Covenant College

Master of Education Program

Academic Bulletin

1995 and 1996
In all things . . . Christ pre-eminent

Colossians 1:18
Mission of the College

Covenant College, operating under the auspices of the Presbyterian Church in America, is committed to the Bible as the Word of God written and accepts as its guiding interpretation the summary contained in *The Westminster Confession of Faith and Catechisms*. That commitment is expressed in the college’s motto, based on Colossians 1:18: “In All Things . . . Christ Pre-eminent.”

Covenant strives to be a reformed learning community which recognizes and responds appropriately to Christ’s rule over creation and all areas of life through rigorous academic inquiry. A Covenant College education is designed to produce in students knowledge, skills and values, that equip students to serve effectively and live responsibly in a rapidly changing world.

Covenant offers associate and baccalaureate degrees in liberal arts disciplines and selected pre-professional programs as well as the Master of Education Program. Covenant provides a Christ-centered education to students from a wide range of denominational, geographic, ethnic and financial backgrounds through scholarly classroom instruction and experiential opportunities.

To this end, Covenant seeks highly qualified faculty members who are committed to teaching others, personal and academic counseling, and mature modeling of Christian responsibility in all areas of life.

Accreditation

Covenant College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate, bachelor’s, and master’s degrees.

Facilities and Resources

The library of Covenant College houses over 112,000 volumes, including books and microform. The library has a significant collection of books and periodicals in all areas of education, and a growing curriculum materials collection. Bibliographic resources include ERIC databases on CD-ROM for both RIE and CJIE. The OCLC Education Library database is also available on CD-ROM.
Computers available to masters students include MS-DOS computers in the student computer center in Barnes Center and the Macintosh laboratory in the library. FAX services are available in the library and office services.

**Housing and Meals**

On-campus housing is available for the on-campus phase of each course. Specific housing arrangements are finalized after registration. The housing fee includes bed and bath linens. Typically students are housed in the college apartments; four students per apartment. The apartments are designed for undergraduate student use and as such can be described as sturdy and plain.

Students interested in off-campus housing in close proximity to the college may contact the M.Ed. Office to request further information.

Meals are available through the college dining facility and may be purchased on a meal-by-meal basis.

**The Geographical Area**

Covenant College has a unique location on top of Lookout Mountain in Georgia, just 15 minutes from downtown Chattanooga, Tennessee. As the "Scenic Center of the South," the Chattanooga area provides abundant natural beauty, cultural opportunities and recreational adventures. A world-class aquarium opened in 1992, and hang glider enthusiasts come from all over the United States to Lookout Mountain. Within minutes from the college there are many scenic trails for hiking and bicycling.
GENERAL INFORMATION

Covenant College seeks to bring a Christian perspective to bear on reality in the marketplace of society—including professional education. There is a significant difference between a teacher who is a Christian and a Christian teacher. Commitment to biblical principles related to various components of education makes it possible for educators to build an approach to teaching and administration that is genuinely Christian.

Covenant College does not discriminate on the basis of race, color, national origin, or handicap. In accordance with the credal commitment and ecclesiastical order of its sponsoring denomination, Covenant College regards men and women to be of equal value in the sight of God, created by God with distinctive roles as described in the Holy Scriptures.

Development of the Program

Covenant College developed the Master of Education Program to prepare individuals to teach Christianly and to provide Christian leadership in both public and private schools. The faculty sought to provide a program which would permit students to become thoroughly grounded in biblical principles and theory, yet would provide abundant opportunities for them to work out the implications of biblical principles in their specific professional responsibilities. It was also considered important that the program be as affordable as possible.

The Master of Education Program is a 30 semester-hour program offered with two specializations: integrated curriculum and instruction, and administration and supervision.

