students are located in the service area of the residence halls.

Linen Service—Linens will be provided as part of the room fee. Every week, two sheets, two bath towels, and a pillow case will be available for each student to pick up. Days and time of linen pick-up will be posted.

Off-Campus Housing

The Student Development Office will assist in locating off-campus housing for married students. All single students under 21 except seniors are required to live in the residence halls on campus. Students who are seniors or who are 21 years of age or older are eligible to live off campus dependent upon the full capacity of the college residence halls. Those students living off-campus must abide by the standards of conduct.

Health Service

Students are entitled to routine health and first aid care by the college health staff. A health and accident insurance policy is required of all students, or is optional for students providing proof prior to registration of other adequate coverage.

The college health facilities include a clinic and infirmaries. Emergency and infirmary nursing care is available 24 hours a day. General health problems and consultations are handled by the nurse during daily clinic hours. Medical care is arranged by appointment with private physicians in the Chattanooga area.

Insurance

Each student covered by the health and accident insurance policy will receive a brochure which discusses the details of the insurance benefits. Maternity coverage and coverage for dependents of students will be available at additional cost. This policy may be extended through the summer months if an additional premium is paid to the Accounting Office at the time of second semester registration.

Standards of Conduct

When it comes to meeting individual needs while working for the good of the community, all Christians are in a state of tension. For an institution to demand sacrifice of all personal needs for its own good is tyranny but when individuals refuse to accept any institutional roles, anarchy reigns.

Of course, neither tyranny nor anarchy can be part of a Christian community like Covenant, so the college searches constantly for Christ’s solution to the tension.

The result of that search is Covenant’s standards of conduct. After careful study of the Scriptures and our community, the college has developed a system of standards intended to meet Christ’s expectations and maintain a balance between individual freedom and the good of the community.

Biblical Directives. Anything clearly spelled out in the moral law of God is binding on Christians everywhere, so the practices which the Bible says are morally wrong are unacceptable for the Covenant community. Among these activities are drunkenness, stealing, gossip, and slanderous talk, all types of dishonesty and sexual sins. Scripture also condemns certain attitudes such as bitterness, greed, pride, jealousy, and an unforgiving spirit. We all carry a responsibility to encourage, exhort, and when necessary, admonish one another in meekness concerning sins such as these.

College Rules. The college also has regulations which make the college community function more smoothly and act as a restraint on sin.

The college prohibits:

1. the possession or use of alcoholic beverages
2. the possession or use of tobacco
3. the non-medical use of narcotic or hallucinogenic drugs
4. gambling
5. social dancing, with the exception of some forms of folk and classical dancing. Before an activity consisting of any of these forms of dance is scheduled, it must be approved by the Dean of Students who will also authorize supervision of the event.

Areas of Personal Discretion. Students are expected to exercise discretion and wisdom in several other areas such as the choice of television programs, movies, theater, music, literature, and other art forms; the choice of non-college organizations with which they associate; intimacy in dating relationships; and modesty and cleanliness in dress and appearance. The dean or disciplinary board will counsel or take disciplinary action when there is irresponsible behavior in these areas.

(For more information on Covenant’s standards of conduct, see the Student Handbook.)
Academic Information

Academic Program

Graduation Requirements For Baccalaureate Degrees

The Bachelor of Arts Degree. Upon recommendation of the faculty and approval by the Board of Trustees, the degree of Bachelor of Arts is conferred upon students who have met the following requirements for graduation:

1. A minimum of 126 credit units.
2. A grade-point average of 2.0.
3. The fulfillment of all basic requirements.
4. At least 35 units in upper-division courses.
5. Compliance with all requirements in the major field, or major and minor fields.
6. No grades below C in the major and the minor.
7. A residence of one year and the completion of the last 30 units at Covenant College, with the exception that students in residence for more than one year may complete 9 of the 30 units at other approved colleges.
8. Completion of Undergraduate Program or other comprehensive examinations in the major.
9. The payment of all bills and the return of all equipment and library books.

The Bachelor of Music Degree. Upon recommendation of the faculty and approval by the Board of Trustees, a student may receive the degree of Bachelor of Music by meeting the following requirements for graduation:

1. A minimum of 126 credit units.
2. A grade point average of 2.0.
3. The fulfillment of all basic requirements.
4. At least 35 units in upper-division courses.
5. Compliance with all requirements in the major field, or major and minor fields.
6. A residence of one year and the completion of the last 30 units at Covenant College, with the exception that students in residence for more than one year may complete 9 of the 30 units at other approved colleges.
7. Completion of Undergraduate Program or other comprehensive examinations in the major.
8. The payment of all bills and the return of all equipment and library books.

Core Curriculum For Baccalaureate Degrees

Because the faculty believes that a liberal-arts education should be broad and inclusive, introducing the student to ideas and values of continuing concern and providing him with historical and spiritual perspectives on the complex problems of our society, the college has set a number of basic requirements for graduation, most of which are comprised in the core curriculum.

All students who are candidates for a baccalaureate degree, except those in certain special programs, are required to take courses, or demonstrate competency, in each of the following areas:

Interdisciplinary Studies
ID 31. Foundations of Modern Culture ..........................4
(Normally taken fall of freshman year. Students entering prior to fall, 1975, will have taken this for 8 units)
ID 91-92. Philosophy of the Christian Faith ..............5
(91 normally taken spring of junior year, 92 taken fall or spring of senior year)

Biblical Studies
Bib 111, 113 or 129. Old Testament .......................3
Bib 142 or 148. New Testament ..........................3
(Normally taken fall and spring of freshman year.)
Bib 277-278. Christian Doctrine .........................6
(Normally taken sophomore year)

Written Communication
Eng 11. English Composition ..................................3
(Students who demonstrate superior writing skills may be allowed to by-pass this requirement.)

Analysis
Phil 22. Logic .............................................3
or any course in Mathematics for which student qualifies.
(Students who score well on a mathematics test administered during registration week in the fall may be allowed to by-pass this requirement.)

History
His 102. Trans-Atlantic Civilization since 1763 ..........4
(Students who score well on a mathematics test administered during registration week in the fall may be allowed to by-pass this requirement.)

Laboratory Science
Most students will take ......................................8
Nat Sci 105. Problems of Physical Science, and either
Nat Sci 106. Problems of Biological Science or

Social Science
ID 33. Perspectives on the Social Sciences ..............4
(Students are encouraged to meet this requirement by the end of the junior year.)

Arts
ID 34. Man's Creative Expression .........................4
(Students are encouraged to meet this requirement by the end of the junior year.)

Language
This requirement may be met by taking certain combinations of courses in three categories:
1. Elementary Foreign Language, Intermediate Foreign Language
   Philosophy and Language
   European Literature in English Translation

The following combinations are allowed:

- A single foreign language through the intermediate level (14 units)
- Three semesters of the same foreign language plus one course from categories 2 or 3 (14 units)
- Elementary foreign language plus two courses from categories 2 and 3. (14 units)
- Two semesters each of two elementary foreign languages (16 units)
One or two courses from category 2, plus two or three courses from category 3, for a total of four courses. One course from category 3 will usually be in the Classics (12 units).

NOTE: Certain major programs may specify language requirements, and, therefore, restrict the choice of combinations above. (Students who score well on a language test administered during registration week in the fall may be allowed to by-pass up to four semesters of foreign language.)

Physical Education
PE 51-52. Health and Physical Education ................... 2
PE 55. First Aid and Personal Safety ..................... 1
(51-52 normally taken freshman year, 55 taken sophomore year. 51-52 not required for married students, military veterans or those excused for medical reasons)

Courses in the major or minor used for core requirements may also be used for credit in the major or minor unless otherwise specified by the appropriate department.

Majors and Minors
Covenant College seeks to provide a liberal-arts education that includes not only the broad and inclusive core curriculum but areas of greater specialization as well. This is the reason that every student pursuing a baccalaureate degree must meet the requirements of a major-minor program or a single major.

Major-Minor Program. This program involves a major of at least 24 hours and a minor of at least 12 hours, for a total of at least 36 hours of courses approved by the departments named as the major and minor subjects. A student must take at least 12 units of his major at Covenant College and at least 6 units of his minor. As an option, a student can concentrate entirely in a single major without any minor, but this major shall then include at least 36 hours. Variations in the requirements for the different major programs, in addition to the possibility of bypassing certain parts of the core, make the number of units available for free electives range from 0 up to 52.

Majors in natural sciences and in the music programs, as well as the programs in education and nursing, call for careful planning as early as the freshman year in order to assure fulfillment of all requirements and prerequisites. Be sure to see the specific requirements under the appropriate departments.

Major Programs
Applied Music
Biblical Studies and Missions
Biology
Business Administration
Chemistry
Elementary Education
English
History
Interdisciplinary Studies
Music
Music Education
Natural Science
(with concentrations in medical technology and pre-engineering studies)

Philosophy
Physical Education
Psychology
Sociology

Minor Programs
Art
Biblical Studies
Biology
Business Administration
Chemistry
Education
English
French
Greek
History
Mathematics
Missions
Music
Philosophy
Physical Education
Physics
Psychology
Sociology
Spanish

Special Programs. Courses preparatory to professional training are available in the following fields:

Medical Technology
Nursing Education
Pre-engineering (see Dual Degree Program under Engineering)
Pre-law (consult with the Registrar)
Pre-medicine (consult with Dr. Lothers)
Pre-ministerial
Teacher Education

Graduation Requirements for Associate Degrees

The Associate of Arts Degree. Upon recommendation of the faculty and approval by the Board of Trustees, the degree of Associate of Arts is conferred upon students who have met the following requirements for graduation:

1. A minimum of 65 credit units.
2. A grade-point average of 2.0.
3. The fulfillment of all basic requirements.
4. Compliance with all requirements in the area of concentration.
5. No marks below C in the area of concentration.
6. A residence of one year and the completion of the last 30 units at Covenant College.
7. The payment of all bills and the return of all equipment and library books.

Core Curriculum for Associate Degrees

Perspectives
ID 31. Foundations of Modern Culture .................. 4
Biblical Studies ............................................. 6
His 102. Trans-Atlantic Civilization ................... 4

Written Communication
Eng 11. English Composition............................ 3
Laboratory Science
Science .................................................. 4
(Nat Sci 105. Problems of Physical Science is preferred; the
requirement may also be fulfilled with Nat Sci 106 or 108,
Bio 111 or Chem 121.)

Social Science
Social Science ........................................... 3 or 4
(ID 33. Perspectives on the Social Sciences is preferred; the
requirement may also be fulfilled with Soc 141 or 241, Psy
100 or 244 or Edu 222.)

Arts
Arts .......................................................... 3 or 4
(ID 34. Man's Creative Expression preferred; the require¬
ment may also be fulfilled with any 100 or 200 literature
course or Art 111 or Mus 171.)

Physical Education
PE 51 or 52 .................................................. 1
PE 55, First Aid ............................................. 1

Area of Concentration
The specific requirements in the Area of Concentration are
listed under the individual departments. Currently, asso¬
ciate degrees are offered in Biblical Studies and Basic
Health Sciences. Please see Biblical Studies and Natural
Science.

The units in the Associate of Arts degree program are
distributed as follows:
Core Curriculum ......................................... 29-31
Area of Concentration ................................. 20-28
Elective Units ............................................ 6-16

Summer Session
Certain core courses and some other courses are ordinarily
offered during a summer session of six weeks duration.
Undergraduate students from Covenant College or from
other institutions will be welcomed for a limited number of
courses which are offered on the basis of demand. This not
only provides opportunity for students currently enrolled
in the college to make up deficiencies, earn extra credit or
take required units in order to lighten their loads during the
regular semesters; it also offers an opportunity for students
enrolled in secular colleges and universities to obtain dis¬
tinctively Christian instruction.

The summer school also meets the needs of high school
graduates who are deficient in requirements for college
admission and of Covenant College students on academic
probation. A maximum of six hours credit may be earned
during the summer session.

Off-Campus Studies
Special arrangements have been made to enable Covenant
College students to earn credit while studying off-campus
in connection with L’Abri Fellowship in Switzerland (en¬
rollment at L’Abri subject to availability of space at L’Abri),
the American Institute of Holy Land Studies on Mount
Zion, Jerusalem, Israel and at Covenant Circle in Berkeley,
California. Up to 12 semester hours may be earned in con-
nection with work at L’Abri or at Covenant Circle, and up
to 16 semester hours (24 quarter hours) in the Holy Land.
Ordinarily only juniors or second semester sophomores
may apply, and certain qualifications must be met. Stud¬
ents may also receive up to three units of credit for work
done in connection with a variety of summer service pro¬
grams sponsored by Christian Training Inc. and World
Presbyterian Missions. Details of each program, which
vary, may be obtained from the Registrar. Application
should be made well in advance of the term to be spent off

Independent Study
When possible, independent study will be arranged for
students with a cumulative grade point average of 3.00 or
above who are approved for such study by their depart¬
ment chairman. Ordinarily such study will be in a student’s
major field and will involve a subject not otherwise offered
at Covenant College. The student is expected to submit to
the supervising faculty member an outline and a bibliog¬
raphy for the program he wishes to study. Further details
may be obtained from the Registrar.

Private Study
Required courses, either core or major, not offered in a
given semester, may be arranged on a private basis. Such
an arrangement must be authorized by the Dean of the
Faculty and the Registrar, and this authorization will only
be granted when a student needs a course that will not be
offered again before his expected date of graduation. Such
situations may arise when (a) a student received a grade of
F in a required course, (b) a student changed majors late in
his college career or (c) a student transfers to Covenant
College.

Credit Awarded by Examination
Please see page 8 for information concerning credit through
the College Level Examination Program (CLEP).

Academic Standards
One of the criteria for the granting of the Bachelor of Arts
and the Bachelor of Music degrees is the satisfactory com¬
pletion of required courses with a grade point average of
2.0 in all subjects.

The Credit and Grading System
A unit is the amount of credit given for attendance in class
for a period of 50 minutes once a week throughout the
semester.

A grade point is a measure of quality assigned to or
withheld from units of credit according to the system of
grades in force in the college. Beginning in January 1977,
intermediate values are assigned to pluses and minuses.

Grades are assigned as follows:
A means SUPERIOR and carries 4 grade points per unit of
credit.
B means GOOD and carries 3 grade points per unit of
credit.
C means AVERAGE and carries 2 grade points per unit of
credit.
D means PASSING but inferior, and carries 1 grade point
per unit of credit.
F means FAILING and carries no grade point.
R means REPEAT and removes the previous mark in the course.
S means SATISFACTORY, and is given only as a mid-semester grade.
U means UNSATISFACTORY, and is given only as a mid-semester grade.
W means WITHDRAWN before the last day to drop a course.
WP means WITHDRAWN PASSING and indicates a satisfactory average at the time a course was dropped.
WF means WITHDRAWN FAILING and indicates an unsatisfactory average at the time a course was dropped, and carries no grade point.
INC means INCOMPLETE and indicates that part of the required work for the semester has not been completed. An incomplete is given only in cases of medical or other emergencies. Such work must be completed by the last day of the following semester or it will be recorded as Incomplete and averaged as a Failure.
Pass-Fail Option. Students with junior or senior standing and a cumulative grade point average of 2.70 or higher may take a total of twelve units toward graduation on a pass-fail basis in non-core courses and courses outside the departments of the student's major and minor. Students may not change from pass-fail to regular credit or from regular credit to pass-fail after the tenth day of classes in any semester. Units so earned carry credit for graduation but are not considered in computing the student's grade point average. The objective of the pass-fail option is to encourage students to take some courses they might not otherwise take.
For Education 422/424, Teaching Practicum: the following marking system is used: S—Satisfactory, U—Unsatisfactory (no credit and no repeating), I—Incomplete (to be removed upon successful completion of an additional period of student teaching).
The academic standing of all students is reported to the Dean of Students at the middle of each semester.