The format is non-traditional. Courses are taught during a calendar year. Each course consists of three phases: a pre-campus phase, an on-campus phase, and a post-campus phase. The pre-campus phase typically includes introductory reading and responses to that reading; sometimes data gathering is involved. The on-campus phase consists of one intensive week on campus per course (two weeks for Edu 620) during which instructional activities are widely varied. This is followed by the post-campus phase that usually involves projects in which students apply what they are learning in their own school settings.

Students who complete the program in three years register for three courses (nine semester hours) each year, with a fourth (independent) course added the third year. It is possible to extend the program beyond three years, but not beyond six years.

Program Objectives

Covenant College seeks to provide a master’s program in which:

1. A biblical world-view is applied to theoretical and research understandings in education.

2. Educational theory is applied to professional practice.
3. School administrators and supervisors are equipped to assume leadership in schools.
4. Classroom teachers are equipped to bring about greater integration of curricula within schools.
5. Teachers and administrators are equipped to facilitate needed change within their schools.
6. Teachers and administrators are equipped to describe the role of schools in society.

The Faculty
Graduate faculty in the department of education bring a wealth of experience to the program. They have served as teachers and administrators in public and Christian schools. As scholars they have written books and articles for professional journals, and prepared materials for both pre-service and in-service teacher education.

Most courses are taught by resident faculty.

Robert B. Ashlock, Professor of Education (1988) and Director of the Master of Education Program: Ed.D., Indiana University; M.S. and B.S., Butler University.

Donovan L. Graham, Professor of Education (1972): Ed.D. and M.A., New Mexico State University; B.A., University of Northern Colorado.

Jeffrey B. Hall, Associate Professor of Education (1994) and Coordinator of the Administration and Supervision specialization: Ed.D., University of Tennessee; M.Ed., Grove City College; B.A., Slippery Rock University.

Stephen R. Kaufmann, Associate Professor of Education (1982) and Coordinator of the Integrated Curriculum and Instruction specialization: Ph.D. and M.A., University of Iowa; B.A., Covenant College.

Other professors in the Master of Education program are adjunct faculty. These individuals bring additional scholarship and professional experience to the program.

Barbara Bellefeuille, Ed.D., Virginia Polytechnic Institute and State University, teaches at Toccoa Falls College.

Norman DeJong, Ph.D., University of Iowa, taught at Trinity Christian College.
Reginald McLelland, Ph.D. and M.A., University of Georgia, teaches at Covenant College.

John McMillian, Ph.D., Georgia State University, principal of Dalton High School.

Jack Van Der Slik, Ph.D., Michigan State University, teaches at Sangamon State University. Also, Senior Scholar in the Illinois Legislative Studies Center.
ADMISSIONS INFORMATION

An application packet can be obtained by writing to the Master of Education Office, Covenant College, Lookout Mountain, GA 30750. Applications for admission to the Master of Education Program and supporting materials are welcome at any time; however, applicants should keep the following dates in mind.

- **February 1:** Registration materials mailed to returning students
- **February 1-** Registration materials mailed to new students as applications are received and applicants are notified of acceptance.
- **April 1:** **Last date for receipt of application and all supporting materials** by Master of Education office, Covenant College
- **April 15:** Last date to register; tuition & fees due
- **May 20:** Last date pre-campus course materials mailed to students to begin pre-campus work

Requirements for Admission

**Regular Admission**

To be admitted as a regular student in the M.Ed. Program, an individual must:

1. hold a baccalaureate degree from an accredited college or university.
2. have earned a grade point average of 3.0 for the last 60 semester hours of undergraduate study.
3. have completed at least 15 semester hours of undergraduate course work in education. Evidence of 5 years of verified experience in professional education may be substituted for the required course work in education.
4. have taught for two or more years.
5. submit a credible written profession of faith in Jesus Christ as Lord and Savior.
6. submit an acceptable sample of written work in which academic capability is demonstrated. The sample of written work may be a copy of an academic paper previously written, or the applicant may identify a problem of special concern in education and write a brief paper in which an idea related to that problem is developed. The sample of written work will be examined for coherence of thought, organization, spelling and punctuation.
7. have taken the General Test of the Graduate Record Examination (GRE) and have the scores sent to Covenant College (code 6124); the test must have been taken within ten years of the date of the application. Applicants who have already completed graduate work at an accredited institution with a grade of at least B and also
have already taken the Miller Analogies Test, may choose to submit MAT scores in lieu of GRE scores if the MAT was taken within ten years of the date of application.

8. submit a statement from a school administrator that he or she will have access to a school situation where principles learned in class can be applied directly only if applicants are not currently teaching in a school.

9. submit a satisfactory response to specified questions in writing and on audio tape only if English is not the applicant’s primary language.

**Provisional Admission**

An applicant not having fully met admissions criteria may be considered for provisional admission. In some cases the student will be informed that unmet criteria must be satisfied during the course of the program. The status of a provisional student is reviewed after 9 hours of course work; no more than 9 hours taken while in this category may be applied toward the degree. For example, an applicant who has a grade point average of at least 2.5 but less than 3.0 for the last 60 hours at the undergraduate level, or does not have 15 semester hours in education, or has not yet taken the GRE general test may be admitted as a provisional student if other admissions criteria are met. A student must obtain a grade point average of at least 3.0 (on a 4.0 scale) on courses taken as a provisional student, and take the GRE, if he or she is to be admitted as a regular student. Admission as a regular student is required if the degree is to be granted.

**Special Student Admission**

For an applicant who does not intend to complete the M.Ed. Program, a special student category for admission is available. However, to be admitted as a special student an applicant must have a bachelor’s degree and two years teaching experience. If the applicant is not working in a school, verification from a school administrator must be submitted, assuring access to a school situation where principles learned can be applied. No more than 12 hours taken as a special student may be applied toward the degree program, should the student decide to apply for admission as a regular student in the M.Ed. Program.

**Admissions Procedure**

Individuals desiring to apply for admission to the Master of Education Program should request an M.Ed. application packet from Covenant College, and submit appropriate materials to the Master of Education Program Office, Covenant College, Lookout Mountain, GA 30750. The following are required for admission:

1. A completed application form.
2. Payment of the $35 non-refundable application fee.
3. A credible written profession of faith in Jesus Christ as Lord and Savior.
4. Official transcripts of undergraduate and graduate course work
5. Two completed recommendation forms from educators.
6. A sample of written work which demonstrates academic capability. The sample may be a copy of an academic paper previously written, or a problem of special concern in education can be identified and a brief paper written in which an idea related to that problem is developed. The sample of written work will be examined for coherence of thought, organization, spelling and punctuation.

7. Graduate Record Examination (GRE) scores on the General Test obtained within the last 10 years. Applicants must request that their scores be sent to the college (code 6124). Students who have completed graduate work at an accredited institution with a grade of at least B may choose to submit Miller Analogies Test scores in lieu of GRE scores, if the MAT was taken within ten years of the date of application.

8. If the applicant is not working in a school situation, a statement from a school administrator that he or she will have access to school situations where principles learned in class can be directly applied.

9. If English is not the applicant's primary language, a response in writing and on audio tape to questions specified on the application form.

After an application and all supporting materials are received, an applicant is notified of his or her acceptance in the program. Applications for financial aid are distributed with registration materials.

Special Student Admission

Individuals who apply to be admitted as special students should complete the following steps:

1. Complete the application form.
2. Provide a credible written profession of faith in Jesus Christ as Lord and Savior.
3. Pay the $35 application fee.
4. Provide transcripts of college-level work.
5. Provide a statement of access from an administrator if they are not working in a school situation.