Proficiency in English
Instructors in all departments of Covenant College expect the written work of students to be in clear and correct English and to show competence in the organization and development of ideas. Therefore any student earning an F in English composition will retake the course, and any student turning in to any faculty member, in any course, material that is unsatisfactory in its writing will be referred to the chairman of the English department for corrective work.

Probation and Suspension
Students with cumulative grade point averages below the following averages will be placed on academic probation, a warning that the student is not making satisfactory progress toward a degree:

<table>
<thead>
<tr>
<th>Class</th>
<th>Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshmen</td>
<td>1.50</td>
</tr>
<tr>
<td>Sophomore</td>
<td>1.80</td>
</tr>
<tr>
<td>Junior</td>
<td>2.00</td>
</tr>
<tr>
<td>Senior</td>
<td>2.00</td>
</tr>
</tbody>
</table>

The exception will be the student who earns a 2.00 current grade point average or higher for two consecutive semesters. He will be released from his probationary status even though his cumulative grade point average may still be below the required minimum for his class. The "two semesters" refers to the fall and spring semesters and does not include summer session. A student with "F's" in two academic courses the same semester is placed on academic probation.

Students on academic probation may be asked to follow a program of seminars. This program is designed to assist the student to get the maximum benefit from his studies. The student must report to his Faculty Advisor at least once a month. He will follow a no-cut policy in all his courses, and his case will be reviewed on an individual basis by the faculty member involved in the particular course after consultation with the Student Development Office.

Students with cumulative grade point averages below the following averages will be placed on academic suspension:

<table>
<thead>
<tr>
<th>Class</th>
<th>Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>First semester freshman</td>
<td>1.00</td>
</tr>
<tr>
<td>Second semester freshman</td>
<td>1.00</td>
</tr>
<tr>
<td>First semester sophomore</td>
<td>1.40</td>
</tr>
<tr>
<td>Second semester sophomore</td>
<td>1.50</td>
</tr>
<tr>
<td>First semester junior</td>
<td>1.60</td>
</tr>
<tr>
<td>Second semester junior</td>
<td>1.70</td>
</tr>
<tr>
<td>First semester senior</td>
<td>1.80</td>
</tr>
<tr>
<td>Second semester senior</td>
<td>1.90</td>
</tr>
</tbody>
</table>

A student placed on academic suspension may appeal his suspension in writing to the Academic Standards and Admissions Committees.

Eligibility for Extracurricular Activities
Students on academic or disciplinary probation may be restricted in their participation in extracurricular activities, including work. The student on probation has the responsibility for making an appointment with one of the members of the Student Development Office for the purpose of reviewing participation in extracurricular activities for that semester. This review must be accomplished within the first two weeks of the semester.

Class Absence and Tardiness
Each instructor is free and responsible to determine and enforce whatever policy he wishes concerning excessive absences in his course and will inform his students of such policy at the beginning of each semester. This policy will include provision for making up missed work. It is the student's responsibility to contact the instructor about such work, and the faculty member will exercise his right of judgment as to whether or not a penalty will be assessed and whether or not the work may be made up at all.

The Student Development Office will provide written statements for emergency absences and the nurse will write statements for cases of illness when requested by the student or the teacher. These statements are not excuses but are given to faculty members for their information.

Students should inform their instructors in advance of any school trips which will necessitate absence from class. Faculty members will each 15 days report the interruption of class attendance by any student receiving Veterans Administration educational benefits.
Classification of Students
Students who have at least 15 acceptable units of entrance credit are classified as FRESHMEN.

SOPHOMORES must have at least 26 semester units with a grade-point average of 1.5.
JUNIORS must have at least 58 semester units with a grade-point average of 1.8.
SENIORS must have at least 90 semester units with a grade-point average of 2.0.

Scholastic Honors
The Dean’s List, which is announced at the close of each semester, contains the names of all students who have taken 12 or more hours with a grade-point average for the semester of 3.30, with no courses incomplete, and with no mark below C in any academic course.

Seniors who have been on the Dean’s List each semester since entering college or whose cumulative grade-point average is 3.50 will be excused from most final examinations in their last academic semester. Students must be in residence for a minimum of 60 units before their last academic semester to qualify.

Students who maintain a grade-point average of 3.50 throughout their Covenant College course will be graduated cum laude. Those who maintain an average of 3.75 will be graduated magna cum laude. Those who maintain an average of 3.90 will be graduated summa cum laude.

Students must be in residence for a minimum of sixty units (not including courses the student has elected to take Pass/Fail) to qualify for graduation honors.

Departmental Course Descriptions
Numbering of Courses
The first digit of a course number indicates the class level of students to whom it is open, with the exception of core courses, which are designated by two-digit numbers.

Courses numbered in the 100s are open to freshmen, those in the 200s are open to sophomores, and so forth. Permission to take sophomore courses may be granted to freshmen provided they have met the prerequisites.

Junior and senior courses (numbered in the 300s and 400s) are upper-division courses and, in general, are open only to those who have attained junior standing. In some instances sophomores, if they have the prerequisites, may be granted permission to take an upper-division course.

The college reserves the right to withdraw any course.

Many courses listed in the catalog are offered in alternate years. The schedule of classes in any given semester will be issued prior to registration. Brackets [ ] enclosing a course title indicate a course not being offered during the current year.

It is not possible to announce at the publication date of this catalog all the courses (and their professors) which may be offered in the current year. Where possible, this information has been given.

Courses in Art
111. Introduction to Art
Lecture and studio course designed to develop art knowledge and judgment through studies of historic and contemporary examples of painting, sculpture, architecture, industrial and commercial design and crafts. One hour lecture. Four hours studio. Three units. Mr. Kellogg.

201. Drawing
Studio course in basic drawing including experimentation with a variety of media. Four hours studio. Two units. Mr. Kellogg.

[202. Watercolor Painting]
Studio course in basic watercolor painting. Four hours studio. Two units. Mr. Kellogg. (Not offered 1977-78).

203. Printmaking I
Fundamental course in the basic relief printing processes involving studio work in linocut, woodcut and object prints. Four hours studio. Two units. Laboratory fee: $4.00. Mr. Kellogg.

[204. Printmaking II]
Fundamental course in the art of serigraphy. Four hours studio. Laboratory fee: $4.00. Two units. Mr. Kellogg. (Not offered 1977-78).

209. Ceramics
A studio course in basic ceramic pottery designed to develop artistic skills in making wheel-thrown pottery. Materials fee: $15.00; instructor’s fee: $35.00. Three units.

[301. Art History I]
Illustrated study of painting, sculpture and architecture from prehistoric times to the Italian Renaissance. (Offered alternate years, first semester.) Three units. Mr. Kellogg. (Not offered 1977-78).

[302. Art History II]
Illustrated study of painting, sculpture and architecture from the Italian Renaissance to the present day. (Offered alternate years, second semester.) Three units. Mr. Kellogg.

303. Oil Painting I
A studio course designed as an introduction to the oil painting medium. Prerequisite for Oil Painting II. Six hours studio. Three units. Mr. Kellogg.

304. Oil Painting II
A studio course with emphasis on composition in landscape, still life and figure painting. Prerequisite: Oil Painting I. Six hours studio. Three units. Mr. Kellogg.

394. Art for Children and Adolescents
Essential techniques, methods and materials in classroom organization and the operational phases of an art program. A study of the elements of design and the organization of the basic elements. Required for elementary certification. Laboratory fee: $4.00. Mr. Kellogg.

PE 52   | Health and Physical Education             | 1     |

PE 55   | First Aid and Personal Safety             | 1     |

Major and Supporting Course Requirements

Bible “book study” courses (to be divided between the two testaments) 9

271. Hermeneutics                                  4

371. Ethics                                      3

383. History of Christianity or 385. History of Dogma | 3

376. Christian Apologetics

Mis 202. Theology of Missions                      3

Electives                                          6

Pre-seminarians are strongly urged to take the following additional courses:

A course in Philosophy                           3

Appropriate courses in Psychology and/or Sociology 6

Eng 222. Speech Communication or 304. Advanced Composition | 3

Requirements for Minor in Biblical Studies

271. Hermeneutics or 372. Ethics or 375. Christian Apologetics | 3 or 4

Bible “book study” courses                        6

Elective in Missions                             3

Requirements for Associate of Arts Degree in Biblical Studies

Core Requirements (For details, see page 14)

ID 31. Foundations of Modern Culture              4

Bib 111, 113 or 129. Old Testament                3

Bib 142 or 148. New Testament                     3

His 102. Trans-Atlantic Civilization              4

Eng 11. English Composition                      3

Social Science                                    4

Lab Science                                      3 or 4

Arts                                              3 or 4

PE 51 or 52. Health and Physical Education        1

PE 55. First Aid and Personal Safety              1

Area of Concentration

Bib 277-278. Christian Doctrine                   6

Bib 271. Hermeneutics                             4

Bib 376. Christian Apologetics or 380. Evangelism | 3

Bib 383. History of Christianity or 385. History of Dogma | 3

Bib 327. Psalms or 328. Daniel and Revelation     3

Bible “book study” courses (to be divided between the two testaments) | 6 or 8

Elective in Missions                             3

Elective Units                                    6 or 8

Some credit may be earned off campus by qualified students in connection with L’Abri Fellowship in Switzerland and with the American Institute of Holy Land Studies in Israel. See the Department Chairman or Registrar for details.

Courses in Biblical and Theological Studies

111. History of Israel

A course designed for the student who has little or no knowledge of the Old Testament. This course surveys Hebrew history beginning with Abraham and concluding with Malachi. Although the historical framework is of primary concern lectures will also emphasize Old Testament theological concepts as they are presented and developed in history. A ten page paper is required. Three units credit. Mr. Clark.

113. Pentateuch

A comprehensive study of the Pentateuch with emphasis on content, the nature of the covenants and the history of redemption. A study of related doctrines as these are developed in context. Three units. Mr. Krabbendam.

129. Prophets of Israel

A comprehensive study of the Old Testament books of prophecy with special attention given to the nature and task of the prophetic office and its place in and effect upon redemptive history. Open to students who give evidence of good knowledge of the history of Israel. Three units.

142. Gospels and Acts

148. Pauline Epistles

A study of the background and theology of the Pauline Epistles. Lectures will examine both the history of the inter-testamental Period, devoting special attention to developments of significance to the Pauline era, and the structure of Pauline Theology. Reading assignments will cover special introduction to the various Pauline Epistles. Three units. Mr. Huxley.

272. Hermeneutics

A historical study of the ways in which the Church has interpreted her scriptures and a study of general hermeneutical principles with special attention drawn to the problem of the Kingdom and the hermeneutical situation that existed for the early Church. A paper is required. Four units credit. Mr. Krabbendam.

277-278. Christian Doctrine

An introduction to the historic doctrines of the Church, based on the Westminster Confession of Faith. Two semesters. Six units. Staff.

311. History of Israel

The same course as 111 described previously, but designed for upper-division students who wish to take it as an elective. Extra reading assignments will be given. Three units. Mr. Clark.

313. Pentateuch

The same course as 113 described above, but designed for upper-division students who wish to take it as an elective. Extra reading assignments will be given. Three units. Mr. Krabbendam.

315. Genesis

An analysis of the book, with specific reference to the Mesopotamian backgrounds of the patriarchs of Israel, the critical problems regarding origins, as well as the matters of authorship, date and purpose. Pre-requisite or to be taken concurrently: 111 or
322. Deuteronomy
A thorough study of the book comparing its background and form in the light of ancient international treaties, and showing how comprehensively it reveals the sovereign Lordship of God over his people in ancient times, with application to our own 20th century situation. The book of Deuteronomy is considered to be the most important for a complete understanding of the rest of the Old Testament. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Gilchrist. (Not offered 1977-78)

[327. Psalms]
A study of selected Psalms of the Old Testament scriptures, showing the variety of themes and discussing the moods of the authors as affected by their historical situation. Different forms of poetic expressions in the Psalms will be examined. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Gilchrist. (Not offered 1977-78)

329. Prophets of Israel
The same course as 129 described previously, but designed for upper-division students who wish to take it as an elective. Extra reading assignments will be given. Three units.

334. Daniel and Revelation
A detailed study of the apocalyptic literature of the Bible, with comparisons to the same type of literature produced during the inter-testamental period, including the Dead Sea scrolls, and an examination of various interpretations as developed in recent years. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Gilchrist.

342. Gospels and Acts
The same course as 142 described previously, but designed for upper-division students who wish to take it as an elective. Extra reading assignments will be given. Three units. Mr. Clark.

346. John
Study of the authorship, date, purpose, historical background and application of the message of John to modern life and thought with emphasis on doctrinal and ethical teaching. Pre-requisite, or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Clark.

348. Pauline Epistles
The same course as 148 described previously, but designed for upper-division students who wish to take it as an elective. Extra reading assignments will be given. Three units. Mr. Clark.

349. Romans
A study of the doctrinal, spiritual and ethical values in Romans, designed to give the students an understanding of the divine plan of salvation. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Krabbendam.

355. Ephesians and Colossians
Special emphasis will be placed on developing skills in Bible study methods as well as on the authenticity, authorship and content of the two epistles. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Anderson.

360. James
An in-depth analysis of the structure and contents of the epistle of James. Special attention will be given to the distinctive elements of James' teachings and their relationship to other authors in the New Testament. Prerequisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Krabbendam.

371. Ethics
A historical survey of approaches to Christian ethics, an exegetical study of the normative, situational and relational aspects of Christian ethics and a study of Biblical Ethics in context with special emphasis on the Decalogue and the doctrine of sanctification. Concentration on the various sections may vary from year to year. Prerequisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Hurley.

376. Christian Apologetics
A survey of various systems of Christian apologetics including study of anti-theistic theories. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Krabbendam.

380. Evangelism
A study of the message and methods of evangelism, as well as the requirements for effectiveness. Special emphasis on field work. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Krabbendam. (Not offered 1977-78)

383. History of Christianity
A one semester historical survey of the life and thought of the Christian Church in its political and social environment. Attention will be focused on critical periods of the church's development such as in early formation within the Roman Empire, its role in Medieval civilization, the sixteenth-century reform, modern revivals and the like. Course work will stress source reading and short reports. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Voskuil. See History 311.

385. History of Dogma
History of the development and formulation of major Christian dogmas from the early church to the present. Prerequisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Young.

[389. Seminar on Calvin's Institutes]
A study of the theology of John Calvin as presented in his Institutes of the Christian Religion. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Clark. (Not offered 1977-78)

399. Independent Study
See catalog, page 15, for requirements.

[430. Isaiah]
A study of the prophecy of Isaiah against its historical background with special consideration of the Messianic prophecies. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Gilchrist. (Not offered 1977-78)

[451. I Corinthians]
A comprehensive study of I Corinthians with special emphasis on Paul's approach to ethical problems arising in a Hellenistic-Jewish congregation. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three Units. Mr. Hurley. (Not offered 1977-78)

[452. II Corinthians]
A comprehensive study of II Corinthians with special emphasis upon the principles of spiritual leadership set forth in this epistle. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Mr. Krabbendam. (Not offered 1977-78)

[457. Hebrews]
An analysis of the book as a whole, and a consideration of its theological teaching in relation to the fulfillment of the Old Testa-
487. Modern Theology

A research seminar including survey of post-Kantian theologians introducing students to their methodologies and systems of thought. Certain theologians such as Barth, Brunner, Bultmann, Niebuhr, Tillich and others, will be studies in some detail. Pre-requisite or to be taken concurrently: 111 or 129, or 113 and 277-278. Three units. Mr. Anderson.

493. Biblical Studies Seminar

A course designed to provide opportunity to apply research methods and to engage in intensive study on biblical subjects under the supervision of one or more professors in the department. The subject matter will vary each year according to the particular interests and emphases of the professor or professors. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Staff.

495. Theological Studies Seminar

A course designed to provide opportunity to practice applying research methods and to engage in intensive study of theological subjects under the supervision of one or more professors in the department. The subject matter will vary each year according to the particular interests and emphases of the professor or professors. Pre-requisite or to be taken concurrently: 111 or 113 or 129, and 142 or 148, and 277-278. Three units. Staff.

Note: For missions courses see page 45.

<td></td>
<td></td>
</tr>
</tbody>
</table>

*These requirements include enough units in chemistry for a chemistry minor. If an additional minor is desired the total number of units taken may exceed the 126 needed for graduation.

---

The biology major calls for early and extensive counseling of students in order that they may be properly informed of the requirements and aims of the program. A student entering this program will ordinarily have to make his decision earlier in his college career than is necessary for some of the other programs offered by the college.

Courses in Biology

Note: On-demand courses can be offered when five or more students desire them.

101. Elements of Biology
A one-semester course designed for and limited primarily to Physical Education and Psychology majors. The cellular basis of life, organism biology, perpetuation of life and ecological problems will be discussed. A selected critique of evolution may also be presented. Three hours lecture. Three hours laboratory. Laboratory fee: $10.00. Four units. Mr. Wenger.

106. Problems of Biological Science
A survey of issues in modern biology, emphasizing views of origin and including such topics as genetic manipulation and production of "test tube babies." The historical development of ideas and attitudes among modern scientists concerning origin will be traced. Creationist alternatives will be examined. Three hours lecture. Two hours laboratory. Laboratory fee: $10.00. Four units. Mr. Lothers.

111-112. General Biology
Basic principles of biology at molecular, cellular, organ system, organismic and community levels. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Designed for science majors and pre-nursing, pre-medical and pre-dental students. Eight units. Staff.

216. Human Anatomy
The structure of the human body. Prerequisite: Biology 111. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Wenger.

217. Human Physiology
The functioning of the major systems of the body will be studied along with a sufficient background of anatomical concepts. Prerequisite: Biology 111. Three hours lecture. Two hours laboratory. Laboratory fee: $10.00. Four units. Mr. Wenger. (Not offered 1977-78)

218. Ecology
Relations of organisms to the physical and biological conditions under which they live. Three hours lecture. Three hours laboratory. Pre-requisite: Biology 111-112 or equivalent. Laboratory fee: $10.00. Four units. Mr. Wenger. (Not offered 1977-78)

302. Bacteriology
Life histories, morphology, physiology, identification, culture techniques and immunity. Pre-requisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Lothers.

311. Comparative Anatomy
Classification and comparison of typical chordate animals with emphasis on the vertebrates. Prerequisite: Biology 111-112 or equivalent. Two hours lecture. Six hours laboratory. Laboratory fee: $20.00. Five units. (Offered on demand)

312. Comparative Animal Physiology
A comparative study of functions of animal organ systems. Prequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Wenger.

313. Genetics
A study of the principles that govern heredity. The course includes a consideration of the principles of Mendelian inheritance and an analysis of the underlying mechanics of heredity. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Two hours laboratory. Laboratory fee: $10.00. Mr. Lothers. (Not offered 1977-78)

314. Embryology
Development of vertebrate animals. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $10.00. Four units. Mr. Lothers.

316. Taxonomy of Higher Plants
Principles of classification and identification of vascular plants with emphasis on flowering plants. Paleobotany and some biochemical systematics will be included. Laboratory fee: $10.00. Four units. Mr. Lothers, Mr. Wenger. (Not offered 1977-78)

317. Animal Histology and Microtechnique
Tissues and organs of vertebrates. Training in the preparation and interpretation of animal tissues for microscopical study. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $10.00. Four units. Mr. Lothers.

318. Biology of Invertebrates
The study of invertebrate animals with emphasis on their structural, functional, ecological and behavioral adaptations. Phylogenetic theories are also discussed. Prerequisite: Biology 111-112 or equivalent. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four units. Mr. Wenger.

411. Current Concepts in Biology
Historic development of current concepts with emphasis on the theory of evolution. Reports and discussion of the current literature. Coverage of areas in which the student may be weak, such as various biochemical topics and experimental design. Prerequisite: Four hours of 200 or 300 courses, preferably Genetics. Three hours lecture. Three units. Mr. Lothers.

414 (214). Macroevolution and Microevolution
An examination of the theory of evolution including historical perspective, currently accepted mechanism, critical examination of the evidence and exploration of possible creationist alternatives. Students electing 414 will give one oral report. Those desiring to fulfill the laboratory science requirement with a course more challenging than 106 may take 214 plus lab from 106. Three units (four units with lab). Mr. Lothers.

416. Directed Studies in Biology
Methods in biological research, familiarity with the biological literature, experience in choosing and carrying out an experiment. Prerequisite: Eight hours of 200 or 300 courses. Up to three units credit, but no more than two units in one semester. Mr. Wenger, Mr. Lothers. (Offered when needed.)
Business Administration

The objectives of this Department are to develop and maintain a progressive and innovative Christian undergraduate program in business administration. Specifically, it aims

1. to prepare students who are interested in business and business management as a career,
2. to develop in students an appreciation of what is involved in business, and a sense of the excitement that business offers,
3. to draw attention to the interrelationships between business and other disciplines, including Biblical studies, law, sociology, psychology, economics, statistics, finance, accounting and management,
4. to help students become keenly aware of, and sensitive to, both the great influence of business on society and the serious responsibility that business has to society.

Courses in Business

100. Principles of Business

A study of the fundamental principles of business, organization, finance, banking, credit management, salesmanship and advertising. Required of all business majors and prerequisite to all business courses. Three units. Mr. McClintock.

203-204. Principles of Accounting

A study of the fundamental principles of accounting as they apply to modern business practices, including the theory of debit and credit, accounting records of various kinds, simple balance sheets and income statements. Six units.

301. Principles of Marketing

The study of consumer and industrial markets and the formulation of marketing policies and strategies relating to product, price, channels of distribution and promotion are stressed. The course seeks to explore fashion and life cycles, consumer behavior and legal and institutional environment of marketing. Prerequisite: Business 100. Three units.

302. Business Finance

A survey of the general field of finance, including various types of business organization, capitalization, methods of obtaining capital; stock, bonds, mortgages, consolidation mergers, business failures and reorganization, and various types of promotions. Prerequisite: Business 100, 203-204. Three units.

303. Business Statistics

Statistical methods applied to the collection, organization, analysis and interpretation of business and economic data, in order to produce an appropriate business decision. Prerequisite: Computer Science 100, 150; Business 100. Three units. Mr. McClintock.

304. Business Law

An introductory course in the applied principles of business law, based upon a case study of contracts, negotiable instruments, agency, sales, bailments and the transfer of real and personal property by individuals, partnerships and corporations. Three units. Mr. McClintock.

305. Principles of Investment

Functions of investment, basic elements of investment, investment programs, problems of personal finances and the field of investment. Three units.

306. Principles of Management

Contemporary concepts of management with an examination of the various presuppositions underlying the various theories. An analysis of the tasks of the business executive and his productive functions, scientific management and basic features of business administration. Prerequisite: Business 100. Three units. Mr. McClintock.

400. Business Policy (Senior Seminar)

A seminar designed to probe the relationships of various disciplines in the solution of the business and organizational problems. Attention will also be given to business structures, governmental policies, and international forces affecting the business organization and its practices. Prerequisite: Business 203-204, 301, 302, 303, 304, 306. Three units. Mr. McClintock.

Courses in Economics

201-202. Principles of Economics

A general course designed to explain the economic system, the institutions that make up the system and their functions, the relationships of these institutions to man, business, and government. Economic concepts, scope, methods to the solution of economic problems and an examination of the goals of the economy are examined. The central problems of the production, distribution and consumption of economic goods and services, and the impact of monetary and fiscal policies upon economic life are examined. Six units. Mr. McClintock.

300. Money and Banking

Development and analysis of the American monetary system, the relationship of business to the banking system, commercial and non-commercial banking and the development of the Federal Reserve System. International banking is also included. Prerequisite: Economics 201. Three units. Mr. McClintock.

- **PE 31-52. Health and Physical Education** 2
- **PE 55. First Aid and Personal Safety** 1

### Requirements for Minor in Chemistry

- **Che 121-122. General Chemistry** 8
- **Chemistry electives** 12
  - **If a minor is desired this may be omitted**

### Dual Degree Program with Georgia Institute of Technology

This five-year program leads to a B.A. from Covenant and a B.S. in Chemistry from Georgia Tech, the latter degree approved by the American Chemical Society. The program includes three years at Covenant College and two years at Georgia Institute of Technology. Candidates who follow the program outlined below are eligible to seek the degree of Bachelor of Science in Chemistry from the General College of Georgia Institute of Technology. In the case of highly qualified students the Georgia Institute of Technology degree may be at the master's level.

- **Edu 321. Structure of Knowledge** 3
- **Edu 361. Identification and Education of Elementary and Secondary Children with Special Needs** 3
- **Edu 411. Preparation and Utilization of Curriculum Materials 3**
- **Edu 412/414. Designing Teaching/Learning Models** 3
- **Edu 422/424. Teaching Practicum** 8

### Courses in Chemistry

#### 121-122. General Chemistry

An introduction to the science of chemistry with special emphasis on fundamental chemical principles and their applications. Basic organic chemistry is covered during the second semester. Qualitative analytical procedures are included in the laboratory two hours lecture. One hour recitation. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. Mr. Mehne.

#### 323-324. Organic Chemistry

A study of the chemistry of carbon compounds. Methods of preparation and the characteristic properties and reactions of the important classes of organic compounds are considered. Reaction
mechanisms and modern spectroscopic techniques are stressed. Prerequisite: Chemistry 121-122. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. Mr. Donaldson.

[325-326. Analytical Chemistry]
Coverage of the principles and applications of various analytical methods. Traditional volumetric and gravimetric techniques are treated first, followed by a study of modern instrumental techniques. Prerequisite: Chemistry 121-122. Two hours lecture. Six hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. Mr. Mehne. (Not offered 1977-78)

422. Advanced Organic Chemistry
An intensive study of selected topics in organic chemistry. Laboratory work consists of purification and systematic identification of organic compounds. Prerequisite: Chemistry 323-324. Two hours lecture. Six hours laboratory. Laboratory fee: $15.00. Refundable breakage deposit: $10.00. Eight units. Mr. Mehne. (Offered on demand)

423. Biochemistry
The study of the chemistry of living organisms and life processes, including the chemistry of fats, carbohydrates, proteins, vitamins and hormones. Prerequisite: Chemistry 325-326. Three hours lecture. Three hours laboratory in alternate weeks. Laboratory fee: $15.00. Refundable breakage deposit: $10.00. Four units. (Offered on demand)

425-426. Physical Chemistry
A study of the gaseous, liquid and solid states, solutions, elementary thermo-dynamics, chemical equilibria, electrochemistry, chemical kinetics and quantum mechanics. Prerequisite: Chemistry 325-326, Physics 131-132, Mathematics 145-146 or consent of instructor. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable breakage deposit: $10.00. Eight units. Mr. Mehne. (Offered alternate years).

Computer Science

Courses in Computer Science

100. Introduction to Computer Science
An introduction to modern computer systems, their applications and effects on society. The student is introduced to the structure of computer systems, the language of computer science, programming languages, artificial intelligence, hardware, software, man-machine interactions, power and control and the history and philosophy of computer science. Applications to the Christian community will also be examined. Three units. Mr. Sizemore.

150. Introduction to Basic Programming
An introduction to computer programming using the basic language. The student learns to write and execute programs for applications in several disciplines. Topics covered include the structure and logic of the basic language, flowcharting and applications of the basic language. The student also compares two computer systems, examining the differences present when using them to execute a basic program. Laboratory fee: to be announced. Three units. Mr. Sizemore.

Engineering

In conjunction with Georgia Institute of Technology, Covenant College offers a dual degree program in engineering. The program includes three years at Covenant College and two years at Georgia Institute of Technology. Candidates who follow the program outlined below are eligible to seek any of the following degrees from the Engineering College of Georgia Institute of Technology:

- Bachelor of Aerospace Engineering
- Bachelor of Ceramic Engineering
- Bachelor of Chemical Engineering
- Bachelor of Civil Engineering
- Bachelor of Electrical Engineering
- Bachelor of Engineering Economic Systems
- Bachelor of Engineering Science
- Bachelor of Industrial Engineering
- Bachelor of Mechanical Engineering
- Bachelor of Nuclear Engineering
Bachelor of Science in Textile Chemistry
Bachelor of Science in Textiles
Bachelor of Textile Engineering
Bachelor of Science (Health Systems)

In the case of highly qualified students the Georgia Institute of Technology degree may be at the master's level.

Requirements for Major in Natural Science

Major and Supporting Course Requirements

Che 121-122. General Chemistry .............................................. 8
Phy 131-132. General Physics .................................................. 8
Phy 332. Analytical Mechanics ................................................. 3
Physics elective ................................................................. 3
Mat 145-146. Calculus I, II ...................................................... 8
Mat 247. Calculus III .............................................................. 4
Mat 348. Elementary Differential Equations ............................... 4

Note: A minimum of 95 units must be taken before enrolling at Georgia Institute of Technology. The above program must be supplemented, therefore, by two to four additional units of electives.

For additional information, see Mr. Keister.

English

The Department of English offers students courses exploring aspects of human language: language as an art form (literature), language as a medium of communication (composition, oral rhetoric) and language as part of the God-given structure of reality (linguistics). In its courses the department seeks to develop a Christian awareness of the issues and problems in each area of language use and to work toward Christian answers.

Students major in English to prepare themselves for teaching English and language arts in elementary and secondary schools, for entering jobs where the ability to use language well is necessary (journalism, advertising, editing, public relations), for undertaking further professional study in literature and related fields, or for entering professional schools such as seminaries or law schools or simply to enrich their own lives. Students planning to go on to graduate school should consider taking the 36-hour major; those planning to enter professional schools should choose minors carefully.

Requirements for Major in English

Core Requirements (Details, including alternative courses, are given on page 10)

- ID 31. Foundations of Modern Culture ........................................ 4
- ID 91-92. Philosophy of the Christian Faith ................................ 5

Courses in English

Courses in Writing, Speech and Drama

11. English Composition
The student's goal in this course is to learn to write effective expository prose. There will be experiences for increasing language awareness, for building a fund of ideas, for organizing thought, for writing and re-writing, for research, for analyzing and evaluating, and for sharing writing. Fall and Spring semesters. Three units. Mr. Hekman.

218. Drama Workshop
A course for students who want to work out a Christian perspective on drama as performance and communication. Participants will study some drama history and some of the technical skills of drama production. They will read, discuss, do exercises and improvisations and rehearse and perform plays. Open to all students with the permission of the instructor. Spring semester. Three units. Mr. Hekman.

222. Speech Communication
An introduction to interpersonal communications and basic techniques of effective public speaking, prepared and extemporaneous speaking, dialog and discussion. Spring semester. Three units. Mr. Hekman.

[302. Advanced Writing]
A course in various forms of non-expository composition. Prerequisite: Exemption from English Composition, or English Composition with a grade of B or higher and special permission of the instructor. Spring semester. Three units. Mr. Hekman.

304. Advanced Composition
A course in the analysis and practice of prose composition. The emphasis will be on expository writing, such as the informal and formal essay, reviews and critiques. Enrollment limited to 15 students, ordinarily not open to freshmen; priority given to students who have already shown competency and promise in writing. Fall semester. Three units. Permission of the instructor. Spring semester. Three units.

Courses in Language and Literature

201. Survey of English Literature I
A chronological study of English literature from the beginnings to 1800, with an emphasis on the genres of poetry and drama. Students will also learn ways of studying and writing about literature. Fall semester. Three units. Mr. Hesselink.

202. Survey of English Literature II
A chronological study of English literature from 1800 to the present, with an emphasis on poetry and prose fiction. Students will continue to study ways of approaching and writing about literature. Prerequisite: English 201 or permission of the instructor. Spring semester. Three units.

205. Introduction to Linguistics
An introduction to modern linguistics, especially structural and transformation-generative grammar. The course will also acquaint the student with geographic and social varieties of language, as well as the relation of language to other fields, such as education and sociology. Some attention will be given to the historical development of the English language. A language-option course. Fall semester. Three units.