Transfer Credits

A maximum of 6 hours of transfer graduate-level credit may be applied toward the M.Ed. Degree with permission of the program Director. Such courses must fit the program; they must have been taken for graduate credit at an institution accredited at the graduate level. All courses applied toward the degree must have been taken within 6 years of the graduation date.
FINANCIAL INFORMATION

Fees and Expenses
The schedule of fees and expenses is as follows:

General
- Application fee (non-refundable, payable only once) 35.00
- Tuition per semester hour unit (1995) 185.00
- Books and materials fee (per 3-unit course) 70.00
- Library fee (per 3-unit course) 13.00
- Student activity fee (per 3-unit course) 10.00
- Computer fee (per on-campus session) 10.00

Housing
- Key deposit 2.00
- *Room per week (7 days) 65.00

Special
- Transcript fee per request (1st request no charge) 2.00
- Graduation fee 50.00
- Teacher Certification Exam, 3rd year A&S students only 50.00-100.00
  (Fee paid to Professional Standards Commission)

*Subject to change.

Registration
Registration packets are mailed to new students February 1 through May 1. Registration packets are mailed to returning students by February 1. Registration materials should be received by the college no later than May 15.

Returning students may not register for a full load if more than one course is incomplete.

Late Registration
If registration after May 15 is permitted, a late registration fee of $30.00 will be charged.

Payment Schedule
The $35 application fee is submitted with the application for admission.
Tuition and fees may be paid in total or a percentage may be paid as provided under the Covenant Academic Payment Plan (CAPP) at registration. For details of CAPP, see enclosure with application packet and the following example.
Housing and key deposit are due upon arrival for the on-campus phase; these may not be paid through CAPP.

Example of CAPP plan for first year full-time student:

Tuition: Total semester hours: 9 X $185 = 1665.00
Books and materials: ($70 per 3-unit course)
3 X $70 = 210.00
Library fee: ($13 per 3-unit course)
3 X $13 = 39.00
Student activity fee: ($10 per 3-unit course)
3 X $10 = 30.00
Computer fee: (per on-campus session)
= 10.00

Total $1954.00

Minimum Amount due (books/materials + 10% of remaining balance of above categories) = $384.40
Amount remaining = $1569.60
Amount of payment per month for remaining amount with payments ending July 1; initial payment beginning March 1 at registration; no interest = $313.92

OR

Monthly payments of 10% beginning April 1 and continuing until December 1 with only six months of interest (July-December).

= $174.40 + interest

Schedule of Refunds

A. Withdrawal from all registered courses:

1. Within 30 days after registration all monies paid above 50% of total tuition paid and above 75% of books and materials fee will be refunded.
2. Between 30 days after registration and the beginning of the on-campus phase, all monies paid above 75% of total tuition and books and materials fee will be refunded.
3. After on-campus phase begins, no refund.

B. Withdrawal from a single course if registered for two or more courses:

1. Before course materials are distributed for the pre-campus phase of the course, and if the student will not complete the course and will not receive a grade, refund 100% of tuition and books/materials fee.
2. After course materials are distributed for the course and before completion of the on-campus phase of the course, and if the student will not complete the course and will not receive a grade, refund 75% of tuition only.

Note: At any time, if the student is to complete the course and receive a grade, no refund is given.

Financial Aid

At present the amount of aid available is limited. Types of assistance available include Master of Education Grants, Church Partnership Grants (Presbyterian Church in America), Stafford Loans, and SLS Loans.

To receive financial assistance a student must be admitted to the Master of Education program, and must be enrolled for at least six semester hour units. Eligibility for assistance must be established through applications submitted annually. Priority consideration will be given to applicants submitting financial aid applications by March 15, even if the college has not received registration materials from the student.

A financial aid packet is included in the registration packet.
ACADEMIC INFORMATION

Advisors
All individuals admitted to the Master of Education Program are assigned an academic advisor. Students are urged to contact their advisor regularly with questions they have about their program of studies.