210. The Classics in English Translation
A study of selected literary classics from the period of Greek and Roman antiquity. The selection may emphasize a particular genre, such as drama or the epic. A language-option course. Spring semester. Three units. Mr. Hesselink.

[211. European Literature in English Translation]
The study of works from European literature since the classical era. The emphasis may be on a single major author (e.g., Dante, Cervantes, Goethe), on a national literature (French, Russian, etc.), on a particular form of literature (drama, novel, romance, etc.), or on a particular idea (the image of man, concepts of society, etc.). A language-option course. Three units. (Not offered 1977-78)

[215. English and American Drama]
A chronological study of English and American drama, exclusive of Shakespeare, with special attention to changes in the structure and the conventions of the theatre. Three units. (Not offered 1977-78)

[260. The English Novel]
Critical studies of a limited number of works by the major writers of English fiction. Spring semester. Three units. (Not offered 1977-78)

[306. American Poetry]
A survey of the principle themes and writers in American poetry from the Puritans until the present. Prerequisite: English 201 or 202, or permission of the instructor. Three units. Mr. Hekman. (Not offered 1977-78)

307. The American Novel
Critical reading of representative American novels from Hawthorne to the present. Prerequisite: English 201 or 202, or permission of the instructor. Spring semester. Three units. Mr. Hesselink.

[310. The Medieval Literature of England]
A study, mainly in modern English translations, of the medieval literature of England, exclusive of Chaucer. Prerequisite: English 201 or 202, or permission of the instructor. Three units. Mr. Hesselink. (Not offered 1977-78)

317. Spenser and the Sixteenth Century
A study of the works of several important writers of the period, including Spenser. Prerequisite: English 201 or 202, or permission of the instructor. Fall semester. Three units. Mr. Barker.

322. The Seventeenth Century
A study of two or more of the important writers or works of the period, exclusive of Milton (for example, Donne, Jonson, Herbert, Herrick and Dryden; or The Anatomy of Melancholy, Religio Medici and The Rule and Exercises of Holy Dying). Prerequisite: English 201 or 202, or permission of the instructor. Spring semester. Three units. Mr. Barker.

[333. The Eighteenth Century]
A study of several of the important writers or works of the period (for example, Swift, Pope and Johnson; or Boswell’s Life of Johnson and Sterne’s Tristam Shandy). Prerequisite: English 201 or 202, or permission of the instructor. Spring semester. Three units. (Not offered 1977-78)

[334. The Romantic Movement]
A study of the English Romantic writers from Blake to Keats.
Prerequisite: English 201 or 202, or permission of the instructor. Three units. Mr. Hekman. (Not offered 1977-78)

341. The Victorian Era
A study of major English writers from 1830 to the end of the century. Prerequisite: English 201 or 202, or permission of the instructor. Fall semester. Three units. Mr. Hekman.

[352. Twentieth Century Literature]
A study of representative works of poetry, drama and short fiction in English and American literature from 1900 to the present. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1977-78)

366. Literature for Children and Adolescents
A course designed to explore the vast resources in children's literature and to show appropriate ways of making literature a delight at any age. May be taken for credit in either English or education. Spring semester. Three units. Mr. Hekman.

[367. Applied English Workshop]
This course is designed for teachers of English in grades 7-12. Participants will be active in workshop sessions in these areas: literature, language, composition and the mass media. May be taken for credit in either English or education. Prerequisite: Permission of the instructor. Fall semester. Three units. Mr. Hekman. (Not offered 1977-78)

399. Independent Study
A course designed for the student who has demonstrated potential ability for independent study. It allows him to choose and to explore, under the guidance of an instructor, an area of literature or language not fully covered in available courses. Credit to be determined in each case; maximum credit, three units per semester.

[401. Special Topics in English]
This course offers opportunities for concentration in various topics of interest within the discipline. Topics that may be offered include literary criticism, American studies, advanced linguistics and the sociology of mass media. Prerequisite: open to English majors and minors with junior or senior standing, to others only with permission of the instructors. May be taken for three or four units. (Not offered 1977-78)

406. Chaucer
A study of Chaucer's art, with some attention to the social and literary backgrounds of his work. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1977-78)

418. Shakespeare
A study of Shakespeare's dramatic art. Prerequisite: English 201 or 202, or permission of the instructor. Fall semester. Three units. Mr. Hesselink.

[423. Milton]
A study of Milton's English poetry, with some attention to his prose works. Prerequisite: English 201 or 202, or permission of the instructor. Three units. (Not offered 1977-78)

Foreign Language
See French, German, Greek, Spanish

French

Core Requirement in Language
The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 13. The language requirements for specific major programs should be checked with the department involved.

All students who have already begun French in high school and who wish to fulfill the foreign language requirement in French will be placed by an examination given at the beginning of the semester.

Requirements for Minor in French
Fr 331. Advanced French Grammar and Composition.................3
Fr 332. French Phonetics and Diction ..................................3
Fr 333. Advanced French Conversation and Reading Practice 3 Fr 334. Introduction to French Literature............................3

Courses in French
61-62. Elementary French
An introduction of the French language, with extensive practice in pronunciation, simple conversation, aural comprehension, fundamentals of grammar and reading short passages. Basic sentence patterns and grammatical principles will be reinforced through a great many oral drills and written workbook exercises. Eight units. Mr. Shaw.

[63-64. Intermediate French]
Continued development of skills in speaking, understanding, reading, and writing French, through an extensive review of grammar, selected readings in French literature and culture, conversational practice, vocabulary development and guided writing of compositions. Six units. Mr. Shaw. (Not offered 1977-78)

331. Advanced French Grammar and Composition
A study of fine points of grammar, with extensive writing practice on informal and formal topics, to develop facility in expressing oneself correctly in written form. Prerequisite: French 63-64 or equivalent. Three units. Mr. Shaw.

[332. French Phonetics and Diction]
A detailed study of fine points of pronunciation with extensive oral practice, to develop a more correct pronunciation and accent. Prerequisite or to be taken concurrently: French 63-64 or equivalent. Three units. Mr. Shaw. (Not offered 1977-78)
333. Advanced French Conversation and Reading Practice

Extensive conversational and vocabulary practice on a wide variety of topics, correlated with readings in current magazines and newspapers, to develop greater fluency and correctness in reading and in expressing oneself orally. Prerequisite or to be taken concurrently: French 63-64 or equivalent. Three units. Mr. Shaw. (Not offered 1977-78)

334. Introduction to French Literature

Reading of a selected series of literary works from a wide range of periods and authors, to begin to develop enjoyment in reading literature in the original language and appreciation for the richness and variety of the literature. Prerequisite: French 63-64 or equivalent. Three units. Mr. Shaw.

---

German

Core Requirement in Language

The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 13. The language requirements for specific major programs should be checked with the department involved.

All students who have already begun German in high school and who wish to fulfill the foreign language requirement in German will be placed by an examination given at the beginning of the semester.

Courses in German

71-72. Elementary German

An introduction to the German language, with extensive practice in pronunciation, simple conversation, aural comprehension, fundamentals of grammar and reading short passages. Basic sentence patterns and grammatical principles will be reinforced through a great many oral and tape-recorded drills. Eight units. Mr. Dameron.

73-74. Intermediate German

Continued development of skills in speaking, understanding, reading, and writing German, through an extensive review of grammar, selected readings in German short stories, conversational practice, vocabulary development and guided writing of compositions. Six units. Mr. Shaw.

---

Greek

Core Requirement in Language

The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 13. The language requirements for specific major programs should be checked with the department involved.

Requirements for Minor in Greek

Gr 301. Classical Greek ........................................3
Gr 310. Advanced Syntactical Studies..........................3
Gr 311. Translation of the English Bible......................3
Gr 320. Advanced Lexical Studies..............................3

Courses in Greek

75-76. Elementary Greek

An introduction to the grammar and vocabulary of the Koine Greek. Eight units. Mr. Mawhinney.

77-77. Intermediate Greek

Advanced grammatical analysis of New Testament Greek. Readings in Johannine literature in the fall semester and Synoptic readings in the spring semester. Six units. Mr. Mawhinney.

301. Classical Greek

Readings in the fifth-century dramatists. Prerequisite: Greek 77-78. Three units. Mr. Mawhinney.

310. Advanced Syntactical Studies

A detailed study of selected portions of text from the Greek New Testament, with an emphasis on the method of investigating syntactical problems. Prerequisite: Greek 77-78. Three units. Mr. Mawhinney.

311. Translation of the English Bible

This course consists of: (1) a survey of the history of the translation of the English Bible and (2) a detailed study of the principles and techniques of translation by means of an evaluation of two versions. Prerequisite: Greek 77-78. Three units. Mr. Mawhinney.

320. Advanced Lexical Studies

This course consists of: (1) a survey of the various approaches to Greek lexicography and (2) a detailed study of selected works. Prerequisite: Greek 77-78. Three units. Mr. Mawhinney.

Courses in History

102. Trans-Atlantic Civilization

A thematic study of the history of Europe and the United States since the American and French Revolutions. A comparative study, this course will focus on common themes within the similar yet distinct cultural contexts of Europe and America. During the course methodological questions of historical fact and interpretation in their relationship to the Christian faith will also be considered. Four units. Mr. Austin and Mr. Voskuil.

102. Europe Since the Renaissance

An overview study focusing on the various cultural patterns and ideals which arose in western Europe since the Renaissance. The emphasis will fall on Italian Civic Humanism, the various streams of the Protestant and Catholic reform movements, European absolutism, Democracy, Socialism, and Fascism, and the structural forms of these movements. Open to freshmen. Three units. (Not offered 1977-78)

204. American Government

A study of the organization, functions, and services of the national government, with special consideration of its constitutional basis and current issues. Three units. Mr. Austin. (Not offered 1977-78)

211. History of the United States

A synthesis of the political, social, cultural, and religious phases of American life. First semester to 1865; second semester since 1865. Open to freshmen. Three units each semester. Mr. Austin.

213. History of Georgia

A brief survey of Georgia history. Designed to meet Georgia teacher certification requirements. Two units. Mr. Austin. (Not offered 1977-78)

300, 301. Historiography and Research

A course designed for history majors in their junior year. The student is exposed to the problems of historiography with special attention given to the Christian approach to and interpretation of history. The course includes familiarization with the tools and techniques of historical research and requires their application in the form of a written presentation. Required of history majors and interdisciplinary majors who select additional hours in history. Three units first semester; two units second semester. Mr. Austin and Mr. Voskuil.

302. England Since 1485

A study of the formation of Anglicanism in its Tudor form, the struggle between the Stuarts and Parliament and the gradual secularization of Anglicanism in the eighteenth century. Victorian England is studied as a transition period to the twentieth century social democracy. The stress falls on constitutional, ecclesiastical, social and intellectual developments. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil. (Not offered 1977-78)

303. Ancient Greece and Rome

A study of Bronze Age Greece, the rise and formation of the Greek city-state, the impact of Alexander the Great, and the institutions of the Hellenistic world. Attention will then shift to Rome, to the rise and development of the Republic, the transition to Empire and its eventual disintegration. An attempt will be made to understand the character of classical humanism as it came to be expressed in the early Roman empire. Three units. Mr. Voskuil.

304. Medieval Civilization

The medieval world is studied as a civilization in its own right, having its own particular values and institutional structure. The course begins with the Germanic invasions of the western Roman
empire and ends with the decline of the church in the fourteenth century. Attention will focus on the development of the concept of a united Christian society and the accompanying cultural differentiation. Three units. Mr. Voskuil. (Not offered 1977-78)

[305. The History of Political Theory]
A one semester study of the major political theorists of the West, for example, Plato, Aristotle, Cicero, Augustine, Aquinas, Machiavelli, Bodin, Locke, Rousseau, J. S. Mill, Burke, Marx. Representative figures will be studied rather than the entire tradition of western theory. Considerable attention will be devoted to the natural law tradition. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Voskuil. (Not offered 1977-78)

306. Europe, 1400-1789
A topical study of European history. The emphasis will fall on trans-national developments such as secular humanism, church reform, state absolutism, the rise of science, Enlightenment rationalism, and the like. Prerequisite: History 202 or the permission of the instructor. Three units. Mr. Voskuil.

[307. Europe, 1789 to the Present]
A continuation of the type of study outlined in History 306. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil. (Not offered 1977-78)

[308. Modern Russia]
A study of Russia since Peter the Great. Emphasis will be on the structural character and the ideals of Tsarist Russia, the growing revolutionary movement and the development of Marxist society. Conducted largely as a reading tutorial. Prerequisite: History 202 or permission or the instructor. Three units. Mr. Voskuil. (Not offered 1977-78)

309. Modern Germany
A study of the major themes of German history since the Protestant Reformation. The study will focus largely on those aspects of German history which will help the student to understand Germany's role in the twentieth century. Conducted largely as a reading tutorial. Prerequisite: History 202 or permission of the instructor. Three units. Mr. Voskuil.

[310. The Church's Pre-Reformation Mission to the Far East]
A study of the eastward advance of missionaries of the early church of the East (Nestorians) and medieval churches will be made, with special attention given to the social, cultural, and historic situations of the Oriental civilizations penetrated. The motivation, methodology, related doctrines, and results of each effort will be evaluated. Three units. Open to freshman with permission of the instructor. (Not offered 1977-78).

311. History of Christianity
A one semester historical survey of the life and thought of the Christian Church in its political and social environment. Attention will be focused on critical periods of the church's development such as its early formation within the Roman Empire, its role in medieval civilization, the sixteenth-century reform, modern revivals, and the like. Course work will stress source reading and short reports. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Voskuil.

[313. Colonial America]
A study of early American history with emphasis on the European settlement of North America and the social, political, and cultural development of the American colonies to 1763. Prerequisite: History 211 or permission of the instructor. Three units. Mr. Austin. (Not offered 1977-78)

[314. American Revolution]
A detailed analysis of the period from 1763 to 1783. Attention will be given to the political and military events leading up to and including the Revolutionary War, with emphasis placed upon the various interpretations. Three units. Mr. Austin. (Not offered 1977-78)

315. Recent American History
An in-depth study of twentieth century U.S. history with stress upon domestic problems and programs. Prerequisite: History 212 or permission of the instructor. Three units. Mr. Austin.

316. U.S. Constitutional History
A study of the origins of the political theory expressed in the constitution with special attention given to the constitutional convention and an examination of significant supreme court decisions which interpret the constitution. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Austin.

[317. Political Philosophy]
See Philosophy 317. (Not offered 1977-78)

[319. The History of American Democratic Theory]
This course traces the development of the American democratic ideal throughout the history of the United States with emphasis placed upon significant redefinitions and reformulations of that ideal. Three units. A fourth unit of credit may be earned by the writing of an additional paper. Mr. Austin. (Not offered 1977-78)

[321. History of American Presbyterianism]
An historical analysis of the origins and development of American Presbyterianism with special attention paid to the events which led to the formation of such Reformed bodies as the Reformed Presbyterian Church, Evangelical Synod and the Orthodox Presbyterian Church. Three units. (Not offered 1977-78).

[322. History of the Modern Far East]
A study of China, Korea, and Japan beginning with their nineteenth-century interaction with the West. Brief consideration will be given to cultural background, but the major focus will be on the confrontation of the past two centuries with western ideology, western culture, and Christian thought and their formative influence on the modern societies of the Far East. Three units. Mr. Young. (Not offered 1977-78)

350. Summer Reading Seminar
Guided readings in historical topics. Three units.

400. Independent Study
Independent study in history may be pursued by qualified students in accordance with established guidelines. See this catalog, page 12.

401. Studies in U.S. History
Advanced studies in selected topics (e.g. the Federalist Era, Civil War, New Deal, etc.) in American history. This course is conducted as a seminar with a limited enrollment and consists of extensive reading accompanied by written and oral presentations by the student. The topic varies each year and the course may be taken more than once. Prerequisites: appropriate lower level courses in American history and permission of the instructor. May be taken for either three or four units. Mr. Austin.

409. Seminar in Modern Europe
Seminar on topics in European history, the emphasis of which will fall on the period since World War I. Prerequisite: History 202 and six hours of upper level history study. May be taken for either three or four units. Mr. Voskuil.
Interdisciplinary Studies

Acceptance into the Interdisciplinary Major

Each student seeking a major in interdisciplinary studies, except those seeking certification in elementary education, must make written application to the interdisciplinary committee. This application will include a clear statement of the student's goals and an explanation of how those goals will best be fulfilled by an interdisciplinary major. Those seeking certification should follow the application procedures outlined on page 71, under Teacher Education Program.

The student should understand both what an academic discipline is and what the advantages and disadvantages of pursuing an interdisciplinary major are.

An academic discipline is a theoretical study that seeks to analyze a specific aspect of God's creation or of man's cultural response. It goes beyond merely introductory studies and is separate from those studies that are solely vocational in emphasis and from those that are simply tools to be used for analytical study. The student wishing to explore more disciplines than would normally be provided by selecting a major and a minor field, the interdisciplinary major gives the option of broader coverage. This may give him a better basis for such careers as advertising, business, elementary education, law, or the ministry. At the same time, the interdisciplinary major should not be viewed as an escape from choosing a major in a single academic discipline. The student should realize that, though the interdisciplinary major seeks to provide some depth in each of three academic disciplines, it will not give him the same in-depth grasp of a discipline that choice of a major in a single field would. The major in interdisciplinary studies emphasizes studies in the humanities and social sciences, so does not at the present time include any sciences. The disciplines from which a choice can be made are:

1. Art
2. Biblical Studies and Missions
3. Education
4. English
5. Foreign Language (French, Greek, or Spanish)
6. History
7. Mathematics
8. Music
9. Philosophy
10. Psychology
11. Sociology

these disciplines, and methods of study they employ. Issues from contemporary problems dealt with by perspectives on the social sciences 33.
cultures have developed. Following an introduction to the Biblical ideas from the fields of philosophy and science. The course will foundations of this perspective there will be an analysis of great findings in the history of thought significant for Christianity. Three units first semester; two units second semester. Mr. Anderson and Mr. Hoover. 33. Perspectives on the Social Sciences 34. Man's Creative Expression An introduction to general aesthetic questions and the literary, musical, and plastic arts. Students will learn how to study and criticize already existing works of art, and they will learn something of the creative process by creating their own works of art. Christian perspectives on man's artistic expressions will be emphasized. Four units. 91-92. Philosophy of the Christian Faith A survey of the system of doctrine taught in the Scriptures with a view toward seeking solutions for the problem of the relationship between Christ and culture. The first semester will include lectures and student forums. During the second semester students will be expected either to prepare a written thesis or project, which will provide an opportunity to explore and analyze a problem from the student's major field, in the light of Christian philosophy, or to engage in discussions on topics derived from a select list of readings in the history of thought significant for Christianity. Three units first semester; two units second semester. Mr. Hurley.

Courses in Interdisciplinary Studies 31. Foundations of Modern Culture A survey of Christian principles which provide a perspective for evaluating modes of thought from which modern values and cultures have developed. Following an introduction to the Biblical foundations of this perspective there will be an analysis of great ideas from the fields of philosophy and science. The course will include an overview of the ways in which Christians have understood the relation between their faith and ethics and the values of a secularized society. Four units. Mr. Hurley, Mr. Hekman, and Mr. Hoover. 33. Perspectives on the Social Sciences An introduction to the disciplines of sociology, psychology, and anthropology, showing their relation to one another. Special emphasis will be given to contemporary problems dealt with by these disciplines, and methods of study they employ. Issues from the three disciplines will be examined from a Christian perspective. Four units.

Dual Degree Program with Georgia Institute of Technology

This five-year program leads to a B.A. from Covenant and a B.S. in Information and Computer Science or a B.S. in Applied Mathematics from Georgia Tech. The program includes three years at Covenant College and two years at Georgia Institute of Technology. Candidates who follow the program outlined below are eligible to seek the degree of Bachelor of Science in Applied Mathematics from the General College of Georgia Institute of Technology. In the case of highly qualified students the Georgia Institute of Technology degree may be at the master's level.

Requirements for Major in Natural Science Concentration in Mathematics

Core Requirements (Details, including alternative courses, are given on page 10)

Note: A minimum of 95 units must be taken before enrolling at Georgia Institute of Technology. The above program must be supplemented, therefore, by 4 to 6 additional units of electives.
Courses in Mathematics

22. Fundamentals of Mathematics
   Elementary set theory, the logical nature of mathematics, the real number system, topics of algebra, algebraic functions, and topics of geometry. This course serves to fulfill the college core requirement in mathematics. Four units.

141-142. Pre-calculus Mathematics
   Algebraic, exponential, and logarithmic functions, analytic trigonometry, complex numbers, theory of equations, matrices and determinants, sequences and series, mathematical induction. Designed for freshmen who are not prepared to begin calculus. The first semester can fulfill the core requirement in mathematics. Six units. Mr. Keister.

145-146. Calculus With Analytic Geometry I, II
   Analytic geometry, functions and limits, the derivative and its applications, transcendental functions, the definite integral and its application, methods of integration. These courses are prerequisite to all mathematics courses numbered above 200. Prerequisite: Mathematics 142 or equivalent for 145. Mathematics 145 for 146. Eight units. Mr. Keister.

247. Calculus With Analytic Geometry III
   A continuation of Mathematics 145-146. Vectors, and parametric equations, solid analytic geometry and vectors, partial differentiation, multiple integration, infinite series. Prerequisite: Mathematics 146. Four units. Mr. Keister.

251. Elementary Statistical Methods
   An introductory course in statistical procedures used in scientific research investigations. Topics considered include the nature and importance of statistics, quantification, measurement, probability, elementary research design, the collection and scoring of research results, measures of central tendency and norms, correlational analysis, statistical inference, analysis of variance and the analysis of categories and ranks. Computer applications will be stressed. Prerequisite: high school algebra. Three hours lecture and two hours laboratory. Offered Fall. Laboratory fee: $10.00. Four units. Mr. Sizemore.

[341-342. Modern Algebra]
   A first course in abstract and linear algebra. Sets, mappings, equivalence relations, and introduction to the theory of groups, rings, and fields, linear equations, vector spaces, and linear transformations, matrices and determinants, characteristic values and vectors, similarity of matrices. Prerequisite: Mathematics 247 or consent of the instructor. Six units. (Not offered 1977-78)

[343. Modern Geometry]
   The nature of this course is expected to vary with the needs and interests of the students. Selected topics from advanced Euclidean geometry, projective geometry, and non-Euclidean geometries. Prerequisite: Mathematics 247 or consent of the instructor. Three units. (Not offered 1977-78)

[345-346. Mathematical Probability and Statistics]
   Introduction to probability, finite sample spaces, conditional probability and independence, random variables and their characterization, special discrete and continuous distributions, the moment-generating function, sums of random variables, sampling distributions, estimation of parameters, testing hypotheses. Prerequisite: Mathematics 247 or consent of the instructor. Six units. (Not offered 1977-78)

348. Elementary Differential Equations
   First order differential equations, second and higher order linear equations, series solutions, the Laplace transform, systems of first order equations, linear second order boundary value problems. Prerequisite: Mathematics 247. Four units. Mr. Keister.

[441-442. Applied Mathematics]
   Topics in advanced calculus, vector calculus; calculus of variations, Fourier series, Laplace transforms; topics in complex variables. Prerequisite. Mathematics 347. Three units. (Not offered 1977-78)

Medical Technology

The program in medical technology calls for early and extensive counseling of students in order that they be properly informed of the requirements and aims of the program. A student entering this program will ordinarily have to make his decision earlier in his college career than is necessary for some of the other programs offered by the college. The program requires a minimum of 96 units of college work, the last 30 of which must be taken at Covenant, plus 30 units from an approved school of Medical Technology.

Courses in Missions

201. Missionary Methods and Problems

Methods of conducting the missionary effort in foreign countries will be studied in relation to such matters as communications, eclectics, identification, unacceptable accommodation, the support and government of local churches, the problem of church and state, and various types of missionary endeavor. Three units. Mr. Young. (Not offered 1977-78)

202. Theology of Missions

A study of Biblical and extra-Biblical covenants will be made to see the importance of the covenant concept to the revelation of redemption; the basis of missions as lying in a covenant-centered theology of missions; the doctrines of election, atonement, love of God, common grace, and free offer of the gospel, in relation to missions. Three units. Mr. Young.

301. Post-Reformation History of Missions

A study of the history of the foreign missionary movement from Reformation times, Calvin, the Puritans, Mennonites, and the modern movement. Three units. Mr. Young.

304. Missions in the New Testament

This course is introduced by a study of the Old Testament concept of Israel as a light to the Gentiles, and emphasizes the missionary activity of the apostles, considering the historical and cultural situations of the times, and the apostolic message, methods, and doctrine of the church and its mission. Three units. Mr. Young.

302 World Religions

An analytical and critical appraisal of the major non-Christian religious ideologies of animism, Hinduism, Buddhism, Shintoism, and Islamism, with a consideration of the early influence of Christianity on the latter three, and the world and life views with which their followers confront the missionary. Three units. Mr. Young. (Not offered 1977-78)

310. The Church's Pre-Reformation Mission to the Far East

A study of the eastward advance of missionaries of the early church of the East (Nestorian) and medieval churches will be made, with special attention given to the social, cultural, and historical situations of the Oriental civilizations penetrated. The motivation, methodology, related doctrines, and results of each effort will be evaluated. Three units. Open to freshmen with permission of the instructor. Mr. Young.

322. History of the Modern Far East

A study of China, Korea, and Japan beginning with their nineteenth-century interaction with the West. Brief consideration will be given to cultural background, but the major focus will be on the confrontation of the past two centuries with western ideology, western culture, and Christian thought and their formative influence on the modern societies of the Far East. Three units. Mr. Young. (Not offered 1977-78)

401. Missions Seminar

A study in depth of four mission fields representing different levels of culture and church growth, from advanced to primitive, to understand the culture and problems, appraise the methods used and seek answers for the future. Three units. Mr. Young.

303. Modern Religious Cults

A critical study of the religious cults of Christian Science, Jehovah's Witnesses, Mormonism, and Seventh-day Adventism, with special attention being given to their historical development and doctrinal emphases as these are derived from their original source material. Three units. Mr. Young. (Not offered 1977-78)

Music

Requirements for All Music Majors

Music majors are required to attend student recitals and to participate in a performing organization in their major area of performance. Credit may be earned in any of the performing organizations sponsored by the department. All students who wish to change from one performance level to another in applied music must sustain a performance examination. All music majors are required to complete a Basic Piano Proficiency of Level 1, sight reading of simple accompaniments to art songs, instrumental solos, or piano music, and performance of a prepared piano composition or accompaniment. The student is to enroll for private piano instruction with or without credit until this requirement is met.

Applicants for the music programs will follow the standard application procedure for the college, but will be admitted to the music programs only by audition. Auditions may be made by tape.
and submitted to the music department, preferably in the spring, or personal auditions may be held by special appointment. Scholarships or playing grants are available to gifted students. Requests for applications and information should be submitted to Scholarship Committee, Covenant College.

Requirements for Major in Music, B.A. Degree

The purpose of the curriculum is to provide both a broad, liberal arts education and a concentrated training in applied and academic music studies. Private lessons are offered in piano, organ, voice, and the orchestral and band instruments. Completion of this program requires a total of 126 units, including 48 units of music.

Core Requirements (Details, including alternative courses, are given on page 10)

Requirements for Major in Applied Music, B.Mus. Degree

This is a pre-professional program designed to prepare students for performance, church music, or for graduate studies in applied music, musicology, theory, or related studies. In addition to the intensive private study in applied music, the program includes sufficient theory, music history and literature to insure a thorough music background. A junior and a senior recital are required of each student.

Courses in Music

Courses in History and Literature

171. Introduction to Music

A course designed to develop a musical perception and ability to hear the best music intelligently. Emphasis is placed on aspects of style that distinguish one era from another. (Music majors may be exempted from this course upon examination.) Three units. Mr. Halvorsen.
371-372. Music History and Literature
An intense study of the music of all ages designed for the music majors. Open to others with the approval of the instructor. Three units each semester.

373. Piano Literature
A study of the development of the piano and the various forms in which piano works appear. Emphasis upon the style of various composers and extensive repertoire. Two units. Mr. Halvorsen.

[374. Voice Literature]
A comprehensive study of art song literature. Two units. Mr. Hamm. (Not offered 1977-78)

[376. Harmony]
A study of the textual and musical elements of the hymnology of the Christian Church, including Early Church Song, the Lutheran Chorale, Psalmody, and English and American Hymnody. The course will also include critical evaluation of hymns. Two units. Mr. Hamm. (Not offered 1977-78)

473. Choral Literature
A comprehensive study of the choral literature of all periods. Two units. Mr. Hamm.

[474. Symphonic Literature]
A course in the study of symphonic literature of the eighteenth, nineteenth, and twentieth centuries. Two units. Mr. Parker. (Not offered 1977-78)

Courses in Theory
161-162. Theory I
An integrated course including ear training, keyboard harmony, sight singing, and written harmony. A study of keys, scales, intervals, triads, chord progressions, cadences, harmonizations of melodies and basses, simple modulations, and analysis. Five meetings per week. Four units each semester. Mr. Parker.

261-262. Theory II
An integrated course including advanced ear training, keyboard harmony, sight singing, and written harmony. Modulations, altered chords, augmented chords, ornamentation, analysis, and original work. Five meetings per week. Four units each semester. Mr. Halvorsen.

[362. Counterpoint]
The harmonic contrapuntal technique of the eighteenth century. Second semester. Two units. (Not offered 1977-78)

363-364. Form and Analysis
A course in the analysis of all forms prevalent in the eighteenth and nineteenth centuries. Detailed study of structure of phrases, periods, transitions, parts, songs, dance forms, and sonata form. Extensive analysis of actual works such as Mendelssohn Songs Without Words and Beethoven Sonatas. Prerequisite: Music Theory II. Two units each semester. Mr. Parker.

[461. Orchestration]
Study of ranges, tonal possibilities, technical limitations, and necessary transpositions of all orchestral and band instruments; scoring of short pieces in various styles for small and large orchestra and band. Prerequisite: Music Theory II. Two units. Mr. Parker. (Not offered 1977-78)

Courses in Music Education
[254. Vocal Methods]
Objectives and techniques of the choral program in the elementary and secondary schools, with emphasis on vocal production, rehearsal procedures, repertoire, rite techniques, organization, etc. Offered in spring semester of alternate years. Two units. (Not offered 1977-78)

Instrumental Methods
Class instruction in instruments of the orchestra in preparation for teaching in elementary and secondary schools. Tone production, fingerings, methods of teaching, and literature are taught for each instrument. Each music education major is required to take two units in each of two instrumental courses offered, Woodwind and Brass Methods, and String Methods. Students preparing primarily for instrumental teaching must take an additional two units in Percussion Methods.

[251. Woodwind and Brass Methods]
Woodwind—Clarinet concentration, and flute, oboe, bassoon methods. Brass—Trumpet concentration, and French horn, trombone, and tuba methods. (Offered in the fall semester of alternate years.) Two units. Mr. Parker. (Not offered 1977-78)

[253. Percussion Methods]
Snare drum concentration, also tympani, and tuned percussion methods. Offered in fall semester of alternate years. Two units. (Not offered 1977-78)

[255. String Methods]
Violin concentration, and viola, cello, and bass methods. Two units. (Not offered 1977-78)

352. Music in the Elementary School
Objectives and techniques of the choral and instrumental program in the elementary school, with emphasis on methods, materials, the child's voice, listening techniques for children, audio-visual material, recordings, rhythm bands, beginning instrumental programs, and the middle school concept. Music majors and Elementary Education majors will be given separate assignments as appropriate. Two units. Mr. Parker.