Registration
Registration for all students is conducted by mail. Registration materials are sent to returning students on February 1; new students receive registration materials from February 1 through May 1, depending upon their date of acceptance into the program. All registration materials must be received by the Master of Education Office by May 15.
Registration for a full load is not permitted if the student has more than one incomplete course.

Enrollment Status
Students who are registered for at least 9 semester hours of course work are considered full-time in the program. Students registered for less than 9 semester hours are considered part-time.

Candidacy
Candidates for the degree are students who have completed 9 semester hours, have regular student status, and have a grade point average of 3.0 or better.

Degree Requirements
A total of 30 semester hours of course work is required for completion of the Master of Education Program: 12 hours of core courses and 18 hours within a specialization as listed below. The degree must be completed with a cumulative grade point average of 3.0 on a 4.0 scale, and only one course with the grade of C will be applied to graduation requirements. All course work applied toward the degree must be taken within 6 years of the graduation date. Also, a comprehensive examination must be passed.

Core Courses: All students in the program are required to complete the following core courses.

Edu 610  Foundations for Curriculum Development (3 units)
Edu 620  Introduction to Research (3 units)
Edu 630  Learning Theory Applied to Teaching (3 units)
Edu 650  The School in Society (3 units)
Specializations: Students select one of two specializations.

Integrated Curriculum and Instruction

Objectives: the integrated curriculum and instructional specialization seeks to provide graduate instruction which enables students to:

1. develop integrative instructional strategies. This includes strategies for solving problems, and for making connections within subjects, with other subject areas, and with the everyday world.

2. develop integrative units and/or courses of study. This includes the ability to select worthy themes, develop essential questions, relate biblical truth to the subject matter, and make meaningful connections between academic disciplines.

3. use epistemological models for integrating an academic curriculum.

Courses: Students selecting this specialization are required to complete each of the following courses.

Edu 710 Effective Teaching (3 units)
Edu 730 Implementing Instructional Strategies (3 units)
Edu 735 Integrative Approaches to Curriculum (3 units)
Edu 738 Research and Practice in Teaching Content Fields (3 units)
Edu 750 The Nature of Knowledge and Curriculum Integration (3 units)
Edu 790 Project in Integrated Curriculum and Instruction (3 units)

Administration and Supervision

Objectives: the administration and supervision specialization seeks to provide graduate instruction which enables students to:

1. apply principles of instructional leadership. This includes human relations, group dynamics, and public relations.

2. apply principles of organization. This includes human resources management and student personnel management.

3. apply principles of school law and agency requirements, principles of fiscal resources management, and principles of physical resources management.
Courses: Students selecting this specialization are required to complete each of the following courses.

- Edu 720 Organizational Leadership (3 units)
- Edu 725 Development and Management of Personnel (3 units)
- Edu 740 Supervision of Instruction (3 units)
- Edu 745 School Law, Standards and Policy (3 units)
- Edu 760 School Business Management (3 units)
- Edu 785 Field Experience in Administration and Supervision (3 units)

Course Sequences

Courses in the Master of Education Degree have been designed to be taken in sequence. The course sequence for regular students is listed first, followed by a suggested sequence for students completing the program in 5 years.

Integrated Curriculum and Instruction Specialization

Regular Sequence

| Year 1 | Edu 610 Foundations for Curriculum Development |
| Year 1 | Edu 620 Introduction to Research |
| Year 1 | Edu 710 Effective Teaching |
| Year 2 | Edu 630 Learning Theory Applied to Teaching |
| Year 2 | Edu 750 The Nature of Knowledge and Curriculum Integration |
| Year 2 | Edu 735 Integrative Approaches to Curriculum |
| Year 3 | Edu 738 Research and Practice in Teaching Content Fields |
| Year 3 | Edu 650 The School in Society |
| Year 3 | Edu 730 Implementing Instructional Strategies |
| Year 3 | Edu 790 Project in Integrated Curriculum and Instruction |