353. Music in the Secondary School
Objectives and techniques of the choral and instrumental program in the secondary school, with emphasis on such matters as organization, methods of teaching, testing, business procedures, contests, professional organizations, seating, and discipline. Two units. Mr. Parker.

Miscellaneous Music Courses

282. Basic Conducting
Fundamental conducting techniques, including best patterns, left hand dynamic control, simple phrasing, tempo and rhythmic changes. Two units. Mr. Hamm.

381. Advanced Conducting
Continued development of the conducting skills. Rehearsal techniques, principles of interpretation. Two hours per week and membership in Chorale, Community Chorus, or Chamber Orchestra. Prerequisite: Basic Conducting. Two units. Mr. Hamm.

[481. Pedagogy]
Pedagogy in voice, piano, or other major instrument. Two units. (Not offered 1977-78)

Performance Organizations
191, 192. Oratorio Chorus
Open to all students interested in performing the great works of the sacred choral literature. The chorus meets weekly and performs twice a year. One-half unit each semester. Mr. Hamm.

193-194. Covenant Chorale
Members are selected after an audition with the director. Three hours rehearsal weekly. Concerts are presented on two annual
34
dents are allowed to perform either as amateur, or, where quality

wind ensembles, etc., are arranged according to student needs and
199-200.
Instrumental Ensemble
permits, as professional union musicians, according to the orches¬
197-198.
semester.
199-200. Instrumental Ensemble
Membership is by audition. All instrumental music majors are
required to participate. Three hours rehearsal weekly. One unit per
year. Mr. Hamm.

Madrigal Singers
The study and performance of choral literature appropriate for
small voice groups. Open to students with sight singing ability and
with the approval of the director. Meets once a week. Fee: $2.00
per year. One unit per year. Mr. Hamm.

Membership is by audition. String trio, quartet, piano trio,
wind ensembles, etc., are arranged according to student needs and
performance levels. One-half unit per semester.

Membership is by audition. All instrumental music majors are
required to attend recitals. Membership is by audition. Musical
Director, Chattanooga Symphony Orchestra, Chattanooga, Tennessee.

Natural Science

Requirements for Major in Natural Science
Concentration in Chemistry (See Chemistry)
Concentration in Mathematics (See Mathematics)
Concentration in Medical Technology (See Medical Technology)
Concentration in Physics (See Physics)
Concentration in Pre-engineering (See Engineering)

Requirements for Associate of Arts Degree in Basic Health Sciences
Core Requirements (For details, see page 30. For this program the
Laboratory Science units are listed not under the Core Requirements
but under the Area of Concentration).

ID 31. Foundations of Modern Culture...................4
Bib 111, 113, or 129. Old Testament....................3
Bib 142 or 148. New Testament..............................3
His 102. Trans-Atlantic Civilization....................4
Eng 11. English Composition.................................3
ID 33. Perspectives on the Social Sciences (General
Psychology may be substituted by students planning to enter Occupational Therapy,
Physical Therapy, and Respiratory Therapy)....................4
ID 34. Man’s Creative Expression.........................4
PE 51 or 52. Health and Physical Education.............1
PE 55. First Aid and Personal Safety.....................1

Area of Concentration
Mat 141. Pre-calculus Mathematics.....................3
Mat 142. Pre-calculus Mathematics or 251. Elementary
Statistical Methods.........................................3 or 4
Bio 111-112. General Biology..............................8
Che 121-122. General Chemistry.............................8

Courses in Applied Music
Private instruction for credit in piano, voice, and orchestral and
band instruments is available to all music majors. Students other
than music majors will need special approval from the music de¬
partment. Private instruction for credit on any instrument for
which a resident college teacher is not available may be arranged,
for all music majors, with qualified off-campus teachers approved
by the music department. The department will assist in scheduling
private instruction off campus. For lesson fees, see page 7.

All students studying privately, whether music majors or not,
are required to attend recitals.

The level assigned at the beginning of a semester (preferably on
the basis of an audition) is subject to being changed in the course of
that semester if the student does not prove to work at that level.

Three levels of instruction are offered for credit with the follow¬
ing course number sequence:

Level I: Elementary R.A. or Music Education Applied Music
Level II: Intermediate 201 (2 units) 202 (4 units)
Level III: Advanced 301 (2 units) 302 (4 units)
401 (2 units) 402 (4 units)

Students in both degree programs must complete two semes¬
ters of work at Level III before graduation.

Students who do not qualify for credit in applied music should
register for 101 (no credit).

Additional Science (General Physics for students entering
Occupational Therapy; Bacteriology or Genetics for
students entering Medical Technology, Physical Therapy
Or Respiratory Therapy; Anatomy or Physiology for
students entering Radiologic Technologies or
Physician’s Assistant program).................................4

Elective Units.........................................................11 or 12

Courses in Natural Science
(These courses may not be applied to the majors in biology or
chemistry.)

105. Problems of Physical Science
An introduction to the methods of physical science, including
experimentation, formulation of hypotheses, and testing hypo¬
theses. The course will include a brief survey of the history of
science, and a discussion of the meaning of scientific proof. Three
hours lecture. Three hours laboratory. Laboratory fee: $15.00. Four
units. Mr. Dameron.

106. Problems of Biological Science
A survey of issues in modern biology, emphasizing views of
origin and including topics such as genetic manipulation and pro¬
duction of “test tube babies.” The historical development of ideas
and attitudes among modern scientists concerning origin will be
traced. Creationist alternatives will be examined. Three hours lec¬
ture. Two hours laboratory. Laboratory fee: $10.00. Four units. Mr.
Lothers.

108. Problems of Geological Science
An examination of the history of uniformitarianism and its
impact on modern geology, with an analysis of its consistency in
relation to the scientific method. Alternative theories of the de¬
velopment of landforms will be considered. Laboratory will in¬
clude work with geological specimens. Three hours lecture. Two
hours laboratory. Laboratory fee: $10.00. Mr. Wenger.
Nursing Education

Requirements for Pre-nursing Program

Covenant College has arrangements with several of the country's leading collegiate schools of nursing that allow students to enter these schools for completion of the Bachelor of Science in nursing. By satisfactorily completing two years in the pre-nursing curriculum at Covenant College, the student may apply for admission on the junior level to the following schools: The College of Nursing, University of Tennessee at Memphis; The Faculty of Medicine, School of Nursing, Columbia University, New York City; and the School of Nursing, Emory University, Atlanta, Georgia. There are other schools of nursing to which the student can also transfer.

Core Requirements (Details, including alternative courses, are given on page 10)
- ID 31. Foundations of Modern Culture ........................................... 4
- Bib 111, 113, or 129. Old Testament ........................................... 3
- Bib 142 or 148. New Testament .................................................. 3
- Bib 277. Christian Doctrine ....................................................... 3
- His 102. Trans-Atlantic Civilization ............................................ 4

Major and Supporting Course Requirements
- Nur 101. Introduction to Nursing .............................................. 0
- Che 121-122. General Chemistry .............................................. 8
- Bio 111-112. General Biology ................................................... 8
- Psychology or Sociology electives ....................................... 12
- English Literature elective .................................................. 3
- Additional electives* .......................................................... 15-18

*Electives taken will be selected from among the following courses in consultation with the chairman of the department according to the requirements of the school of nursing which the student enters in the junior year: English Composition, Literature, Bible, Mathematics, Sociology, Speech, Intermediate Foreign Language, History, Philosophy, Psychology, Fine Arts, and Physical Education.

Course in Nursing Education

101. Introduction

A survey of the field of nursing including objective criteria to be used in choosing nursing as a career, technological and sociological phenomena influencing the demands made on nurses today, and educational opportunities which can best qualify the nurse to meet these demands. Emphasis is placed on the necessity of learning to regard the total needs of the patient, and, through discussion, a preliminary philosophy is formed for the Christian nurse to meet these needs. A non-credit course. Mrs. Schmidt.

Philosophy

Requirements for Major in Philosophy

Core Requirements (Details, including alternative courses, are given on page 10)
- ID 31. Foundations of Modern Culture ........................................... 4
- ID 91-92. Philosophy of the Christian Faith .................................. 5
- Bib 111, 113, or 129. Old Testament ........................................... 3
- Bib 142 or 148. New Testament .................................................. 3
- Bib 277-278. Christian Doctrine .................................................. 3
- Eng 11. English Composition .................................................... 6
- Phi 21. Logic or Mathematics .................................................... 3
- His 102. Trans-Atlantic Civilization ............................................ 4
- Laboratory Science sequence ................................................... 8
- ID 33. Perspectives on the Social Sciences .................................. 4
- ID 34. Man's Creative Expression ................................................ 4
- Language sequence ............................................................. 12-14
- PE 51-52. Health and Physical Education .................................... 2
- PE 55. First Aid and Personal Safety ......................................... 1

Major and Supporting Course Requirements
- Phi 203 or 204 ................................................................. 3
- Philosophy electives (300-level or above) ................................ 18
- Philosophy electives (200-level or above) ................................ 18

If a minor is desired this may be reduced to 6 units.

Requirements for Minor in Philosophy

- Philosophy electives, limited* .................................................. 6
- Philosophy electives, free ....................................................... 6

*The choice of these electives will depend upon the student's major and will be made by the philosophy department in conjunction with the student.

Courses in Philosophy

21. Logic

An introduction to classical and modern logic with some attention to the problems of induction. The emphasis is on a proper use of inferences in ordinary language and with logical symbols. Three units. Mr. Keister.

201. History of Ethics

A study of the principal theories, from the Greek schools on to Kant, Bentham, and Dewey. Three units. Mr. Hoover.

202. Philosophy of Religion

An investigation into the major philosophical problems in religion: the existence of God, the character of religious knowledge and verification, the nature of religious language, etc. Three units. Mr. Clark. (Not offered 1977-78)

203. History of Ancient Philosophy

From the earliest beginnings to the end of Antiquity. Four units. (Not offered 1977-78)

204. History of Modern Philosophy

From Descartes to Kant. Four units. Mr. Clark.

303. Medieval and Renaissance Philosophy

From the disciples of Augustine to Occam. Four units. Mr. Clark. (Not offered 1977-78)

304-305. History of Recent Philosophy

An examination of basic trends of post-Kantian thought. Some attention will be given to the philosophy of science. German idealism, pragmatism, positivism, analytic philosophy phenomenology, and existentialism. Six units. Either semester may be taken for credit. Mr. Clark. (Not offered 1977-78)

306. Philosophy of Art

The clarification of terms and a discussion of proposed criteria for aesthetic judgments. Major works will be read and discussed. Three units. (Not offered 1977-78)

308. Philosophy of the Hellenistic Age

### Physical Education

In addition to the Physical Education activity course taken by freshmen, a complete program of intramural games and intercollegiate sports is offered. The intramural program enables students to compete on team and individual bases against members of other classes and the faculty. The winning men’s and women’s teams are presented trophies known as the President’s Cup. The intercollegiate program consists of men’s soccer, JV and varsity basketball, baseball, tennis, and cross-country.

Courses in Physical Education

51-52. Health and Physical Education
Fee $7.50. One unit each semester. Mr. Fitzgerald.

55. First Aid and Personal Safety
Students who satisfactorily complete this course are presented the Standard Red Cross First Aid Certificate. Fee: $7.50. One unit. Mr. Bowman.

130. Introduction to Physical Education
A study of the history and philosophy of the movement, men and methods of physical education from the Greco-Roman era to the present day. The contributions of the men and the changing methods will be researched. Each student will be required to do an individual project. Three units.

131. Senior Lifesaving
One unit.

132. Red Cross Water Safety Instruction
One unit.

133. Horseback Riding
A special off-campus course where all the special skills in riding are taught. All students must provide their own transportation. Cost is $25.00 per semester. One unit.

201. Health Education
To create an awareness of current problems, trends, and issues in the field of Health Education. Emphasis will be placed on the effects of tobacco, alcohol, and drug abuse on the body. Students will learn to identify and utilize varied sources of information and be introduced to new methods and materials. Two units.

205-215. Individual Sports
These courses aim to help the student develop skills in a particular individual activity.

205. Archery. One unit. Mr. Fitzgerald.
206. Bowling. Students are responsible for equipment and for game fees. One unit. Mr. Bowman.
207. Gymnastics. One unit. (Not offered 1977-78)
208. Tennis. One unit. Mr. Fitzgerald. (Not offered 1977-78)
209. Golf. One unit. Mr. Fitzgerald. (Not offered 1977-78)
211. Swimming. One unit.
212. Handball. One unit. (Not offered 1977-78)
213. Racquet Ball. One unit. Mr. Rulon.
214. Squash. One unit. (Not offered 1977-78)

220-226. Team Sports
These courses aim to help the student develop skills in a particular team sport.

220. Soccer. One unit. Mr. Bowman.
221. Basketball. One unit. Mr. Fitzgerald. (Not offered 1977-78)
222. Speedball. One unit.
223. Volleyball. One unit. Mr. Fitzgerald. (Not offered 1977-78)
224. Football. One unit. Mr. Fitzgerald.
225. Softball. One unit.

[331. Psychology of Coaching]
The methods and strategy involved in coaching in all sports are stressed in this course with special emphasis on soccer, basketball, and baseball. Three units. Mr. Bowman. (Not offered 1977-78)

[332. Camping and Recreation]
Development of the recreational movement in America in respect to leisure time. Community and national programs and laws. The organizational and administrative aspects of camping programs; the basis on which a camping program is developed. Three units. Mr. Bowman. (Not offered 1977-78)

333. Officiating
Instruction in skills and techniques required for officiating. Exact knowledge of rules and regulations required for the sports: football, volleyball, soccer, basketball, baseball, softball. Students officiate at intramural games as part of the requirements for this course. Three units. Mr. Bowman, Mr. Fitzgerald.

335. Physical Education in the Elementary School
The methods and materials for teaching physical education in the elementary school are considered. Curriculum planning, facilities, equipment, integration and correlation of the academic presentation and physical activities in the classrooms, selection of materials, teaching techniques, and the selection of suitable activities (including creative movement and movement education) for the elementary grades are emphasized. Three units. Mr. Bowman.

336. Physical Education in the Secondary School
The nature, scope, and potential of physical education in today's secondary school are considered. Curriculum planning, facilities, equipment, integration and correlation of the academic presentation and physical activities in the classroom, selection of materials, teaching techniques, and the selection of suitable activities (including movement education) for the secondary grades are emphasized. Three units. Mr. Fitzgerald.

337. Administration of Secondary School Athletics
Study and discussion of the various phases of organization and administration. Administrative principles and the development of athletics in the school and community. Three units. Mr. Bowman.

338. Kinesiology
A study of muscles, joint action, the mechanics of human balance and motion and the physiology of exercise. Prerequisite: Biology 216. Four units. Mr. Wenger.

400. Independent Study
This is offered to qualified seniors who have a special interest in the area of physical education and recreation. One semester. One or two units. Mr. Bowman.

Dual Degree Program with Georgia Institute of Technology

This five-year program leads to a B.A. from Covenant and a B.S. in Physics from Georgia Tech. The program includes three years at Covenant College and two years at Georgia Institute of Technology. Candidates who follow the program outlined below are eligible to seek the degree of Bachelor of Science in Physics from the General College of Georgia Institute of Technology. In the case of highly qualified students the Georgia Institute of Technology degree may be at the master’s level.

Note: A minimum of 95 units must be taken before enrolling at Georgia Institute of Technology. The above program must be supplemented, therefore, by two to four additional units of electives.

Courses in Physics

131-132. General Physics

The essentials of mechanics, heat, sound, electricity, magnetism, and light, and an introduction to modern physics, including nuclear physics and atomic structure. Three hours lecture. Three hours laboratory. Laboratory fee: $15.00 per semester. Refundable laboratory deposit: $5.00. Eight units. Mr. Keister.