Part-Time Alternative

| Year 1 | Edu 610 Foundations for Curriculum Development |
| Year 1 | Edu 620 Introduction to Research |
| Year 2 | Edu 630 Learning Theory Applied to Teaching |
| Year 2 | Edu 710 Effective Teaching |
| Year 3 | Edu 750 The Nature of Knowledge and Curriculum Integration |
| Year 3 | Edu 735 Integrative Approaches to Curriculum |
| Year 4 | Edu 738 Research and Practice in Teaching Content Fields |
| Year 4 | Edu 650 The School in Society |
| Year 5 | Edu 730 Implementing Instructional Strategies |
| Year 5 | Edu 790 Project in Integrated Curriculum and Instruction |
Administration and Supervision Specialization

**Regular Sequence**

Year 1  
Edu 610  Foundations for Curriculum Development  
Edu 620  Introduction to Research  
Edu 720  Organizational Leadership  

Year 2  
Edu 725  Development and Management of Personnel  
Edu 630  Learning Theory Applied to Teaching  
Edu 745  School Law, Standards and Policy  

Year 3  
Edu 740  Supervision of Instruction  
Edu 650  The School in Society  
Edu 760  School Business Management  
Edu 785  Field Experience in Administration and Supervision  

**Part-Time Alternative**

Year 1  
Edu 620  Introduction to Research  
Edu 720  Organizational Leadership  

Year 2  
Edu 610  Foundations of Curriculum Development  
Edu 630  Learning Theory Applied to Teaching  

Year 3  
Edu 725  Development and Management of Personnel  
Edu 740  Supervision of Instruction  

Year 4  
Edu 650  The School in Society  
Edu 785  Field Experience in Administration and Supervision  

Year 5  
Edu 745  School Law, Standards and Policy  
Edu 760  School Business Management  

**Grading**

Grades in the Master of Education Program have the following meaning:

- **A** is given for work of distinctly superior quality and quantity accompanied by unusual evidence of initiative, thoroughness and originality.
- **B** is given for work showing the above qualities to a lesser extent.
- **C** represents fulfillment of the minimum essentials of a course.
- **D** represents unacceptable work. The course must be repeated to be applied toward the degree.
- **F** indicates failure. Any graduate student earning an F in a graduate course will be dismissed from the program.
- **S** indicates satisfactory graduate level work in Edu 785 or Edu 790. This grade is not computed in a student's grade point average.
- **I** may be given to a student whose work has been of passing quality but has valid reason for not completing some requirement of the program.
course. Removal of an *Incomplete* must be submitted by the instructor to the Office of Records by December 31 of the following term (year), or the *Incomplete* becomes an F. Registration for a full load is not permitted if the student has more than one incomplete.

\textbf{U} indicates unsatisfactory graduate level work in Edu 785 or Edu 790. The course may not be applied toward a graduate level degree.

\textbf{W} indicates official withdrawal from the course. The student receives no credit for that course or for work which may have been completed while registered for the course.

**Grade Point Average**

Grade point averages are computed on a 4.0 scale; that is, an A is assigned the value 4.0, a B is assigned 3.0, a C is assigned 2.0, and a D is assigned 1.0; only one course with the grade of C will be applied to graduation requirements. If a course is repeated, the most recent grade is used in computing the grade point average. No grade below B is accepted by transfer. A grade point average of 3.0 or better for graduate work applied toward the Master of Education Program is required for graduation.

**Comprehensive Examination**

After completing at least 21 semester hours of course work, candidates for the Master of Education Degree are required to sustain a written comprehensive examination focusing on the program and course outcomes. Responses are evaluated by the student’s academic advisor and one other graduate faculty member. The criteria used for evaluation include comprehensiveness, accuracy, logical organization, and the use of research-based information in the responses. If limited portions of the examination are unsatisfactory, the student may be allowed one opportunity to rewrite those portions or submit to an oral retake of unsatisfactory written portions.