231. Modern Physics

Modern ideas in physics: quantum theory, relativity, nuclear and atomic structure, fundamental particles. Prerequisites: Physics 131-132, Mathematics 145-146. Three hours lecture. Three units. Mr. Keister.

331. Electricity and Magnetism

Electrostatics, d.c. circuits, magnetism, induced current, transients, and a.c. networks. Prerequisite: Mathematics 247. Three hours lecture. Three units. Mr. Keister.

332. Analytical Mechanics

Particle and rigid body mechanics, harmonic oscillators, and an introduction to advanced dynamics. Prerequisite: Mathematics 145-146, three hours lecture. Three units. (Not offered 1977-78)

333. Principles of Electronics

Fundamental theory of electron ballistics, semi-conductors, and vacuum tubes. Applications to modern scientific instrumentation will be stressed. Prerequisite: Physics 131-132. Two hours lecture. Three hours laboratory. Three units. Mr. Dameron.

334. Quantum Mechanics

The origins of quantum theory, uncertainty of relations, formalism of wave mechanics, central potential problem, phase-shift, coulomb interaction, harmonic oscillator, angular momentum, perturbation theory. Prerequisite: Physics 231, 331; Mathematics 348. Three units. Mr. Keister. (Not offered 1977-78)

337-338. (237-238). Experimental Physics

Advanced laboratory experiments designed to integrate and augment work in lecture courses. Prerequisite: Physics 131-132. Three hours laboratory. Laboratory fee: $10.00 per semester. Two units. Mr. Dameron.

431-432. Special Topics in Physics

Concentration in selected fields of study. Prerequisite: senior standing. Three units each semester. Mr. Keister. (Not offered 1977-78)

Pre-ministerial Curriculum

The following course suggestions are proposed to serve as guidelines for pre-ministerial students at Covenant College. A student planning to enter theological seminary should consult the catalogs of the seminaries to which he may apply for their specific admissions requirements.

The Christian ministry calls for a broad acquaintance with the thought and life of our contemporary world and of our cultural heritage. It also requires a knowledge of people and an ability to communicate with them. Quite obviously it demands a thorough understanding of the Bible, the source of our message of the Gospel.

Much of the specialized knowledge for the ministry can be gained in theological seminary, but the broad foundation should be laid in college. Covenant’s liberal arts curriculum is designed to help the pre-ministerial student achieve such a general background. In the core curriculum Greek, logic, and speech are recommended to fulfill the requirements.

Any one of several majors is possible for the pre-ministerial student, including Biblical studies and missions, philosophy, history, English, or psychology. The minor may be selected from any of these same fields plus sociology or education. The recommended major, however, is either the major in biblical studies and missions or the interdisciplinary program with biblical studies or missions and some combination of the field named above included.

Certain courses are strongly recommended in the pre-ministerial program: John or Romans, Theology of Missions, at least one philosophy course, History of Christianity, at least one
The discipline of psychology is concerned with the critical examination of the individual behavior of humans and other life forms. The major in psychology intends to take the student through the following sequence:

1. A survey of modern psychology
2. The methods used by psychologists in the investigation and analysis of behavior
3. The theories and data of the subfields within psychology
4. Opportunity for application of the information of psychology and the integration of psychology with one's personal Christian beliefs.

The courses listed below are consistent with the above sequence, namely: (1) Survey courses, (2) Methods courses, (3) Content courses, and (4) Application courses. The student should be aware that the application of psychological principles necessarily follows an understanding of the data and methods upon which these principles are based.

The Department of Psychology of Covenant College is committed to an academically responsible concept of the integration process. It provides opportunity for relating the discipline with an evangelical Christian world and life view. Students majoring in psychology examine contemporary viewpoints on integration relative to psychology and work towards a personal statement reflecting their efforts.

For further information about the program in psychology write to the Program Director.

A general survey of the content areas of psychology. This course introduces the student to the critical examination of behavior in human and other life forms. Topics considered include the nature of psychology, biological foundations of behavior, perception, learning and memory, language and thought, motivation and emotion, developmental psychology, altered states of consciousness, personality, social psychology, psychopathology and psychotherapy. Offered each semester. Laboratory fee: $5.00. Four units. Mr. Kulon.
200. History and Systems of Psychology
A survey of the systematic and theoretical base of psychology. Topics considered include: the nature of science, the place of psychology in science, systems of psychology: Associationism, Structuralism, Functionalism, Behaviorism, Gestalt Psychology, and Psychoanalysis. Each system is described in terms of historic background and content. Prerequisites: Psy 100. Two hours lecture. Two units. Offered spring. Mr. Cummer.

Methods Courses

251. Elementary Statistical Methods
An introductory course in statistical procedures used in scientific research investigations. Topics considered include the nature and importance of statistics, quantification, measurement, probability, elementary research design, the collection and scoring of research results, measures of central tendency and norms, correlation analysis, statistical inference, analysis of variance and the analysis of categories and ranks. Computer applications will be stressed. Prerequisite: high school algebra. Three hours lecture and two hours laboratory. Offered fall. Laboratory fee: $10.00. Four units. Mr. Sizemore.

261. Introduction to Research Methods
This course introduces the student to the process and methods of research in the social sciences. Required of all majors in psychology. Topics considered include science and the scientific approach, problems and hypotheses, variable definition, research designs, types of research and methods of observation and data collection. Using a group project format, the student formulates a research proposal and carries out the research, reporting the results in a research manuscript prepared in a form acceptable for publication. Prerequisites: Psy 200, 251 (Sociology major only 251). Four hours lecture. Offered spring. Laboratory fee: $10.00. Four units. Mr. Sizemore.

[464. Advanced Statistical Techniques]
This course supplements the Elementary Statistical Methods course, Psy 251. Topics considered include experimental design, analysis of variance, multiple linear regression analysis, and factor analysis. Majors in psychology contemplating graduate school are strongly encouraged to take this course at least once. Computer applications will be stressed. Repeatable. Prerequisites: Psy 100, 200, 251, and 261. One hour lecture and two hours lab. Laboratory fee: $20.00. Two units. Mr. Sizemore. (Not offered 1977-78)

Content Courses

244. Social Psychology
See Sociology 244.

303. Principles of Human Development
A comprehensive survey of the development of the human individual from birth to death. Consideration is also given to the methods of investigation employed. Topics considered include: theories of development, prenatal and birth development, research methods, infancy, childhood, adolescence, adulthood, aging, death and disturbances in emotional, social, and moral development. Prerequisite: Psy 100. Three hours lecture and laboratory. Four units. Mr. Rulon.

304. Psychology of Learning and Memory
A critical examination of the principal theories and research in learning and memory. Consideration is given to major positions. Rudimentary types of learning in the forms of classical and instrumental conditioning are considered as well as verbal learning and memory. Topics considered include: learning and behavior, theories of learning, experimental methods, verbal learning and memory, transfer of learning, and behavior modification. Prerequisite: Psy 100, 200, 251, and 261. Three hours lecture, plus lab. Offered fall. Laboratory fee: $10.00. Four units. Mr. Rulon.

331. Psychology of Personality
A critical examination of the historical and contemporary theorists in the study of human personality. Theorists considered include Freud, Jung, Adler, Allport, Cattell, Dollard, and Miller, Rogers, Maslow, Frankl and Ellis, as well as others. The student, in considering these theorists, is challenged to develop a basic personal view of personality. The course emphasizes the academically responsible integration of the evangelical and psychological dimensions of the human personality. Prerequisites: Psy 100. Four hours lecture. Offered fall. Four units. Mr. Cummer.

344. Abnormal Psychology
This course examines behavior classified as abnormal by the American Psychiatric Association and the World Health Organization. Class content will focus on the clinical description, causes, prognosis, and treatment of abnormal behavior. A practicum will provide direct contact with the behavior being studied and will involve weekly participation at a mental health agency. Prerequisites: Psy 100. Three hours lecture. Offered Spring. Four units. Mr. Rulon.

[373. Physiological Psychology]
An overview of the physiological approach to psychology. Topics of consideration include the internal physiological environment, the nervous system, physiological aspects of the senses, reflexes and motor organization, brain dynamics, sleep and arousal, physiological considerations of motivation, emotion and learning, and physiological stress. Prerequisites: Psy 100, 200. Three hours lecture, plus lab. Laboratory fee: $10.00. Four units. Mr. Rulon. (Not offered 1977-78)

402. Special Topics in Psychology
This course represents a loosely structured outlet for topics of interest in the discipline. A variety of subjects related to psychology are offered. Topics previously offered include sleep and dreaming, factor analysis, and religious behavior. The particular topic offered is based upon student interest and demand. Prerequisites: junior standing, psychology major, or permission of the instructor. Repeatable. One to four units. Staff.

[443. Counseling and Clinical Psychology]
A comprehensive assessment of the procedures and techniques used by clinical and counseling psychologists. Topics include the historical development of clinical psychology, diagnosis and personality assessment, the clinical interview and case study, clinical testing, the psychotherapeutic function, variations in psychotherapy, behavioral therapies, group and play therapy, community psychology and mental health, and professional problems and developments. Prerequisites: Psy 100, 200, 251, and 261, or permission of instructor. Four units. Mr. Cummer. (Not offered 1977-78)

Application Courses

222. Educational Psychology
See Education 222.

[355. Psychological Testing]
A comprehensive survey of the construction and use of psychological tests. Topics considered include functions and origins of psychological testing, the nature and use of psychological tests, the interpretation of test scores, reliability and validity, item analysis, the measurement of intelligence, aptitude and achievement tests, vocational and personality tests, attitude and interest inventories, projective techniques, and the social implications of test results. Periodic laboratory experiences will be offered. Prerequisites: Psy 100, 200, 251 and 261, or permission of the instructor. Four units. Mr. Sizemore. (Not offered 1977-78)

444. Practicum in Psychology
The practicum is divided into two categories: Research and Internship. Prerequisite for either section: Psychology major, junior standing. Offered each semester. Two to six units. Staff.
Research
Students enrolling in the course with this heading pursue an independent research project under the direction of a department faculty member. The student is encouraged to make use of available resources within the department. Each student develops a report of the research completed that is suitable for publication.

Internship
Students interested in the counseling and clinical aspects of psychology are placed in volunteer positions with the Moccasin Bend Psychiatric Hospital or other agencies. Students have weekly interaction sessions with the internship coordinator. An effort is made to make the student aware of the discipline in its applied setting.

491. Senior Seminar in Psychology
A required course of all graduating seniors majoring in psychology. This course examines the various contemporary approaches to the integration of the academic discipline of psychology and evangelical Christian thought. A systematic review of the available literature is considered. Students will develop an understanding of current viewpoints and discuss possible strategies for integration. Prerequisites: graduating senior majoring in psychology. May be taken twice. One two-hour meeting per week. Offered spring. Two units. Staff.

**Courses in Sociology**

141. Principles of Sociology

A general survey of the main areas of Sociology. The course will introduce the student to the three areas of Sociology on which the rest of the curriculum is based: social interaction, social concerns, and social institutions. In-class and out-of-class projects will be included exposing the student to the areas of methodology and personal application. Three units. Mr. Muller.
229. Cultural Anthropology
A study of the way in which contemporary cultures differ from one another in respect to family organization, economic systems, political orders, etc. The concepts of cultural relativity and ethnocentrism will be emphasized with personal application to the student's own perspective. Three units.

[241. Social Problems]
A general survey of the major problems that confront contemporary society. Three general problem areas will be considered: transitional problems such as overpopulation, environmental concerns, and the changing cities; problems of inequality such as poverty, minority groups, and differential sex role treatment; and problems of deviant behavior such as crime, mental disorders, and drug abuse. Three units. (Not offered 1977-78)

[243. Population and Society]
A study of the basic components of demography will be covered: fertility, mortality, and migration. These basic components will be examined with respect to their relationship to the other major social institutions such as education, religion, and the economy. Current population problems and trends will also be considered. Three units. (Not offered 1977-78)

244. Social Psychology
A general study of interpersonal behavior within the context of modern society. Topics and research in the areas of interpersonal attraction, aggression, social influence, and attitude formation will be discussed. The major theories in social psychology will be considered. Attention will be given to the relationship of social psychological principles to one's own interactions with others. Three units. Mr. Muller.

246. Crime and Delinquency
An analysis of the causes, incidence, and consequences of crime in modern society. Attention will be given to specific forms of crime as well as contemporary methods of dealing with crime, such as prevention, treatment, and rehabilitation procedures. Three units.

250. Introduction to Social Work
An introductory course dealing with the dynamics of social work, focusing on basic concepts, considerations, treatment, and the problem-solving process. Careful consideration will be given to the process of social work, diagnosis and treatment, the social history, evaluation of some of the literature, and the exploration of resources. In addition, a discussion of the interview procedure, counseling techniques, and a visit to a local social work agency will be included. Three units.

251. Elementary Statistical Methods
See Psychology 251.

261. Introduction to Research Methods
See Psychology 261.

341. The Family
An analysis of current theory and research in respect to the three major areas of the course: dating, marriage, and the family. Topics to be covered include predictive factors of marital success, current alternatives to marriage, the two career family, and recent Christian approaches to the family. Three units. Mr. Muller.

342. Sociology and Psychology of Religion
A study of religion from the perspective of sociology and psychology rather than theology. Attention will be given to such topics as the dimensions of religiosity, religious socialization, civil religion in America, the secularization controversy, and the future of religion. Prerequisite: Soc 141. Three units. Mr. Muller.

343. Sociology of Health
A study of social factors as they relate to illness. Attention will be given to the way in which social factors are etiologically related to illness as well as the way sociology can help understand the health institution such as the doctor-patient relationship and the delivery of health care services. Prerequisite: Soc 141. Three units. Mr. Muller.

344. Social Psychology of Groups
A study of the principles and dynamics of group relations with emphasis being given to such processes as decision making and problem solving. Time will also be devoted to in-class workshops to acquaint the student first hand with group interaction. The study of collective behavior will also be included. Prerequisite: Soc 244. Three units. Mr. Muller.

[345. Dynamics of Social Change]
An analysis of the major trends and theories in social change. Topics such as innovation, diffusion, and resistance to change will be discussed. Students will be required to research and write a paper to be shared with the class in seminar format. Prerequisites: Soc 141 and 261. Three units. Mr. Muller. (Not offered 1977-78)

348. Readings in Marriage and Family Counseling
A summer reading course requiring the successful completion of Soc 341. The Family. Readings will be both assigned as well as selected by the student in order to enhance his knowledge of the principles, theories, and techniques of current marriage and family counseling. Three units. Mr. Muller.

399. Independent Study
Special topics in sociology or anthropology.

[402. History of Social Theory]
A study of the development of social theory in recent western history. Theorists in the 19th century who will receive special emphasis will include Durkheim, Marx, and Weber; in the 20th century attention will be given to Sumner, Parks, Cooley, Mead, Parsons, and Merton. Prerequisite: Soc 141. Three units. (Not offered 1977-78)

444. Practicum in Sociology
An opportunity for the student to work in a community agency bridging the gap between classroom learning and the needs and opportunities that exist within society. Prerequisite: Soc 141 and permission of the instructor. Four units.

490. Senior Seminar in Sociology
This course will consider how the student of sociology can apply his past learning in the discipline to his own life work. Special attention will be given to the relationship between the student's Christian commitment and his interest in the area(s) of social interaction, social concerns, and/or social institutions. Prerequisites: Soc 141, 251, 261, and 402. One unit. Mr. Muller.
## Spanish

### Core Requirements in Language

The options for fulfilling the language requirement are indicated in the description of the core curriculum on page 10. The language requirements for specific major programs should be checked with the department involved.  

All students who have already begun Spanish in high school and who wish to fulfill the foreign language requirement in Spanish will be placed by an examination given at the beginning of the semester.

### Requirements for Minor in Spanish

<table>

</tbody>
</table>

### Courses in Spanish

#### [79-80. Elementary Spanish]

An introduction to the Spanish language, with extensive practice in pronunciation, simple conversation, aural comprehension, fundamentals of grammar, and reading short passages. Basic sentence patterns and grammatical principles will be reinforced through a great many oral drills and written workbook exercises. Eight units. Mr. Shaw. (Not offered 1977-78)

#### 81-82. Intermediate Spanish

Continued development of skills in speaking, understanding, reading, and writing Spanish, through an extensive review of grammar, selected reading in Spanish literature and culture, conversational practice, vocabulary development, and guided writing of compositions. Six units. Mr. Shaw.

#### [351. Advanced Spanish Grammar and Composition]

A study of fine points of grammar, with extensive writing practice on informal and formal topics, to develop facility in expressing oneself correctly in written form. Prerequisite: Spanish 81-82 or equivalent. Three units. Mr. Shaw. (Not offered 1977-78)

#### 352. Spanish Phonetics and Diction

A detailed study of fine points of pronunciation, with extensive oral practice, to develop a more correct pronunciation and accent. Prerequisite or to be taken concurrently: Spanish 81-82 or equivalent. Three units. Mr. Shaw.

#### 353. Advanced Spanish Conversation and Reading Practice

Extensive conversational and vocabulary practice on a wide variety of topics, correlated with readings in current magazines and newspapers, to develop greater fluency and correctness in reading and in expressing oneself orally. Prerequisite or to be taken concurrently: Spanish 81-82 or equivalent. Three units. Mr. Shaw.

#### [354. Introduction to Spanish Literature]

Reading of a selected series of literary works from a wide range of periods and authors, to begin to develop enjoyment in reading literature in the original language and appreciation for the richness and variety of the literature. Prerequisite: Spanish 81-82 or equivalent. Three units. Mr. Shaw. (Not offered 1977-78)

### Teacher Education Program

#### Requirements for Major in Elementary Education and for Elementary Certification (Grades 1-8)

Georgia T-4 Associate Professional (elementary) certification will be granted to persons who follow the program outlined below.

#### Elective (recommended in one area for departmentalized teaching situation) .................................................. 16

#### Requirements for Teaching Minor in Education

All prospective teachers must have a major in an academic discipline and a teaching minor in education. The teaching minor in education must include the following professional sequence:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Edu 221. Principles of Teaching and Learning</td>
<td>3</td>
</tr>
<tr>
<td>Edu 222. Educational Psychology</td>
<td>3</td>

<tr>
<td>Edu 411. Preparation and Utilization of Curriculum Materials</td>
<td>3</td>
</tr>
<tr>
<td>Edu 412/414. Designing Teaching/Learning Models</td>
<td>3</td>
</tr>
<tr>
<td>Edu 422/424. Teaching Practicum</td>
<td>8</td>
</tr>
</tbody>
</table>

A minimum of two of the first three (221, 222, 321) courses must be taken at Covenant or another Christian college.

Planning a program leading to certification should begin in the sophomore year since certain required courses may be offered only in alternate years. A person desiring certification in a state other than Georgia should also begin planning early in his program. Information on certification requirements in all states is available in the education office.
Requirements for Admission to the Teacher Education Program

All prospective teachers must gain admission to the Teacher Education Program before they will be allowed to enroll in Education 321, Structure of Knowledge. Application forms are available in the education office. The requirements for admission are:

1. Completion of Education 221 with the grade of C or better.
2. A cumulative grade-point average of 2.00 or better.
3. Completion of at least 26 semester units of credit.
4. Completion of at least one semester in residence at Covenant College.
5. A recommendation by an adult who has knowledge of the candidate's personal qualifications.
6. A recommendation by the Office of Student Development.

Requirements for Eligibility to Student Teach

Persons desiring to student teach must formally apply and be declared eligible before enrolling in Education 422/424, Teaching Practicum. Forms for this purpose are available in the education office. The requirements for eligibility are:

1. Acceptance into the Teacher Education Program.
2. Completion of Education 222 and 321 with the grade of C or better.
3. A cumulative grade-point average of 2.00 or better.
4. Completion of at least 58 semester units of credit.
5. A recommendation by a professor in major discipline.
6. A recommendation by a professor under whom two or more education courses were taken.

The Professional Semester

Persons who have been admitted to the Teacher Education Program and have been approved to student teach may participate in a professional semester during their senior year. No course work other than the following will be allowed during this semester:

411. Preparation and Utilization of Curriculum Materials
412/414. Designing Teaching/Learning Models
422/424. Teaching Practicum

Requirements for Secondary Certification (Grades 7-12)

Georgia T-4 Associate Professional (secondary) certification will be granted to persons completing a degree program which includes a major in either biology, chemistry, English, history, or behavioral science (psychology, sociology) and a teaching minor in education. Specific course requirements are listed under each discipline.

Requirements for Certification in Music or Physical Education (Grades 1-12)

Georgia T-4 Associate Professional (music or physical education) certification may be granted to persons completing the requirements for certification listed under the separate departments.

Courses in Education

221. Principles of Teaching and Learning

After an initial acquaintance with the current scene in education, scriptural principles are studied to provide a basis for decision-making in education. These principles guide the study of the organization and curriculum of the school, the roles of teachers and students, professional relationships, and the control of the school. This course also provides content and experiences related to philosophical and sociological foundations of education. Pre-practicum experiences include tutoring individual students or small groups, observing classes, working with a classroom teacher, and/or visiting various kinds of schools. The course provides foundational knowledge for those who know they want to teach. Its content and experiences prove helpful to those just exploring the possibility of a career in education. Three units.

222. Educational Psychology

A biblical view of the child is offered in three areas, his development, his behavior, and his learning processes. Contemporary theories based on behaviorism and humanism are evaluated against the norm of Scripture. Each student works with a child or young person one hour per week during which time theory can become practice as an in-depth case study is developed. A paper stating a personal view of the child based on one's personal philosophy is a required product that becomes a foundational statement for other courses in education. Those planning to teach should take Education 221 as a prerequisite. Three units. Mr. Graham.

321. Structure of Knowledge (Curriculum Theory)

An introduction to epistemology in preparation for an analysis of each academic discipline to determine what is known, the manner of inquiry, and the relationship to every other discipline. A Christian world-and-life view is key to the content. Students selecting either elementary or secondary levels profit by sharing this content. They develop an understanding of the conceptual structure of the discipline and the contributions other disciplines make to theirs. The aim is to view reality as an integrated whole rather than a collection of parts. Three units.

322. Teaching of Social Studies in the Elementary School

The learner demonstrates mastery of concepts of the social, political, geographical, industrial, economic, and cultural forces that operate in society, and of key factors involved in fostering understanding of these forces by children in the elementary school. Prerequisite: 222 or equivalent. Two units. Miss Davis.

323. Teaching of Language Arts in the Elementary School

This course involves a study and evaluation of materials and techniques in teaching reading, spelling, and language. It should be taken prior to or concurrently with Education 326. Prerequisite: 222 or equivalent. Two units. Miss Davis.

324. Teaching of Science in the Elementary School

The learner studies instructional procedures, materials, and evaluation in teaching biological and physical sciences in the elementary school. Prerequisite: 222 or equivalent. Two units.

325. Teaching of Mathematics in the Elementary School

This course involves a study of goals, methods, materials, and evaluation of mathematics instruction in the elementary school. Prerequisite: 222 or equivalent. Two units.

326. Fundamentals of Reading

This course includes a general survey of approaches to reading and a study of some critical analyses of these approaches. Students will be involved in local schools in pre-practicum experiences. Required for elementary certification. Four units. Miss Davis.

335. Physical Education in the Elementary School

See Physical Education 335. Required for elementary certification.

336. Physical Education in the Secondary School

See Physical Education 336.

352. Music in the Elementary School

See Music 352. Required for elementary certification.

353. Music in the Secondary School

See Music 353.

361. Identification and Education of Elementary and Secondary Children with Special Needs

A study of the definitions, characteristics, and etiological fac-
tors of the following classifications of exceptional children is presented: Mentally Retarded, Behaviorally Disordered, Physically Handicapped, Learning Disabled, and Intellectually Gifted. To aid classroom teachers in meeting the needs of these students, training is given in assessment techniques, observation procedures, and diagnostic-prescriptive teaching. Individual programs with corresponding materials and methods are developed. Three units.

366. Literature for Children and Adolescents
See English 366. Required for elementary certification.

394. Art for Children and Adolescents
See Art 394. Required for elementary certification.

411. Preparation and Utilization of Curriculum Materials
Biblical criteria with which to evaluate commercially-produced curriculum materials and competencies to produce Christian curriculum materials are developed. Students also become involved with multi-media hardware and software as it pertains to their teaching area. A multi-media product to be used with a teaching unit is developed. Prerequisite: Education 221, 222, and 321. Three units. Miss Davis.

412/414. Designing Teaching/Learning Models
Personal teaching approaches, techniques, and styles that reflect a Christian philosophy and view of the child are developed. Special emphasis is also placed upon the exploration of biblical interpersonal relations within the educational setting. The practicum experience includes observations of and involvement with the cooperating classroom teacher with whom the student will practice teach during the final half of the semester. The content is shared by all students regardless of interest, elementary (412) or secondary (414) levels. Students register by number for certification purposes. Prerequisite: Education 221, 222, and 321. Three units. Mr. Graham.

422/424. Teaching Practicum
The final eight weeks of the professional semester are spent in an actual teaching experience on a full-day basis. No other college course work is allowed during this period. A weekly seminar is conducted with the college supervisor. Eight units. Staff.

Faculty

(Year in parenthesis indicates date of joining Covenant’s faculty)

ANDERSON, Charles W.
Associate Professor of Biblical Studies (1964)
S.T.M., University of the South; B.D., Faith Theological Seminary; A.B., Wheaton College

AUSTIN, A. Kenneth
Associate Professor of History (1972)
Ph.D., University of Georgia; M.A., East Tennessee State University; B.A., Gordon College; B.D., Westminster Theological Seminary

BARKER, Nicholas P.
Professor of English (1966)
Ph.D. and M.A., University of Minnesota; A.B., Princeton University

BARNES, Marion D.
Professor of Chemistry (1965)
Ph.D. and A.M., Columbia University; B.S., University of Arkansas; LL.D., Wheaton College

BOWMAN, Walter L.
Associate Professor of Physical Education (1967)
Ph.D. and M.A., Michigan State University; B.S., Gordon College

CLARK, Gordon H.
Professor of Philosophy (1975)
Ph.D., University of Pennsylvania; D.D., Reformed Episcopal Seminary

CLARK, Raymond W.
Assistant Professor Biblical Studies (1966)
Th.M., Trinity Evangelical Divinity School; B.D., Covenant Theological Seminary; B.R.Ed., Detroit Bible Institute

CUMMER, John P.
Assistant Professor of Psychology (1970)
Ed.D., Florida State University; M.S., Indiana University; A.B., Wheaton College

DAMERON, Raymond H.
Associate Professor of Physics (1964)
M.S., University of Tennessee at Chattanooga; B.S., Pennsylvania Military College; M.Div., Covenant Theological Seminary

DAVIS, Margaret B.
Assistant Professor of Education (1975)
Ed.D., University of Tennessee; M.Ed., University of Georgia; B.A., Mercy University

DONALDSON, Charles W.
Associate Professor of Chemistry (1967)
Ph.D., University of Pennsylvania; B.S., Wheaton College

FITZGERALD, Eugene F.
Instructor in Physical Education (1973)
M.A., Michigan State University; B.A., Gordon College

GILCHRIST, Paul R.
Associate Professor of Biblical Studies (1967)
Ph.D., Dropsie College; B.D., Faith Theological Seminary; B.A., Columbia Bible College

GRAHAM, Donovan L.
Assistant Professor of Education (1967)
Ed.D. and M.A., New Mexico State University; B.A., University of Northern Colorado

HALVORSEN, Ira David
Associate Professor of Music (1972)
M.M., Eastman School of Music; A.B., Morningside College; B.D., Grace Theological Seminary

Hamm, John
Associate Professor of Music (1964)
Ph.D., Florida State University; M.M., Eastman School of Music; Mus.B., John Brown University

HEKMAN, Bruce A.
Assistant Professor of English (1974)
Ph.D., University of Illinois; M.A., University of Michigan; A.B., Calvin College

HESSELINK, Paul K.
Assistant Professor of English (1972)
M.A., University of Chicago; A.B., Hope College

HOOVER, David P.
Instructor in Philosophy (1977)
M.A., Temple University; M.Div., Faith Theological Seminary; B.A., Shetlon College
HUISMAN, Gary B.
Librarian (Associate Professor) (1966)
M.S. in Library Science, Western Michigan University; A.B., Calvin College

HURLEY, James B.
Assistant Professor of Biblical Studies (1974)
Ph.D., Cambridge University; B.D., Westminster Theological Seminary; B.A., Harvard University

KEISTER, Jamieson C.
Associate Professor of Physics (1970)
Ph.D. and M.S., Georgetown University; P.E.P., Cornell University

KELLOGG, Edward K.
Assistant Professor of Art (1973)
M.A. and B.A., San Diego State College

KRABBENDAM, Hendrick
Associate Professor Biblical Studies (1973)
Th.D. and Th.M., Westminster Theological Seminary; B.D. (equiv.) and B.A. (equiv.), Theologische Hoogeschool

LOOTHERS, John E.
Professor of Biology (1966)
Ph.D., University of Kansas; M.S., Kansas State University; B.S., Oklahoma State University

MAWHINNEY, Allen
Assistant Professor of Greek (1972)
Th.M. and B.D., Westminster Theological Seminary; B.A., William Jennings Bryan College

McCLINTOCK, Franklyn G.
Associate Professor of Business Administration (1976)
M.B.A., University of Chicago; B.S.Bus. Ad., Long Island University

MEHNE, Larry F.
Assistant Professor of Chemistry (1976)
Ph.D., University of Pennsylvania; B.S., Pennsylvania State University

MULLER, John S.
Associate Professor of Sociology and Psychology (1971)
Ph.D. and M.S., Florida State University; B.A., Covenant College; B.D., Westminster Theological Seminary

PARKER, Craig A.
Assistant Professor of Music (1972)
M.A. and B.A., Western Washington State College

RULON, Michael J.
Associate Professor of Psychology (1975)
Ph.D., Ohio State University; M.A., Humboldt State College; B.A., Westmont College

SCHMIDT, Rudolph F.
Associate Professor of History (1955)
M.A.T., University of Tennessee at Chattanooga; A.B., Highland College

SIZEMORE, Douglas R.
Assistant Professor of Psychology (1974)
Ph.D., University of Northern Colorado; M.A., Conservative Baptist Theological Seminary; B.A., Taylor University

SLENKER, Marilyn K.
Assistant Librarian (Assistant Professor) (1970)
M.A. in Library Science, University of Iowa; B.A., Shelton College

VOSKUIL, Louis J.
Associate Professor of History (1972)
Ph.D. and M.A., Loyola University; A.B., Calvin College; B.D., Westminster Theological Seminary

WENGER, Jerome D.
Assistant Professor of Biology (1972)
Ph.D., University of Arkansas; M.A. and B.S., Western Michigan University

YOUNG, John M. L.
Professor of Biblical Studies and Missions (1967)
Th.M., Calvin Theological Seminary; B.D., Faith Theological Seminary; A.M. and A.B., Acadia University; D.D., Covenant Theological Seminary
Administration

President: Marion D. Barnes, Ph.D., LL.D.
Dean of the Faculty: Nicholas P. Barker, Ph.D.
Dean of Students: John P. Cummer, Ed.D.
Vice-President for Business Affairs: John H. Barnes, M.B.A.
Vice-President for Development: E. Allen Duble
Chaplain: John MacGregor, B.D., B.A.
Assistant Dean of the Faculty: Charles W. Donaldson, Ph.D.
Dean of Admission and Records: Rudolph F. Schmidt, M.A.T.
Financial Aid Coordinator: Collyn F. Schmidt, M.S., M.R.E.
Director of Institutional Research: Paul R. Gilchrist, Ph.D.