Students usually take the examination after completion of all course work. If students are to graduate in May, the comprehensive examination must be taken by March 15.

The examination may be taken on campus, or, in the case of distant students, the examination may be proctored by an official in the student’s home school situation under arrangements suitable to the director of the Master of Education Program. In such a case, the written examination must be received by the director by March 15.

Students are notified of the results of the examination by April 1. If portions of the examination are to be re-written, they must be submitted to the director by April 15. An unsatisfactory performance on the comprehensive examination disqualifies the student from receiving the master’s degree.

**Graduation**

Students who expect to finish all degree requirements and graduate in May of any year must apply for graduation during the previous on-campus session. All fiscal
responsibilities to the college must be satisfied by April 15; This includes returning all materials/books to the library. Students are encouraged to take part in the May graduation exercise if possible.

Certification

Certification of professional personnel in the field of education is not normally a function of institutions of higher education, but an activity of the state department of education for individual states. A degree program at a college or university may or may not include arrangements with the state department to certify graduates for a specific professional role.

Candidates for Georgia certification in administration and supervision must meet the following conditions:
• be eligible for a bachelor's level or higher professional certificate in a teaching or service field,
• have completed a minimum of three years of acceptable school experience to be recommended for certification,
• have met the special Georgia requirements in special education, if not previously met, and
• have received a passing score on the Georgia Teacher Certification Test in Administration and supervision.

Students who are recommended for Georgia certification in administration and supervision will receive the T-5 certificate, which is non-renewable. Georgia residents must upgrade the certificate to the education specialist degree preparation level in administration and supervision.

The specialization in integrated curriculum and instruction is designed primarily for those who expect to teach at either the elementary or secondary level. Requirements for advanced certification of classroom teachers varies greatly from state to state. In many states completion of an accredited master's program in education is sufficient for advancement on the pay scale.
COURSE DESCRIPTIONS

Core Courses

Edu 610 **Foundations for Curriculum Development**
A study of various foundational principles that guide in the selection of goals, content, and materials in the curriculum. Students evaluate these principles from a Christian perspective, and choose those appropriate for developing curricula for schools. Three units.

Edu 620 **Introduction to Research**
A study of the nature of research, the development of research problems in education, and the selection and use of appropriate research methods. Emphasis is given to critical examination of the literature of educational research. On-campus session is two weeks. Three units.

Edu 630 **Learning Theory Applied to Teaching**
A study of current learning theories. Behavioristic and cognitive learning theories and information-processing research are related to a Christian view of the learner and the learning process. Principles judged to be appropriate are then used to devise practical teaching methodologies. Three units.

Edu 650 **The School in Society**
A study of culture as an integrated whole, the nature of cultural change and the role of the school in both facing and effecting change in society. Consideration is given to the nature and value of interdisciplinary study in communicating an integrated understanding of the school in society. Three units. Prerequisite: Edu 610.

Courses in Integrated Curriculum and Instruction

Edu 710 **Effective Teaching**
An in-depth study of research concerning effective teaching and literature regarding knowledge and skills required of school teachers. Roles and responsibilities of teachers are evaluated from a Christian view of education. Three units. Prerequisite: Edu 620.

Edu 730 **Implementing Instructional Strategies**
A study of planning processes for the continuum of options for content design. The course focuses on patterns of thinking, on the
development of essential questions for interdisciplinary study, and on making natural connections within disciplines, across disciplines and with the everyday world. Alternative instructional strategies are examined in the light of learning principles and research findings. Three units. Prerequisite: Edu 630.

Edu 735 **Integrative Approaches to Curriculum**
A study of the theory and practice of integrative curriculum to include the individual teaching unit level and beyond. Units and/or courses of study are developed which reflect a biblical world view and a proper understanding of the unity of knowledge and human experience. Students also study the process of change within school communities to encourage adoption of more integrative approaches to education where appropriate. Three units. Prerequisites: Edu 610, 630.

Edu 738 **Research and Practice in Teaching Content Fields**
An in-depth study of research and literature on teaching the content field specializations of students. Emphasis given to research with implications for instruction, and to current trends in the design of curricula and teaching practices in content fields. Three units. Prerequisites: Edu 620, 630.

Edu 750 **The Nature of Knowledge and Curriculum Integration**
This course examines the epistemological foundations for an integrated school curriculum. It clarifies the structure of knowledge and shows how such a structure can justify and provide a model for integrating an academic curriculum.

Edu 770 **Special Topics in Integrated Curriculum and Instruction**
Professional topics of special interest in interdisciplinary curriculum and instruction are examined in the light of research and expert opinion. Current practices are evaluated and plans for improved professional practice are developed and implemented. One to three units.

Edu 790 **Project in Integrated Curriculum and Instruction**
A major project is completed which links research and theory with practice in school settings. The project typically builds on the plans for integrated curriculum and instruction developed in Edu 735, Integrative Approaches to Curriculum. Plans for integrated teaching from Edu 735 are implemented in the classroom in an action research
format. The project report is evaluated by two graduate professors. Taken as independent study. Three units. Prerequisites: Edu 620, 735.

Courses in Administration and Supervision

Edu 720 Organizational Leadership
A study of the basic principles and methods of organizational leadership. Students study the ability to establish, maintain, and nurture a positive school climate. This includes a study of such areas as leadership, planning, decision-making, and problem solving. Additionally, the course focuses on leadership issues such as motivation, conflict resolution, group dynamics, and the management of change. Three units. Prerequisite: Edu 610, 620.

Edu 725 Development and Management of Personnel
A study of the educational leader in his or her role with faculty and staff. This includes a study of recruitment, selection, and hiring, personnel utilization/staffing, supervision/personnel evaluation and conferencing. Additionally, the course focuses on the use of job descriptions, staff development, adult learning, and the promotion of change. Three units. Prerequisites: Edu 720.

Edu 740 Supervision of Instruction
A study of the nature and purpose of supervision. Students study instructional program design, effective teaching, classroom management, instructional strategies, teaching models, and conferencing. Three units. Prerequisites: Edu 720, 725.

Edu 745 School Law, Standards and Policy
A study of the legal foundations of education—law, standards, and policy. Students learn the basics of school law and finance, policy analysis at the federal, state, state board of education, and local levels, as well as information about state and local standards. Consideration is given to the role of Christian education in private schools under existing federal and state laws as well as the relationship of religion and state. Three units. Prerequisites: Edu 720, 725.

Edu 760 School Business Management
A study of the principles and methods of fiscal management based upon a biblical perspective of the stewardship of time and resources. Students study budgeting, purchasing, warehousing, scheduling and time management, records management, physical facilities planning,
maintenance and operations, and resource management. Three units. Prerequisites: Edu 720, 725.

Edu 780 Special Topics in Administration and Supervision
Professional topics of special interest in school administration and supervision are examined in the light of research and expert opinion. Current practices are evaluated and plans for improved professional practice are developed and implemented. One to three units.

Edu 785 Field Experience in Administration and Supervision
Students are given an opportunity to observe and participate in activities which deepen understanding and develop skills necessary for effective practice. Field based experiences are intended to extend course work to the school setting, providing real-life learning; these experiences are the critical link between theory and practice. The set of planned experiences involves at least 100 clock hours of participation. Experiences selected are made with the approval of the Coordinator of the Administration and Supervision specialization. Students will enroll prior to their last summer of on-campus work. Three units. Prerequisites: Edu 720, 725.

Other Courses

Edu 640 Philosophies of Education
A critical study of the educational implications of various philosophies, including pragmatism, existentialism, Marxism, classical humanism, and theism. Special attention is given to current issues in school education. Students assess these issues from the perspectives of the various educational philosophies. Three units.
